POLICY STATEMENT ON TUITION AND TUITION ASSISTANCE

For many parents, tuition is higher than can be met reasonably. For that reason, we urge parents who feel that the tuition is beyond their means to apply for tuition assistance. Ramaz deeply believes that tuition assistance is an essential expression of our values and critical for our families whose circumstances require such assistance.

Please be assured that all tuition assistance information is kept in the strictest of confidence.

The enclosed schedule of tuition and fees at Ramaz covers only a portion of the true cost of educating each student, thus every child is subsidized, regardless of need.

TUITION ASSISTANCE

For Tuition Assistance instructions and forms please go to: **www.ramaz.org/TuitionAssistance**. Families must re-apply for tuition assistance each year.

MULTIPLE CHILD DISCOUNT (MCD)

The MCD program is a form of tuition assistance. MCD is a streamlined approach for families who need assistance with tuition because they have three or more children currently attending Ramaz, but do not want to go through the full tuition assistance process. For the MCD application please go to: **www.ramaz.org/MCD**.

The deadline for tuition assistance and MCD is April 15, 2025.

TUITION REFUND PLAN

The School offers an option to participate in a Tuition Refund Plan (TRP) to protect the financial obligations of the parents under the terms of the registration contract. The TRP insures Tuition and Fees in the event of withdrawal from the School according to the terms of the carrier's insurance policy.

The option to purchase the TRP is on the registration contract. The premium is 2.3% of Tuition and Fees, net of any tuition assistance awarded. The deadline to purchase or opt out of coverage is June 30, 2025.

A brochure summarizing the terms and conditions of coverage can be found by going to:

www.ramaz.org/TuitionRefundPlan

BUS TRANSPORTATION

The School assists parents by arranging for private transportation of children before and after school. There is private bus service to several communities outside of Manhattan for Upper School students. In most instances service is door to door. Late buses are available to most neighborhoods.

Ramaz subsidizes a portion of the bus transportation costs. Fees for private transportation are separate from tuition and will be communicated separately in the late spring to all families who live within the service areas. Please note that the NYC Department of Education does not provide bus service for Upper School students. Students may be eligible for subsidized public transportation, as determined by the New York City Department of Education – Office of Pupil Transportation.

For any questions relating to bus transportation, please contact our Chief Operations Officer, Larry Berman, at BermanL@ramaz.org or 212-774-8027.

For information on busing please go to: **www.ramaz.org/busing**
