2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Welcome to Arlington Heights Elementary!

Our school staff, students and parents collaborate to provide a community of learning based on critical thinking and challenging each and every student as they meet their greatest potential. The mission of Arlington Heights Elementary School created collaboratively with staff, parents, and community is as follows: Through collaboration within our learning community, the mission of Arlington Heights Elementary School is to ensure each student finds success in building a strong, innovative academic foundation through challenging and collaborative instruction focused on Science, Technology, Engineering, Arts, and

Mathematics (i.e., STEAM) and the application of twenty-first century learning skills to inspire passionate life-long learners.

SCHOOL PROFILE

Arlington Heights Elementary is one of 41 elementary schools in the San Juan Unified School District. The curriculum provided is being supplemented with additional materials and professional development of teachers as we continue to align to the Common Core State Standards (CCSS). The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities. Arlington Heights's programs reflect the interests and needs of its students and the surrounding community.

Community Building Assembly - Mustang Rally

Monthly, we hold an all school assembly to focus on positive awards for citizenship, character education, classroom recognition and school spirit. During the assembly, students who have excelled in academic, citizenship, attendance and school spirit are recognized with our school's lanyard and charm system. On a weekly basis, students earn "Arli Caught Ya's" slips for demonstrating positive school expectations and are entered in a drawing for prizes. In the beginning of the year, we will teach school-wide expectations for recess rules and procedures.

Critical Thinking and STEAM Initiatives

Since 2013, Arlington Heights Elementary has used the Seminars in Critical Literacy as its approach to literature and writing. It frames our thinking as our learning community approaches literature and the world through conceptual lenses. In Fall 2016, Arlington Heights Elementary School began the process of incorporating the STEAM approach to learning. In Fall 2017, the STEAM approach was fully adopted, thus making Arlington the district's first PLTW (i.e., Project Lead the Way) elementary school. This has enhanced teaching-learning through an interdisciplinary, applied, and project-based approach in order to better prepare our students for Next Generation Science Standards and twenty-first century learning overall.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

General

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. District maintenance staff ensure repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities. This school contains 21 classrooms, and 8 other student or administrative spaces as well as 2 playgrounds.

Age of School Buildings

66 years but with modernizations and additions completed in subsequent years.

Maintenance and Repair

LEA maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient services and that emergency repairs are given the highest priority. Emergency work orders are addressed in the first 24 hours. Routine work orders are addressed within 30 days.

Cleaning Process and Schedule

The LEA governing board has adopted cleaning standards for all schools in the LEA. Each site has a day and evening custodial crew. Each crew member has a run sheet with assigned responsibilities. A copy of these run sheets is available at the school office or can be obtained from Maintenance and Operations Custodial Services. Custodial Area Supervisors oversee the cleaning of all district sites to ensure cleaning standards are met daily providing a clean and safe site.

Deferred Maintenance Budget

The LEA participates in the State School Deferred maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. For the 2023-24 school year, the LEA has budgeted 2 million for the deferred maintenance program. This represents 3% of the LEA's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parent volunteerism and collaboration within the learning community proves paramount to our success.

- The Arlington Parent Teacher Club is extremely active in supporting the school financially as well as with school wide activities such as Monthly STEM Challenge, staff appreciation luncheon, field trips, assemblies, Dance Club performances, Snap the Gap after school club, Jog-a-thon, Red Ribbon Week, and Family Science Night.
- Classroom Volunteers- We have tremendous support from our parents as classroom and school volunteers; however, in light of both post-pandemic times and national school related events, the site has had new school site perimeter and interior fencing added to increase safety for the 2024-2025 school year. Volunteer opportunities have been modified to both match the upgraded fencing and positive volunteer experiences on the school site. School Site Council in conjunction with the school site staff will determine the best volunteer model for the 2024-2025 school year.
- Site Council – Cooperative teacher/parent body that facilitates updates to school goals, programs and the Safe School Plan.
- Parents of English language learners are encouraged to attend our English Language Advisory Committee (ELAC).
- A parent represents the school by attending the Superintendent's Parent Advisory Committee (SPAC).

2024-25 School Safety Plan

School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists, work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriff's Department & Citrus Heights Police Department. As needed, San Juan Unified utilizes contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as

well as in response to critical incidents and threats.

Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Additionally, Arlington Heights Elementary School trains its TK-5th grade staff in Project Lead the Way (STEM Program) as part of its STEAM Initiative and Just Think Math in response to SPSA Comprehensive Needs Assessment.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered

Professional Development

to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
