## **Child Care And Development**

The Governing Board desires to provide child care and development services which meet the developmental needs of children and offer a convenient child care alternative for parents/guardians in the community.

Upon approval by the Board, the district shall enter into a contract with the California Department of Social Services (CDSS) for the provision of child care and development services by the district.

The district shall work cooperatively with the local child care and development planning council, public and private agencies, parents/guardians, and other community members to assess child care needs in the community, establish program priorities, obtain ongoing feedback on program quality, and supply information about child care options.

The Board shall approve for the district's child care and development program a written philosophical statement, goals, and objectives that reflect the cultural and linguistic characteristics of the families to be served and address the program components specified in 5 CCR 18272-18281 and the accompanying administrative regulation. (5 CCR 18271)

## **Eligibility and Enrollment**

Child care admissions policies and procedures shall be in writing and available to the public. Such policies and procedures shall include criteria designating those children whose needs can be met by the child care center's program and services, the ages of children who will be accepted, program activities, any supplementary services provided, any field trip provisions, any transportation arrangements, food service provisions, and health examination requirements. (5 CCR 18105; 22 CCR 101218)

The Superintendent or designee shall ensure that subsidized child care services are provided to eligible families to the extent that state and/or federal funding is available and in accordance with enrollment priorities specified in Welfare and Institutions Code 10271 and 5 CCR 18106.

To the extent that space is available after the enrollment of children who are eligible for subsidized services, priority for admissions shall be given to district students, children of district students, and children of district employees.

Additionally, for a child with disabilities, the child may attend the district's child care and development program prior to the approval of an incidental medical services plan or amended plan of operation, so long as the forms have been submitted to CDSS. (Health and Safety Code 1596.802)

A child's eligibility for transitional kindergarten enrollment shall not impact family eligibility for a childcare or preschool program. (Education Code 48000)

A child shall not be expelled or unenrolled from the district's child care and development program, nor shall the child's parents/guardians be persuaded or encouraged to voluntarily unenroll from the program based on the child's behavior, unless in accordance with the procedures specified in the accompanying administrative regulation.

When necessary due to a reduction in state reimbursements, families shall be disenrolled from subsidized child care and development services as specified in the accompanying administrative regulation.
