2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

School Mission/Vision:
2024-2025

"Our vision at Cordova Gardens Academy of Arts and Sciences is to empower each student, academically, emotionally, and socially through STEAM integration in order to prepare students to become lifelong learners in a dynamically changing world. This effort will be accomplished through a collaborative data driven approach to ensure that students have purposeful learning opportunities so that they develop critical thinking, collaboration, creativity, and communication skills."

2024-25 School Description and Mission Statement

Our mission: High levels of learning and engagement for all.

School and Community Profile:

Cordova Gardens Academy of Arts and Sciences is located just east of Sacramento along the Highway 50 corridor in the city of Rancho Cordova. Cordova Gardens has a rich heritage of community pride, family involvement, and neighborhood charm. It is affectionately referred to as "The Gardens." The campus presents an inviting landscape with beautiful large trees and colorful murals. The newest mural, a tree full of student handprints, was added during the 2016-2017 school year. Located in Rancho Cordova, a city of 80,000 inhabitants, Cordova Gardens is one of twenty-one elementary schools in the Folsom Cordova Unified School District (FCUSD). In addition, FCUSD includes four middle schools, three high schools, 2 alternative schools, one charter school, and one virtual academy, Innovations Academy. The district serves approximately 20,500 students. The communities of Rancho Cordova and Folsom, which comprise FCUSD, are both communities that have characteristics of small towns. The communities have active parent groups, service organizations, and business partners.

Cordova Gardens is home to a regular K-5th grade education program. One preschool class is offered on campus. Preschool students and families are invited to participate in all school activities. In addition, Cordova Gardens houses the district Opportunity Program for students in grades 4-6. The Opportunity Program at Cordova Gardens is pleased to welcome general education students from all sites in FCUSD who demonstrate a need for additional support with social school skills, in order to be successful learners. Once students gain proficiency in social skills, they return to their home schools. The student population at Cordova Gardens is culturally diverse. There are 7 different home languages represented. Students in Specialized Academic Instructional (SAI) programs are mainstreamed with typical peers as appropriate to the child and the Individual Education Plan (IEP). Our student with disabilities population is 17.2% of the total student body population. There are three self-contained SAI classes on campus. The learning center approach, with daily Multi-Tiered Systems of Support (MTSS) blocks, supports all students with targeted specific instruction through the Response to Intervention (RtI) model. The percentage of English Language Learners (ELL) is 25.% currently. In addition, 1% of English Learners have been re-designated as Fluent in English. Cordova Gardens is supported by the district with funding sources providing for two part-time bilingual instructional assistants. The teaching staff and support personnel collaborate to provide appropriate instruction and specialized learning experiences to meet the needs of all students. Our student enrollment for 2023-2024, is 271 students. The school's largest ethnic group is Hispanic with 39.85% followed by White, with 26.94%. Black or African American comprises 14.76%, and Asian, 2.95%. In the 2023-2024 school year, 84% of our student population is free or reduced lunch with 9% homeless.

The strong parent and community support we receive supports the goal of providing an excellent educational program in a warm, caring, and safe environment. School spirit abounds on campus as the Cordova Gardens Eagles student body participates in spirit days planned by the staff. The Student Council is active in supporting spirit events on campus, as well as local community programs. Cordova Gardens offers students an enriching physical education program, with visiting PE teachers. Students participate in drama and there are a variety of club activities from which to choose. Students in grades 4 through 5 receive instrumental music instruction.

Cordova Gardens was designated as a Foreign Language Elementary School in the past and will be entering a new direction as we move into subsequent school years. The school community has looked at STEAM as the direction for the school. STEAM stands for science, technology, engineering, arts, and math.

Local Control Funding Formula (LCFF) funds and general fund dollars are being spent to create a reading-rich environment at the appropriate levels. Site goals are aligned to the Folsom Cordova Unified Local Control Accountability Plan (LCAP).

***Expanded Learning Programs at Cordova Gardens.

Cordova Gardens is home to an expanded learning program, After School Education and Safety (ASES) that is made available to students in grades 1 to 5 from the hours of 1:52 pm to 6:00 pm, Monday through Friday. The program generally is housed in the multi-purpose room, as well as the library, and runs the entire year to support families in our immediate community. ASES provides extended access to learning support programs (I-ready, accelerated reader, Envision Math, and Reflex Math), used by Cordova Gardens. ASES staff collaborates with site teaching staff to provide assistance with assignments and project completion. ASES supports our climate goals set by the site, through collaboration with staff, as well as creating a system of rewards and reinforcement, during ASES activities. ASES recognizes student achievement on a regular basis for its students. ASES monitors their students during the school day to assure that they are academically and socially successful students in and out of ASES. The Academic coach or other site staff will coordinate with our extended learning program, ASES, to extend learning beyond the school bell. This staff member will help to progress monitor ASES students in collaboration with the ASES staff.

Site leadership at Cordova Gardens recognizes the need for intensive intervention that will be needed for all subgroups as a result of going to a distance learning model; the achievement gap for these subgroups will be exacerbated by the length of time

2024-25 School Description and Mission Statement

under our current model of distance learning, and as such we will have to provide intensive and targeted support in ELA and Mathematics in the 2024-2025 school year.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 15, 2024, and determine that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Cordova Gardens Academy of Arts and Sciences has 18 classrooms, a multipurpose room that was built in 1962, an administration building, and a student care portable (the only portable on the site) that was placed in 1994. The original campus was built in 1959 with a four-classroom wing added in 1960. A shade structure was added in 2015. This site has two sheds and three storage containers. The playground equipment is in good condition. Interior spaces were improved in 2006 with paint, cabinetry, carpeting, and other improvements. Our instructional programs are housed in comfortable settings. The spacious playgrounds and athletic fields provide adequate space to separate primary and intermediate students. The following areas have also been updated: restrooms, roofing, plumbing, and other areas. Our electrical capacity was significantly increased to allow for the growing use of technology throughout the school, including a multimedia computer lab connected to the library media center. In conjunction with the city of Rancho Cordova, through Measure H funding, a new garden area was built in August 2017. A new addition to the parking lot was added in the 2018-2019 school year. Additional work was done on creating an updated courtyard in front of the admin building, 2020-2021.

All of our classrooms are equipped with Promethean Interactive Smart TVs to enhance educational opportunities for our students as instructional materials are saved in the Smartboard Notebook for access by all and allow internet access for instructional purposes that can be viewed simultaneously by students. These instructional tools support a comprehensive learning process in a collective and collaborative manner. Our custodial staff works hard to keep our facilities neat, clean, and safe for our students, parents, and the community.

The local Little League, Cordova Parks and Recreation Department programs, and the Lancer Rugby Club use the athletic fields. The extended use of school facilities at night and on the weekends helps reduce instances of vandalism at the school site. Improvements to the athletic fields and the planting of additional shade trees are helping to keep the grounds safe and attractive.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service, and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation. The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these standards is available at the school office, at the LEA office, or on the Internet at <https://www.fcusd.org/departments/maintenance-operations/covid-19-info-cleaning-standards>. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school..

The LEA participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2024/2025 school year, the LEA has budgeted 3% for the deferred maintenance program of the LEA's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents are the cornerstone to student success and are encouraged to take an active role in their child's school activities and learning program at Cordova Gardens Elementary. Parent involvement in their child's education supports the child's effort to do better in school. Students of actively involved parents continue their educational pursuits in higher education and rates of college attendance — and the schools the students attend are enhanced by their ongoing support. Parent participation supports the ongoing efforts of a school and home relationship that enhances student learning and the importance of a good education. Cordova Gardens is committed to parent resources to support Pre-K-5th grade students. We encourage parents to volunteer in classrooms, participate in school activities, and join parent workshops to support struggling students. Our preschool programs hold monthly parent chats and provide parent resources to families regarding the transition to Kindergarten and Kindergarten Readiness. Our school is supported by FCUSD with resources to support underachieving students.

Cordova Gardens' Parent Teacher Association (PTA) supports school programs with volunteers and fundraising activities that provide funding for classroom supplemental materials, field trips, assemblies, and special projects. The PTA sponsors monthly activities as well as the Garden Party prior to the beginning of school, the annual fall festival, and other events to build school and community support.

Parents are invited to participate on the School Site Council (SSC), and English Language Advisory Committee (ELAC), assisting in the development of the School Site Plan for Student Achievement (SPSA), safety programs, and reviewing goals and programs to supplement our core curriculum. Parents and community volunteers are encouraged to volunteer in our classrooms, supporting instruction and assisting teachers in meeting the needs of our students. As we implement our Positive Behavior System to ensure that we provide an optimally safe learning environment, we invite parent members to our committee. Parent input is sought through surveys, committee members, and meetings throughout the school year.

Site staff is actively pursuing a communities school grant through CDE for the 24-25 school year.

Contact Information:

Parents or community members who wish to participate in leadership teams, school committees, and school activities, or become a volunteer may contact Cordova Gardens Elementary School at (916) 294-9115. Information is available on our

2024-25 School Safety Plan

Cordova Gardens is a beautiful, safe and clean facility. We pride ourselves on the wonderful custodial and yard maintenance support we receive at our school. High traffic areas like restrooms and eating facilities are thoroughly cleaned daily. Teachers maintain excellent habits of cleaning practices at the end of each school day and classrooms are cleaned on a regular basis by

2024-25 School Safety Plan

the custodial staff on site. Any safety hazard that is reported is reviewed immediately and resolved at the site and/or district level. Safety plans are reviewed each fall and spring with the staff. Emergency plans have been developed in case a threatening situation should arise.

A School Safety Committee reviews emergency procedures and campus safety issues annually and makes recommendations for improvement. Two-way, hand-held radios are used daily to assist with communication around campus. Monthly drills include staging scenarios to assure that students and staff are prepared to react to a variety of emergency situations. Evacuation plans are in place should students need to be moved away from buildings or to another location off campus. Hour-Zero Crisis Consulting Ltd. has collaborated with district and school staff to create a comprehensive plan to deal with emergencies that might occur on or near the campus. During the 2023-2024 school year, twenty-seven (27) reported student accidents.

Professional Development

Folsom Cordova Unified School District provided staff with three professional development days this school year. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service training is provided through Professional Learning Communities (PLC) training, lead teachers, Teachers on Special Assignment (TOSA), and site-level academic, reading, math, science, and technology coaches. Professional development was also offered on the Science of Reading (SOR), English language development, Positive Behavior and Intervention Supports (PBIS), and on other instructional practices. FCUSD district staff works collaboratively to provide an induction program for qualified new teachers and ongoing professional development workshop options.

It is the goal of Cordova Gardens Academy of Arts and Sciences to assist students in their social-emotional growth and personal development as well as academics. The school provides additional support to students who may be experiencing academic achievement problems, difficulty coping with personal and family problems, trouble with decision-making, behavior and/or medical related issues that interfere with the learning process, or handling peer pressure.

Teachers at Cordova Gardens participate in on-site Professional Development on Thursdays after students are dismissed. Additionally, in order to support teachers through the Professional Learning Community model, teachers are released several times a year to review student assessment results, analyze student work/ outcomes, and develop intervention and enrichment opportunities. Instructional Aides are offered Professional Development through the District and on-site several times a year.

For the 23-24 school, year considerable teacher PD emphasis has been placed on the PLC process, STEAM implementation, and Project Based Learning (PBL).

Teacher will be trained for 2 days at STEAM conference. Teachers were also training in Project Based learning in the summer of 23-24 school year for 4 days. Subsequent release days were provided to teachers throughout the 24-25 school year to support implement project-based learning.

This table displays the number of school days dedicated to staff development and continuous improvement.
