2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Principal's Message

Pershing Elementary School provides a safe, nurturing, and child-centered environment in which our children can grow academically, socially, and emotionally. We encourage our children to learn, celebrating their creativity, initiative and individuality, through daily interactions in the classroom and through participation in art, music and physical education. Our students are focused on doing their "personal best." Staff members are dedicated and committed to the success of every child, and their professionalism and knowledge is greatly acknowledged. Our parents/guardians and dedicated volunteers help provide the support and interaction that contributes to a valuable partnership between home and school, benefiting the children at Pershing School.

Mission Statement

The mission of Pershing Elementary, created collaboratively with the staff and community, is as follows:
An inspiring, nurturing, and innovative school, the mission of Pershing TK-6 Elementary is to engage and challenge every child to be a compassionate citizen and an analytical problem solver through high-quality, dynamic instruction based on individual student needs within a cohesive learning community.

2024-25 School Description and Mission Statement

School Profile

Pershing TK-6 Elementary is a neighborhood school with a strong academic program. Pershing TK- 6 Elementary has the Rapid Learner program, beginning in grade 2 and continuing through grade 5. The Rapid Learner program is an accelerated program and students are working at a more accelerated pace with more time spent applying their knowledge with more depth and rigor in English Language Arts and math. Every student comes to school with different needs and the Pershing staff believe every student deserves support to access the same high-quality education.

Pershing typically offers a variety of classes and activities to enrich the learning environment. These typically include:

- Field trips and speakers brought into classrooms to enrich grade level instruction.
- Before and after school music programs grades 4-6 vary each year, such as choir, band, or other instruments
- Discovery Club, before and after-school child care is available (subsidized and fee-based).
- PTO (Parent Teacher Organization)-sponsored assemblies focusing on fine arts, science and bullying prevention (topics vary by year).
- A full-time staff member that runs our library.
- Programs such as Coding, Chess, Early Engineers, Spanish, or Firefly Art are typically offered after school (fee-based).
- Family activities, like the Meet and Greet in the fall, school carnival/festival, book fairs, and family nights focused around topics such as math, science, art, literacy, and writing.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

General

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. District maintenance staff ensure repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities. This school contains 25 classrooms, and 10 other student or administrative spaces as well as 3 playgrounds.

Age of School Buildings

64 years but with modernizations and additions completed in subsequent years.

Maintenance and Repair

LEA maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient services and that emergency repairs are given the highest priority. Emergency work orders are addressed in the first 24 hours. Routine work orders are addressed within 30 days.

Cleaning Process and Schedule

The LEA governing board has adopted cleaning standards for all schools in the LEA. Each site has a day and evening custodial crew. Each crew member has a run sheet with assigned responsibilities. A copy of these run sheets is available at the school office or can be obtained from Maintenance and Operations Custodial Services. Custodial Area Supervisors oversee the cleaning of all district sites to ensure cleaning standards are met daily providing a clean and safe site.

Deferred Maintenance Budget

The LEA participates in the State School Deferred maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. For the 2023-24 school year, the LEA has budgeted 2 million for the deferred maintenance program. This represents 3% of the LEA's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

PARENT INVOLVEMENT

Parent participation is welcomed and valued at Pershing Elementary School. Parents are highly visible as they assist and support students and teachers on campus and in classrooms. Parents are partners in our efforts to help each student continue successful academic and social-emotional development.

Parents can be involved as members of our Parent Teacher Organization (PTO), English Learner Advisory Committee (ELAC), and School Site Council (SSC). Five (5) positions on the School Site Council are filled by parent representatives to serve a two-year term on the School Site Council. Parent representatives are elected by the parents of Pershing through a formal election. As a member of the School Site Council, parents give input and vote on decisions supporting the Single Plan for Student Achievement, which focuses primarily on support for students in at-risk groups.

The PTO is very active and coordinates volunteer activities, which benefit the entire student body. The following activities and resources have been very successful in the past because of our strong parent commitment:

- PTO sponsored school assemblies and activities
- Increased technology for students

2024-25 Opportunities for Parental Involvement

- School beautification
- Classroom Art Docent Program
- Classroom field trips
- Performing arts and stage productions
- Annual family dance (Glow Night)
- School Carnival
- Parents-Only night events
- Additional annual fundraising
- Family restaurant nights

In addition, parents make possible classroom participation in field trips and presentations each year, when allowable/possible. In order to volunteer regularly and attend field trips, parents must first meet the requirements to become an approved and cleared San Juan Unified School District Volunteer. Each classroom typically attends at least one off-site field trip each year, and most are close, local trips.

Parents are also invited to share with the class their educational experiences and career paths to help expand our students' knowledge of possible pathways they may explore. Parents are also periodically invited to attend meetings with the principal, asked to give input and feedback on programs and proposed changes to the school, and asked to answer survey questions to give additional feedback and input to the school.

The Parent Involvement Policy was developed with input from our parents through School Site Council, PTO and ELAC. Parents or community members who wish to participate on school committees, school activities, or become a volunteer may contact Pershing Elementary at 916-979-8076 or email the principal, Kendra Shelton, at kendra.shelton@sanjuan.edu.

2024-25 School Safety Plan

School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists, work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriff's Department & Citrus Heights Police Department. As needed, San Juan Unified utilizes contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as

2024-25 School Safety Plan

well as in response to critical incidents and threats.

Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
