TUFSD RFP 2025-01 Bus Electrification Design and Implementation Plan ADDENDUM NO. 5 Q & A

Q1. Will Con Ed be providing and installing the primary wire from the power pole to the service drop point about 1000 feet away to their utility transformer?

A1. The awarded engineering consultant will confer with Con Edison to determine which work will be done by Con Edison and which will be done by Customer. The engineer's proposal should include all applicable design work.

Q2. Is the trenching and conduit done by customer, and would you be reimbursed for this run?

A2. The awarded engineering consultant will confer with Con Edison to determine which work will be done by Con Edison and which will be done by Customer. The engineer's proposal should include all applicable design work.

Q3. The address of the bus depot is located in a designated disadvantaged community, however, the utility draw we are going to run from is not. Did the district speak to someone directly at Con Ed about DAC eligibility?

A3. Unknown

Q4. Does the district anticipate that the design documents will be submitted to NYSED, for permitting and/or funding?

A4. Yes

Q5. Does the district intend to engage a construction management firm, to work in conjunction with the awarded engineering firm?

A5. Unknown at this time

Q6. Does the district intend to bid out Phase 1 and Phase 2 work together or separately?

A6. Likely separately
