2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

SCHOOL & COMMUNITY PROFILE

White Rock Elementary (WRE) is located east of Sacramento along the Highway 50 corridor in the city of Rancho Cordova. WRE has a rich heritage of community pride and neighborhood charm. The campus presents an inviting landscape as it sits on the corner of Evadna and White Rock Road with its well-maintained landscape and clean aesthetic. It is complemented by the beautiful park across the street equipped with tennis and basketball courts, a large play structure, and a water park, making it a hub for our community. Located in Rancho Cordova, WRE is one of twenty-two elementary schools in the Folsom Cordova Unified School District (FCUSD). FCUSD is a growing district and currently serves approximately 21,000 students.

WRE is a Transitional Kindergarten through Fifth Grade Title I and Additionally Targeted Support and Improvement (ATSI) site. We share our property with a State and Federally funded preschool program run through FCUSD. WRE has a very diverse population of students with 50% being English Language Learners (ELL). As of December 2024, our enrollment was 382 students in TK through fifth grade. Our school has many different cultural groups and languages including Spanish, Russian, Armenian, Farsi, and Pashto. Looking at our school's demographics, WRE is comprised of 45% Hispanic/Latino, 17% White, 8% African American, 24% Asian, 8% 2 or more races, 3% Native Hawaiian/Pacific Islander and 3% American Indian. We use ParentSquare as our family communication system, since this system is able to translate staff and school messages into our family's home languages. We have an English Language Advisory Committee (ELAC) to support our dual language students and families.

Our teaching staff is made up of fourteen general education teachers, three special education teachers, one academic coach, two intervention teachers, one physical education teacher, five music teachers, two art teachers, three Spanish speaking bilingual instructional assistants, one Russian speaking bilingual instructional assistant, one Farsi speaking bilingual instructional assistant, seven special education paraeducators, and three general education paraeducators. Our administrative team is comprised of one full time principal and a full-time assistant principal. Our hard-working staff strives to provide an exceptional educational experience. Along with the Federal Preschool, WRE offers a federally funded, free to parents, after school program called, After School Education Safety (ASES). Our support staff is robust with a school psychologist, one licensed mental health specialist, one Speech Language Pathologist (SLP), access to one Occupational Therapist, and a Behaviorist. As part of our Community School grant, we also have a Community School Facilitator and Restorative Specialist.

Learning extends beyond the core curriculum of reading, math, writing, social studies, and science. Our fourth and fifth grade students receive music instruction two times a week and all grades enjoy participating in physical education classes. In December of 2024, we will be providing weekly art classes to all students in grades K-5. WRE prides itself on implementing strong social-emotional learning as we are committed to teaching the FCUSD adopted Second Step curriculum along with the following evidence-based programs; Responsive Classroom and Zones of Regulation. In addition, we are a Positive Behavioral Intervention School (PBIS) where we believe in the explicit teaching of our 3 B's: Be Respectful, Be Responsible, Be Safe, throughout our entire school site. We believe that to be impactful educators, we must ensure our students are ready to learn by creating connectedness to their learning environment and the people within it.

We serve our student's academic needs in many ways. Utilizing the PLC approach, teachers meet regularly to review data, plan lessons, group students, determine formative/summative assessments, and isolate essential standards. Teachers use the district essential standards to guide their PLC work. Teachers have time during their teaching day and after school to complete this work. In addition, our Intervention Team, led by our Title I Academic Coach, works cyclically to provide small group instruction in the areas of reading and English Language acquisition. Teachers follow the district pacing guides and use Board approved core curriculum: EnVision (Math), Benchmark Advance (ELA), Amplify and Mystery Science (Science), TCI (Social Studies), Step Up to Writing (Writing) and Second Step (SEL). We also use supplemental curriculum such as UFLI, SIPPS, and Lexia to ensure that students are also receiving support at their instructional level. Through this approach, we are able to create small groups of students and target instruction for our daily intervention block called What I Need (WIN). We also have daily designated English Language Development (ELD) in which students receive targeted language support at their language ability level. In addition, we offer after school intervention throughout the year.

We are a Title I and a Community School site. We qualify for this because 92% of our students qualify for free or reduced lunch. All our students are welcome to eat breakfast before school, and lunch mid-day, and those that stay for our free after school program are provided with supper.

Parents express the desire to understand their children's school experience. WRE uses many of our resources to establish and maintain relationships with our parents through School Site Council (SSC), ELAC, Title I meetings, family events, home visits, informational classes for parents, and offering volunteer opportunities. We tailor our outreach in response to conversations that staff, and administration have with parents, as well as insight we receive through our SSC.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 15, 2024, and determine that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

White Rock Elementary has 26 classrooms, one multipurpose, two playgrounds one for kinder and the other for all other grades, and an admin building. The school was built in 1959, and the multipurpose with a conference room and an RSP room was added in 1967. The site was modernized in 1990, 1997, 1998, and 2006. Portables were added in 1997, 1998, 1999, 2006, and 2007. The ASES portable was modernized in 2007 when it was placed on the site. There are three sheds on the campus. This site houses a California State Preschool and has eight small group instruction rooms/offices. A portable building that had five separate rooms received an update and now houses Transitional Kindergarten. This year, a new preschool building and preschool/TK playground is being installed and will be operational by the end of the 2024-2025 school year. A county-owned Head Start building is also located on this site. Rancho Cordova just passed a bond that will be used to upgrade school facilities. WRE is slated to have a new Multi and Admin building built within the next ten years as well as new playground structures.

The principal works with the custodial staff of two full-time and one part-time custodian to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these standards is available at the school office, at the LEA office, or on the Internet at <https://www.fcusd.org/departments/maintenance-operations/covid-19-info-cleaning-standards>. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service, and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. For the 2024/2025 school year, the LEA has budgeted 3% percent of the LEA's general fund budget for the deferred maintenance program.

B. Pupil Outcomes	State Priority: Pupil Achievement The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4): Statewide Assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities). The CAASPP System encompasses the following assessments and student participation requirements: Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve). College and Career Ready The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
In the 2023-2024 school year WRE, began to use a Community Schools framework and the four Pillars of Community Schools. We are committed to working in partnership with our students, their families, and community service agencies to bring resources onto our campus that remove barriers to student learning. This is done by understanding the Science of Learning Development and that youth who are exposed to chronically stressful experiences will struggle with learning if they do not feel psychologically and physically safe at WRE. Supportive environmental conditions that foster strong relationships and build a sense of community are a priority for us. These include positive sustained relationships with the families of our students that foster attachment and emotional connections; physical, emotional, and identity safety; and a sense of belonging and purpose. It is our goal to work collaboratively with parents in a shared decision-making approach where we are all working to support learning at school and at home. Therefore, WRE continues to find ways to increase the involvement of our parents and community. Parents are encouraged to attend a variety of special events throughout the year, such as Back to School Night, Kindergarten Orientation, Harvest Festival, Literacy and Science Nights, Winter Sing, Open House, Parent/Teacher conferences, and our spring concerts. Our school website and weekly school ParentSquare messages keep parents informed about important school information. All of the communication platforms provide accessibility by offering hundreds of language translations. To encourage parent voice in decision making, all White Rock families are invited to participate in the planning, implementation, and evaluation of the SPSA. Additionally, parents of emergent bilingual/EL students are encouraged to participate in the ELAC and provide an evaluation of programs. Parents are welcome to support student academics at home by accessing the curriculum support links found on our website. When there are academic, social, or behavioral concerns, we use Student Study Team (SST) meetings to provide a space to collaborate and explore possible supports. Teachers provide ongoing communication to families regarding academic progress through mid-trimester progress reports and direct contact. The majority of WRE teachers use a newsletter through ParentSquare to keep parents informed on a daily and weekly basis. Our Parent Coordinator works to process school volunteers and implement opportunities for parent participation on site. The principal communicates with families by updating the website and provides weekly newsletters. All communications are easily accessible for our diverse language population. WRE maintains clothes and a shoe closet that is stocked by donations from local non-profits such as the Assistance League.

2024-25 Opportunities for Parental Involvement

Blessings in a Backpack provides snacks for students to take home on the weekend for students experiencing food insecurity. We continue to utilize our Community School resources to enrich our connections with community partners that can creatively work with us to support our students and families.

2024-25 School Safety Plan

White Rock strives for a safe and clean environment. Restrooms and eating facilities are cleaned daily. Classrooms are cleaned at least every second day with the exception of kindergarten, preschool, and special education classrooms that are cleaned daily. Any safety hazard that is reported is reviewed immediately and resolved. Safety and Emergency plans are

2024-25 School Safety Plan

updated and approved each fall by our School Site Council. The Safety Plan was approved in October 2024. The community is encouraged to use our facility, including evening meetings of various community organizations such the Supplemental Tutoring and After School Education and Safety (ASES). Reducing vandalism and after-hours problems is still a top priority. Our community, especially immediate neighbors continue to watch out for our campus to curb any incidents of vandalism and graffiti. During the 2023-2024 school year, ten (10) student accidents were reported.

Date of Last Review/Update by School Site Council: October 7, 2024

Professional Development

Folsom Cordova Unified School District provided staff with three professional development days this school year. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service training is provided through Professional Learning Communities (PLC) training, lead teachers, Teachers on Special Assignment (TOSA), and site-level academic, reading, math, science, and technology coaches. Professional development was also offered on the Science of Reading (SOR), English language development, Positive Behavior and Intervention Supports (PBIS), and on other instructional practices. FCUSD district staff works collaboratively to provide an induction program for qualified new teachers and ongoing professional development workshop options.

White Rock teachers have participated in additional training such as 15 Day Challenge Training with Maria Nielson, Elementary Assessment Training with Sara Stobaugh, Building Thinking Classrooms, UFLI, LETRS, Therapeutic Crisis Intervention (TCI), and we have staff on the District Math Task Force. We have had site professional development including PLC training, De-escalation training, Designated English Language Development training, Integrated English Language Development Training, Interim Assessment Training and ParentSquare training.

Counseling & Support Staff

It is the goal of White Rock Elementary to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. In addition, we are using staff from our Special Friends and School Social Worker for assistance in these areas.

This table displays the number of school days dedicated to staff development and continuous improvement.
