Healthy Kids Clinic Registration Form

Please read before filling out the health form....

WCPS partners with Cumberland Family Medical Center to have a full service clinic and a nurse in each school. Here are the options listed on the back of the form and what they mean. I must have this form returned to the nurse so I have consent to see your child at school (even to take a temperature.) It will also give me your child's pertinent health history.

SCHOOL NURSE SERVICES:

This gives me permission to see your child in the Nurse's office when they don't feel good, check their vital signs and see if they need any medications. All of the medications are free and I will attempt to call you for consent before administering any medication. Draw a line through any medication you do not want me to give.

NURSE PRACTITIONER SERVICES:

We now offer SICK VISITS with our Nurse Practitioner via telehealth or in person visits. Your insurance will be billed just as if you are going to a doctor's office or urgent care. This is a very convenient option for parents that your child can be seen at school and their medications (if needed) can be called in to your preferred pharmacy by the time you pick up your child from school or if they are seen by the APRN and the child is not contagious they may remain at school. We have all the tests available as in any doctor's office (flu, strep, covid, etc.) I will call you for consent before any visit with the nurse practitioner.

WELL CHILD EXAM:

The next option on the form is a Well Child Visit. This is the yearly "check up" visit. If you do not have a pediatrician, have transportation issues, or it's not convenient for you to leave work to take your child, we can do their well child exam, sports physical or immunizations at school during the school day. Parents are welcome to come for this visit as well. Please only check this service if you want your child to have their well child exam at school. Most insurance companies will cover one well child exam per year.

If you have any questions about this form or any of our services, please feel free to reach out to me. I look forward to taking care of your child this school year!

Andrea Kresslein, RN
South Warren High School Nurse

To See Nurse in Health Room

If your student is sick and would like to see the school nurse, they need to ask their teacher to put them on the sick list. The teacher will then fill out a Google form that puts the student's name on the Nurse List to be seen.

The list will be triaged as the most emergent to the least. Student's will be called from class when the nurse has availability. The nurse will see student's on the sick list between emergencies and student's with standing appointments.

There could be days not every student on the sick list will be seen. It is the nurse's goal to see everyone on the list, but some days will be much busier than others. The nurse will attempt to contact those students waiting to be seen and let them know if they will be unable to be seen that day.

Nurse will stop looking at the sick list around 1:50pm. Policy states nurses can not give over the counter medication 30 minutes before school lets out. So no OTC medication will be given after 1:55pm.

Looking forward to having a great school year.
