2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

We have some very exciting academic focus areas happening at our school. This kind of teaching and learning looks different from when most of us attended school. However, these practices help students to develop twenty-first century skills like collaboration, innovation, and problem solving which help our students to be college and career ready. These skills are called out in the Common Core State Standards.

Balanced Literacy is research-based instructional practices that develop skills and strategies within each child that will allow them to problem-solve effectively and become reflective, critical, and analytical readers, writers, thinkers, and speakers. Mariposa also uses an Intervention Block Time Model to address the reading and writing needs of our academic levels of our students. Each grade level has a dedicated amount of time that is used for small group intervention through the classroom teacher and intervention teachers.

In order to meet the Common Core Standards in mathematics, we have implemented the district elementary math adoption and i-Ready Math Intervention Tools. With an unrelenting focus on critical and creative thinking, collaboration, and the use of technology, students will naturally become more successful in science and social studies as it is integrated into the academic areas.

2024-25 School Description and Mission Statement

MISSION STATEMENT

The mission of Mariposa Avenue Elementary School, a community of leaders, is to inspire and equip all students to be global thinkers, advocates for their success, and people of integrity through comprehensive innovative instruction, positive development of character, and partnerships with families and our community.

SCHOOL PROFILE

The successful education of all students is our number one goal at Mariposa Avenue Elementary. Our school serves kindergarten through fifth-grade students. We are identified to receive Title I funding to supplement our current academic efforts. The successful education of all students is our number one goal at Mariposa Avenue Elementary. This includes 12 general education classes and an upper-grade Special Day Class (Learning Handicapped). On our campus, you will also find two preschool Special Day Classes (Communicatively Handicapped and Blended Program), a state head start preschool program, the Discovery Club, and the Bridges After-School Program which serves first through fifth-grade students.

We are able to provide many programs to meet the varied learning needs of our students, including physical education, art, special education services, and English language development for English learners. You will find that the entire school staff is truly dedicated to serving the needs of our students at Mariposa.

The importance of educating our students can also be seen by the efforts of our supportive and involved parent community. Our Parent-Faculty Organization (PFO) is very active and helps to provide for our needs. Our PFO also holds many fun community-building events throughout the school year, like Trunk or Treat Night and Family Movie Nights. Additionally, parent volunteers spend countless hours helping in the classrooms and chaperoning on field trips.

School Programs:

- Federal Title I funding
- Local Control Funding Formula
- Extended Learning Opportunity Grant Programs
- Comprehensive literacy
- Academic Success Recognitions
- After-school intervention
- English Language Advisory Committee (ELAC)
- English language development program
- Guided Language Acquisition Development (GLAD)
- Special education program
- Lexia Core (on-line reading program/intervention)
- i-Ready Math and Reading Program
- Intervention Block Time
- Maker Space/STEAM Room
- Book Room/Leveled Library
- Positive Behavior Interventions and Supports (PBIS)
- 1:1 Technology for all students
- Televisions/Apple TVs and interactive TV Panels for interactive, twenty-first century learning environments
- Lunch/Recess & Staff Support Program
- Second Step Social Emotional Learning Program
- Daily Classroom Meetings
- Counselor and Social Worker Support

The expected outcomes include the following:

- Monthly PBIS Assemblies
- Restorative Practices
- Breakfast and Lunch Program
- Discovery Club Childcare
- Bridges After-School Program
- Parent Faculty Organization
- Staff and family communication
- Family Resource Room
- Preschool- Special Day Classes for Communicatively Handicapped Students and Autism.
- State Head Start Preschool Program
- Shoe and Clothing Closet

2024-25 School Description and Mission Statement

- Monthly Sacramento Food Bank and Family Service's food distribution program

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

General

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. District maintenance staff ensure repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities. This school contains 27 classrooms, and 7 other student or administrative spaces as well as 3 playgrounds.

Age of School Buildings

75 years but with modernizations and additions completed in subsequent years.

Maintenance and Repair

LEA maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient services and that emergency repairs are given the highest priority. Emergency work orders are addressed in the first 24 hours. Routine work orders are addressed within 30 days.

Cleaning Process and Schedule

The LEA governing board has adopted cleaning standards for all schools in the LEA. Each site has a day and evening custodial crew. Each crew member has a run sheet with assigned responsibilities. A copy of these run sheets is available at the school office or can be obtained from Maintenance and Operations Custodial Services. Custodial Area Supervisors oversee the cleaning of all district sites to ensure cleaning standards are met daily providing a clean and safe site.

Deferred Maintenance Budget

The LEA participates in the State School Deferred maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. For the 2023-24 school year, the LEA has budgeted 2 million for the deferred maintenance program. This represents 3% of the LEA's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	20	20	29	29	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parent Faculty Organization: The PFO provides educational programs for parents, funds for classroom instructional supplies, and assemblies. They hold events such as: Trunk or Treat Night, Movie Nights, Jog-A-Thon and a Holiday Breakfast. Contact our school office 916-971-5212.

School Site Council: This group's chief responsibility is to oversee the development, implementation and evaluation of the school site educational plan and budget as well as the school safety plan. For more information on how you can participate, contact the school office at 916-971-5212.

English Language Advisory Committee (ELAC): This group is provided with information about the school and student education to the parents of English learners. Their input is sought out for the school plan as well as at the district level. For more information call the school office at 916-971-5212 or contact Deborah Takamoto at deborah.takamoto@sanjuan.edu.

Special Events and Activities: Throughout the school year, we have many activities that families are encouraged to attend. We have special events such as a Back to School Event and Community Resource Fair, Movie Nights and Starstruck Dance Performance. We hold monthly PBIS Assemblies, go on student study trips, hold two book fairs, and celebrate Read Across America. For more information on how you can participate, contact the school office at 916-971-5212.

2024-25 Opportunities for Parental Involvement

Classroom Volunteers: The use of classroom volunteers is an invaluable resource to our students and teachers. Teachers depend upon parents and community partners as they assist with clerical tasks, reading with children, and practicing math facts. Please contact your child's teacher or the school office if you are interested in being fingerprinted in order to volunteer.

Communication with Families:

- **Community Bulletins:** A monthly school newsletter, a parent involvement newsletter, and a PFO newsletter help to keep parents informed. Parent Information Board to communicate with families. Individual teachers also send home bulletins with students. Some teachers have class websites.
- **School Website:** The website is another tool that is used by both the whole school and many teachers to keep parents apprised of activities, assignments, and expectations throughout the school.
- **School Instagram:** Announcements, upcoming events, and special recognitions.
- **School Facebook Page:** Announcements, upcoming events, and special recognitions.
- **School Blackboard Connect:** This telephone/email/text/push notification system allows messages to be sent to families on a moment's notice to inform them of any safety concerns at the school as well as to inform them of schedule changes or special events at the site.
- **TalkingPoints:** This is a text messaging communication system to communicate with families that also allows families to text back to the school.

Contact Information:

Parents or community members who wish to participate in leadership teams, school committees, school activities, and/or become a volunteer may contact the Mariposa Avenue Elementary School office at 916-971-5212.

2024-25 School Safety Plan

School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists, work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriff's Department & Citrus Heights Police Department. As needed, San Juan Unified utilizes contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as

2024-25 School Safety Plan

well as in response to critical incidents and threats.

Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
