2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

MISSION STATEMENT
Parents were the catalyst in the 1970's that led to the founding of Orangevale Open, and their involvement is a cornerstone of the institution. Families who send their children to our school understand this commitment, and they invest in the program. They attend monthly meetings led by officers they have elected from class parents. Parent participation is crucial to OVO and our mission:

Learning by doing, together, the mission of the Orangevale Open K-8 Community is to cultivate in all students the curiosity that

2024-25 School Description and Mission Statement

leads to creativity, lifelong learning, and responsible citizenship by connecting meaningful experiences to individual passions and motivation in a trusting, collaborative environment.

Historically, Orangevale Open K-8's mission has been to ensure that our students

1) feel excited about their education, 2) are prepared to meet new challenges positively, and 3) consider themselves capable, caring members of society.

To achieve this, we have a learning community that aims

- To develop a love of learning within each child
- To extend the learning environment beyond the classroom and to link instruction to real life through field trips and community resources
- To promote personal best rather than competition and to involve students in establishing their own goals
- To create an environment that strengthens self-confidence and that allows students to take risks and to learn from mistakes
- To appreciate and celebrate uniqueness and to develop respect for self and others
- To learn through hands-on activities and experiences and to emphasize process rather than product
- To foster developmentally appropriate learning environments that encourage responsible choices and that provide opportunities for students with all learning styles
- To be a strong, caring community that feels like family

SCHOOL PROFILE

Orangevale Open K-8 (OVO) is one of eight K-8 schools in the San Juan Unified School District. OVO is unique in that we are the only K-8 which is an alternative, non-boundary school - any one can attend our school. We pride ourselves in maintaining a caring environment where children can reach their full potential while exploring ways to become increasingly responsible for their own learning using a curriculum that integrates skills and literacy, develops students' unique abilities and enables students to learn through real life experiences. The instructional program is based on the California Common Core State Standards which encourages students to explore their world. Learning activities are child-centered, creative, and authentic. Students go on frequent field trips. Teachers and parents plan activities that nurture community involvement. Visitors come to school to introduce students to varied influences and guest speakers provide presentations on topics of special interest. Students interact with children of all ages and stages of development. They are placed in active roles, and our curriculum is integrated and relevant. Time is flexible so that children learn at a pace that meets their needs. At OVO, students find freedom and acceptance to make mistakes and to learn from experience. The environment is rich with ample opportunities to develop knowledge and skills around Common Core Standards-based curriculum as well as to develop self-esteem, self-reliance, interpersonal relationships, and problem solving.

Our motto is "Learning by Doing, Together." We expect all adults in the community to be learners themselves. Our teachers facilitate Project-Based Learning across the curriculum to promote inquiry that stems from students' curiosity. We utilize the Balanced Literacy Model across the curriculum. Our teachers engage parents as partners in the classroom. Teachers monitor parent-run activities, provide direct instruction and coach students to support their personal and intellectual growth. Teachers guide children to set goals for themselves, and to evaluate their individual performance. Students learn to value quality for its own sake. Intrinsic motivation is fostered; competition is downplayed. We cultivate curiosity. Project-Based Learning is used across the curriculum. Parent volunteers are integrated into every grade level; their dedication is essential to OVO's instructional program. This includes after-school and extracurricular activities such as Drama, Band, Choir, and other parent run clubs. Our campus is wireless, and instructional technology, including tablets and laptops, is used in learning in classrooms, on the sports fields, and in the Nature Area.

PRINCIPAL'S MESSAGE

Orangevale Open K-8 continues to provide a unique, alternative education for students because of the investment of parents, teachers, and staff along with the support of San Juan Unified School District. With our Mission, Strategic Plan and Single Plan for Student Achievement in place, we continue to focus on continuous improvement. Karen Chenoweth is a Writer-in-Residence at Education Trust, and in her book, *Leading Academic Success in Unexpected Schools* (2011), documents characteristics of effective schools. Many of those are traits of Orangevale Open K-8:

- We teach increasingly complex and sophisticated material so that students exceed standards.
- We have high expectations for students.
- We use data to focus on individuals.
- Students are our first priority. Every decision is informed by what is best for our students.
- Time is used wisely - for engaging activities that support our mission.
- We leverage community resources to benefit our school community.
- Our struggling students get the most concentrated time and we develop mechanisms to expand their instructional time.

2024-25 School Description and Mission Statement

- Rather than disciplining students who misbehave, we aim first to teach them and strengthen their understanding and our relationships.
- We establish an atmosphere of respect (It's our tradition that everyone goes by first names).
- There are many leaders in all stakeholder groups across our campus and within our community.
- Teachers seek out professional development to address areas where their students are struggling.
- Teachers know they must welcome and teach colleagues new to the Orangevale Open K-8 program.
- Our entire staff is high-quality, dedicated, and competent, and they know they are a part of our educational mission.
- Our school is a nice place to work. We collaborate to improve OVO. We have high and constantly increasing expectations for ourselves as professional educators; we strive to improve our skills and knowledge.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

General

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. District maintenance staff ensure repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities. This school contains 23 classrooms, and 7 other student or administrative spaces as well as 4 playgrounds.

Age of School Buildings

73 years--Built in 1952 but with modernizations and additions completed in subsequent years.

Maintenance and Repair

LEA maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient services and that emergency repairs are given the highest priority. Emergency work orders are addressed in the first 24 hours. Routine work orders are addressed within 30 days.

Cleaning Process and Schedule

The LEA governing board has adopted cleaning standards for all schools in the LEA. Each site has a day and evening custodial crew. Each crew member has a run sheet with assigned responsibilities. A copy of these run sheets is available at the school office or can be obtained from Maintenance and Operations Custodial Services. Custodial Area Supervisors oversee the cleaning of all district sites to ensure cleaning standards are met daily providing a clean and safe site.

Deferred Maintenance Budget

The LEA participates in the State School Deferred maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. For the 2023-24 school year, the LEA has budgeted 2 million for the deferred maintenance program. This represents 3% of the LEA's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Orangevale Open K-8 Principal, Rick Boster at (916) 979-8067.

Parent Involvement

Parents enhance and expand the program with their active involvement at Orangevale Open. Families volunteer to participate in and support the philosophy and elements of the open program because parents are integral to our program. Their attendance at monthly night meetings is essential. We encourage each family to share their special knowledge, ideas, talents, strengths, and interests with the children through Round Robins and in the classroom. Under the direction of the teacher, parents help implement units of study, work with the children in learning experiences, and supervise areas for safety. Parents will prepare materials for the class, assist in recordkeeping and provide transportation for field trips.

2024-25 School Safety Plan

School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists, work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriff's Department & Citrus Heights Police Department. As needed, San Juan Unified utilizes contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as

well as in response to critical incidents and threats.

Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
