WESTERN YORK COUNTY AGRICULTURE ARENA

Update

What We've Done

Formed Steering Committee

The committee is made of members from 4-H, YSD1, CSD, both education foundations, and many community members.

The committee has been meeting monthly since September 2023 to develop plans for the Agriculture Arena.

What We've Done

Additional Items

01

Name

The committee came up with the name for the arena.

02

Logo

The committee designed a logo.

03

Land

York School District provided land for the arena to be built on.

04

Architect

York School District hired an Architect, Jumper Carter Sease to design facility. Renderings have been developed.

What We've Done

Additional Items

Budget - \$5.5 Million

Seed Money

We are incredibly thankful to local legislators for helping with seed money.

\$500,000: Department of Agriculture

\$750,000: SC Department of Education

\$3,000,000: SC Department of Education

Donations

To date we have received approximately \$97,000 in donations and sponsorships

Total Funds To Date

\$4,347,000

What We've Done

Additional Items

Pave the Future, Brick by Brick

Leave your mark on the Western York County Agriculture Arena by purchasing a personalized brick to be featured in its pathways or walls. Your contribution goes beyond the brick itself—it supports a space dedicated to fostering agricultural education, community events, and youth development. By participating, you help build a lasting legacy that celebrates our county's rich agricultural heritage and ensures future generations have a place to gather, learn, and grow.

wycaa.org

Formed in September 2023, the Agriculture Arena Steering Committee brings together individuals from York School District One, Clover School District, York County 4H, and our dedicated community. Together, we envision a space where students can thrive, school programs can flourish, and organizations like 4H and National FFA Organization can find a true home. The committee meets monthly and is focused on providing an agriculture arena that will benefit all youth in York County.

Now, as we approach the realization of this vision, we invite you to join us in this transformative journey. The Western York County Agriculture Arena will not merely be a physical structure, but a beacon of opportunity and possibility for generations to come. With access to a venue like this, our students will no longer face the burden of traveling long distances for livestock shows and events but instead have access to an arena right here at home in York County. The arena will serve as a hub for engaging hands-on learning experiences, fostering leadership skills, and nurturing lifelong connections.

With approximately 97 acres of land generously provided by York School District One, located across from Hickory Grove Sharon Elementary, the stage is set for something truly extraordinary to take root. More than just a building, the Western York County Agricultural Arena has the potential to be a catalyst for growth, a hub of innovation, and a testament to what can be achieved when communities unite behind a common cause. The renderings below provide an image of what we dream of building for the youth of York County.

But we cannot do it alone. Your support is crucial in turning this vision into reality. By contributing to the Western York County Agriculture Arena, you are investing in the future of our youth and the strength of our community.

Let's work together to build a brighter future for the youth of York County. Join us in creating not just an arena, but a legacy - a testament to the power of collaboration and the limitless potential of our dreams.

The opportunity to donate to this project will be available in the near future.

Thank You!
