## 2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

**Billy Mitchell  
Elementary School**

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

|---|---|
| <b>Admission Requirements for the University of California (UC)</b>     | Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .  |
| <b>Admission Requirements for the California State University (CSU)</b> | Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> . |

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Lawndale Elementary School District reviews and updates its textbooks and instructional materials according to California Department of Education Regulations. All Williams Legislation reports have found student access to textbooks to meet all requirements. A Social Studies series was adopted for the 2007-08 school year, Science textbooks and materials were adopted in 2008-09 and Language Arts textbooks and materials were adopted for the 2017-18 school year. Everyday Math from McGraw Hill was adopted for the 2015-16 school year from the most recent list of Common Core Standards materials by the California Department of Education.

## School Facility Conditions and Planned Improvements

As part of the District's modernization program, Billy Mitchell School underwent major renovations during the 2001-02 school year. Currently, we are operating with a completely modernized cafeteria/multi-purpose room and front offices. All of our permanent classrooms have been modernized. Through modernization, we have adequate classroom, playground and staff space.

## School Facility Conditions and Planned Improvements

### Improvements made after modernization

- Complete Kitchen renovation completed in 2014
- Installation of filtered drinking fountain and bottle refilling station

### Measure L and ESSER funded facility Improvements 2017-2021

- Installation of new roof and gutters on permanent buildings and protective roof coating on portable buildings
- Painted exterior of all buildings, fences, and external metal surfaces
- Replaced existing asphalt play area with new asphalt and striping
- Replaced all HVAC heat pumps with new units throughout campus

### Measure CL funded facility Improvements 2013-2018

- Interactive Projectors in all classrooms
- Wireless Access throughout entire campus
- High speed fiber backbone and new switch gear provide fast reliable internet access

Billy Mitchell School provides a safe and clean environment for learning. Two full-time custodians and a part-time custodian perform basic cleaning operations on a daily basis at our school site and work to ensure all school grounds and buildings are clean and in good condition including all bathrooms and toilets. The Lawndale School District Maintenance and Grounds Department provides additional services as needed. Together, school and district personnel work to ensure that the facility is maintained in a manner that assures that it is clean, safe and functional as determined pursuant to an interim evaluation instrument developed by the State of California Office of Public School Construction.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Science by Student Group

This table displays CAASPP test results in Science by student group for students grades five, eight, and High School. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Parents and community involvement is an invaluable resource that significantly contributes to the success of our school. We have an active PTA, School Site Council, and English Language Learners Advisory Council. Our PTA has provided continual support and welcomes new members during this time.

Other special topic workshops for parents are offered to support students at home with their learning. Our Language Arts Specialist, ELD Coach (ELIRT), and Math TOSA offer workshops geared to support students and families in a variety of topics, both academic and social-emotionally. This ongoing part of our partnership with our families provides parents with opportunities to attend conferences and empower them as part of our school community. We also have contracted with a consulting agency, Trajectory of Hope, to provide opportunities for some of our most vulnerable and historically under-represented communities, like families who identify as Black/African-American or have children who identify as Black/African-American.

Mitchell also has a Community Liaison who provides parent assistance, processes parent volunteers, and is available to support our families in various ways. If interested, please get in touch with Evelyn Duarte via our school office 310-676-6140 or by email at [Evelyn\\_Duarte@lawndalesd.net](mailto:Evelyn_Duarte@lawndalesd.net). Finally, we immediately communicate through our district-wide communication app, Parent Square.

## 2024-25 School Safety Plan

Mitchell School provides a safe and clean environment for learning. We have a controlled access to the school campus with one entrance and exit through the front office, and a sign-in system through RAPTOR with I.D. check-in for visitors. Campus assistants and teachers supervise playgrounds before, during, and after school hours. Our teachers and campus assistants are

## 2024-25 School Safety Plan

trained in the Positive Behavioral Interventions and Supports program and receive monthly training to keep them up-to-date on the latest news and techniques. Our PBIS committee meets regularly to discuss behaviors and collaboratively set rules for common areas including the garden, the playground, the restrooms, the cafeteria, and outside facilities.

A comprehensive Safety Plan is in place for every school in the District. Emergency drills are held monthly and the school also participates in the Great Shake Out. The plan is available in the school office and is updated yearly and approved by School Site Council and the school board.

## Professional Development

The LESD Education Services team, in collaboration with the Language Arts Specialists, Math TOSAs, English Language Instructional Resource Teachers, and Principals, have designed a comprehensive system for monthly professional development. All district professional development occurs on Thursdays after school following an early release day. Topics are selected based on expressed teacher needs and identified student deficiencies. All professional development in the LESD

## Professional Development

focuses on meaningful collaboration, developing teacher capacity, and the implementation of research-based practices to support student achievement.

Professional development focuses on the instructional shifts needed to meet the rigorous demands of the Common Core State Standards and the need to support the development of academic discourse for all students, with an emphasis on English language learners. All TK-5th grade teachers receive professional development support in the areas of social-emotional learning, Adopted Math curriculum, and integrated ELD through our adopted language arts curriculum -- Benchmark Advance/ Benchmark Adelante (DI). Our Pathways Program teachers receive specific Professional Development opportunities in specialized curriculum and content. Collaboration time is spent on data analysis and planning in the areas of English Language Arts, Math, and ELD. Teachers receive professional development in structured cycles that afford them the opportunity to learn about a new concept, plan for implementation with their colleagues, practice their learning with students, and then come back with their colleagues to discuss the strengths and weaknesses of their instructional implementation of the new skill.

Feedback about the effectiveness of the professional development is regularly collected to assess the effectiveness of the program and make changes as needed. Additionally, site staff members and Educational Services team members regularly visit classrooms to determine the professional development focus's implementation level.
