## KEENEYVILLE SCHOOL DISTRICT 20

5540 Arlington Drive East, Hanover Park, IL 60133 | (630) 894-2250 | [www.esd20.org](http://www.esd20.org)

January 24, 2025

President and Members of the Board of Education  
Keeneyville School District 20  
Hanover Park, IL 60133

The Annual Comprehensive Financial Report (ACFR) of Keeneyville School District 20 (the "District"), Hanover Park, Illinois, for the fiscal year ended June 30, 2024, is hereby submitted. Director of Finance & Operations has prepared the report. The audit was completed in December 2024 and the report was subsequently issued.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The District includes all funds that are controlled by or dependent on the Board of Education of the District, as determined on a basis of financial accountability. The District does not have such financial accountability over any other entity and thus does not include any other entity as a component unit in this report. Additionally, the District is an independent entity, not includable as a component unit of any other reporting entity.

The Board of Education of Keeneyville School District 20, DuPage County, Illinois, provides educational instruction to children residing in the Villages of Hanover Park, Roselle, Bloomingdale and unincorporated Keeneyville. The District's operations are funded primarily through local property taxes. The District operates under guidelines and restrictions as set forth in the *School Code of Illinois* and various federal statutes.

On October 4, 1897, Lake Street School District 20, Bloomingdale, opened the doors of a one-room cabin schoolhouse with only nine students. Over the next hundred years, the District changed its name, expanded to include four different villages, and added necessary buildings to accommodate student population growth. By 1949, enrollment had grown to 35 students and by 1950, the name of Lake Street School officially changed to Keeneyville School, later to become known as Keeneyville School District 20.

Although the District's enrollment had been declining for six years, the 2023-24 school year saw a minimal increase in student enrollment. This may be attributed to families who are new to the country. In the 2023-24 school year, the District housed 1,315 students in four separate school buildings with a teaching staff of 149 teaching professionals. Waterbury Elementary in Roselle houses our kindergarten through fifth grades. Greenbrook Elementary in Hanover Park houses our kindergarten through fifth grades. Spring Wood Middle School in Hanover Park houses the sixth through eighth grade students. The Early Childhood Center houses our early childhood education program for students between the age of 3 through 5 in Hanover Park.

Students leaving the District at the end of eighth grade attend Lake Park High School 108. District 108 levies its own local property tax and files its tax levy with the DuPage County Clerk.

The District has complete responsibility for the preparation and modification of its annual budget and is solely accountable for its fiscal matters, including surpluses and deficits, designation of management, and issuance of debt.

## **ECONOMIC CONDITION AND OUTLOOK**

The District is located approximately 25 miles west of Chicago's Loop and approximately 14 miles west of O'Hare International Airport covering an area of 5 square miles. The economic condition of the Hanover Park, Roselle, Bloomingdale and unincorporated Keeneyville areas is stable, and the prospect of additional property tax revenue is good. However, in 1990 the State of Illinois' legislature imposed a cap on property taxes which limits the tax levy to 105% or the Consumer Price Index increase (the lesser of the two) of the previous tax extension, excluding growth due to new construction. The legislation allows voters to override the tax cap by referendum. Hanover Park, Roselle, Bloomingdale and unincorporated Keeneyville have traditionally been very supportive of maintaining excellent school systems. As long as local taxpayers are allowed to support their schools, no financing problems for the District are foreseen.

### **Mission, Belief and Strategic Plan:**

In January 2022, community members, the Board of Education, administration, students, and staff provided input and discussion regarding the Strategic Plan for 2023-2026. Following the public forum, administrators and board members worked together to develop the three-year future focused strategic direction for the district. This plan was adopted by the Board of Education at the August 2023 Board meeting. The Mission Statement remained the same as what was adopted March 2016 and the Belief Statement was updated.

**Mission: *Ignite the power and potential of each student***

### **We Believe:**

- Meeting the unique needs of every student
- Providing a supportive learning environment
- Embracing diversity and cultural awareness
- Building strong family and community partnerships
- Empowering talented staff
- Ensuring financial stewardship

The Strategic Plan for FY 2024 through FY 2026 can be found on the District's website or [here](#).

## **COVID 19 PANDEMIC**

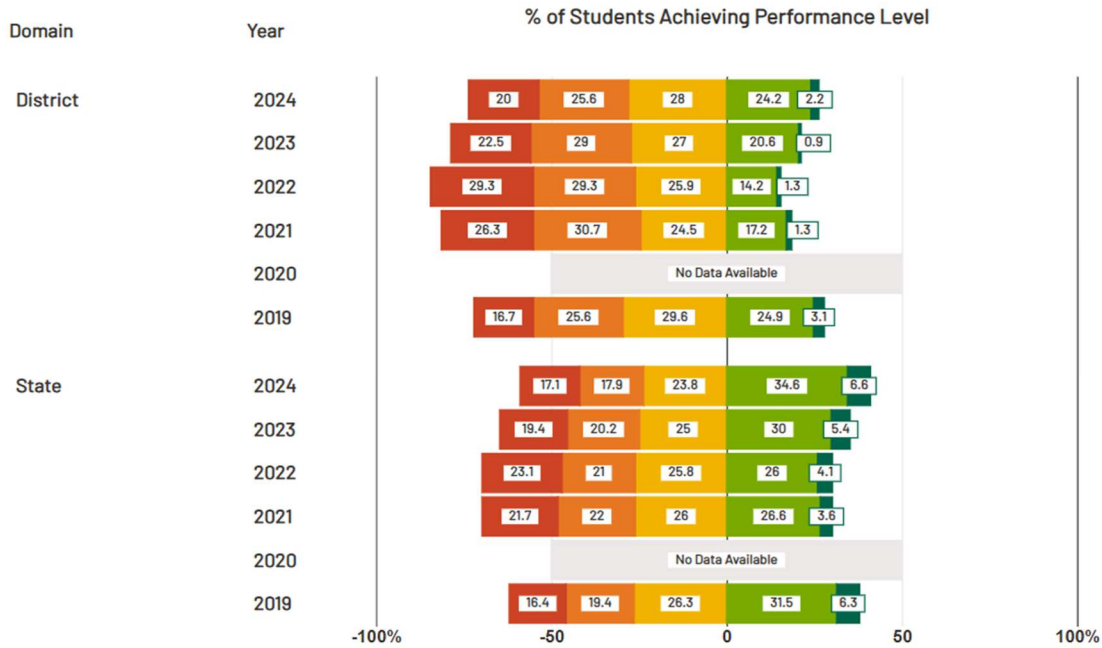

Fiscal Year 2023 began in August of 2022 with in-person learning. Fortunately, remote learning due to the COVID 19 pandemic was no longer necessary. A notable impact of the COVID 19 pandemic is increased staffing and programming. In a continued effort to assist students who may have struggled or needed additional support due to the remote learning environment, the district implemented a summer school program for all students with the ESSER funds received from the Federal government. This was the fourth year the district offered a summer school program for all students. It continued to be a huge success and kept students engaged for an additional 6 weeks during the summer. This district expanded the program in summer of 2023 to offer afternoon camp free of charge to our families.

## STUDENT ACHIEVEMENTS

The Illinois Assessment of Readiness (IAR) is a federally required measure of student mastery of the Illinois Learning Standards in English Language Arts and Mathematics in grades 3 through 8. The data below shows the percentage of students scoring at each of the performance levels for the IAR, comparing the District's scores to state averages for both ELA and Math for the District.

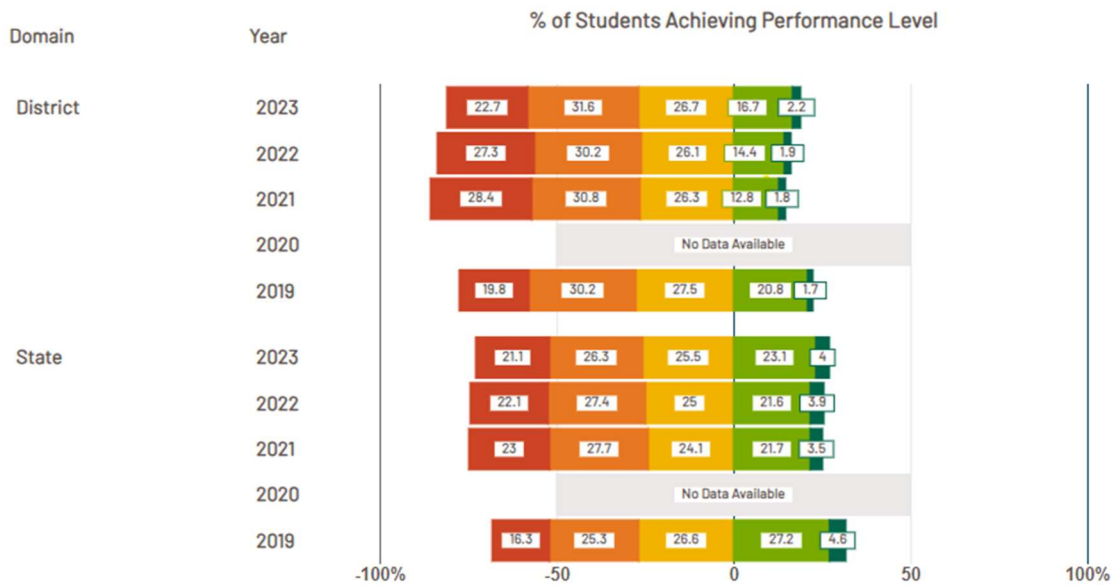

### English Language Arts (ELA):

■ Did Not Meet 
 ■ Partially Met 
 ■ Approached 
 ■ Met 
 ■ Exceeded

### Math:

■ Did Not Meet 
 ■ Partially Met 
 ■ Approached 
 ■ Met 
 ■ Exceeded

## **FINANCIAL INFORMATION**

The District administration is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles.

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

Tests are made by the District's independent auditor to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations. The results of the tests for the fiscal year ending June 30, 2024 provided no instances of material weaknesses in the internal control structure or significant violations of applicable laws and regulations.

### **Budget Control**

The District maintains sound budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the District's Board of Education.

Monthly, the business office provides the Board with a Variance Report based on changes to the approved budget. Activities of the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the individual fund level.

The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end, on June 30. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

## **OTHER INFORMATION**

### ***Independent Audit***

State statutes require an annual audit of the books of accounts, financial records and transactions of all funds of the District. The independent certified public accounting firm of Wipfli LLP performed the audit. The auditor's report is included in the financial section of this report.

### ***Acknowledgments***

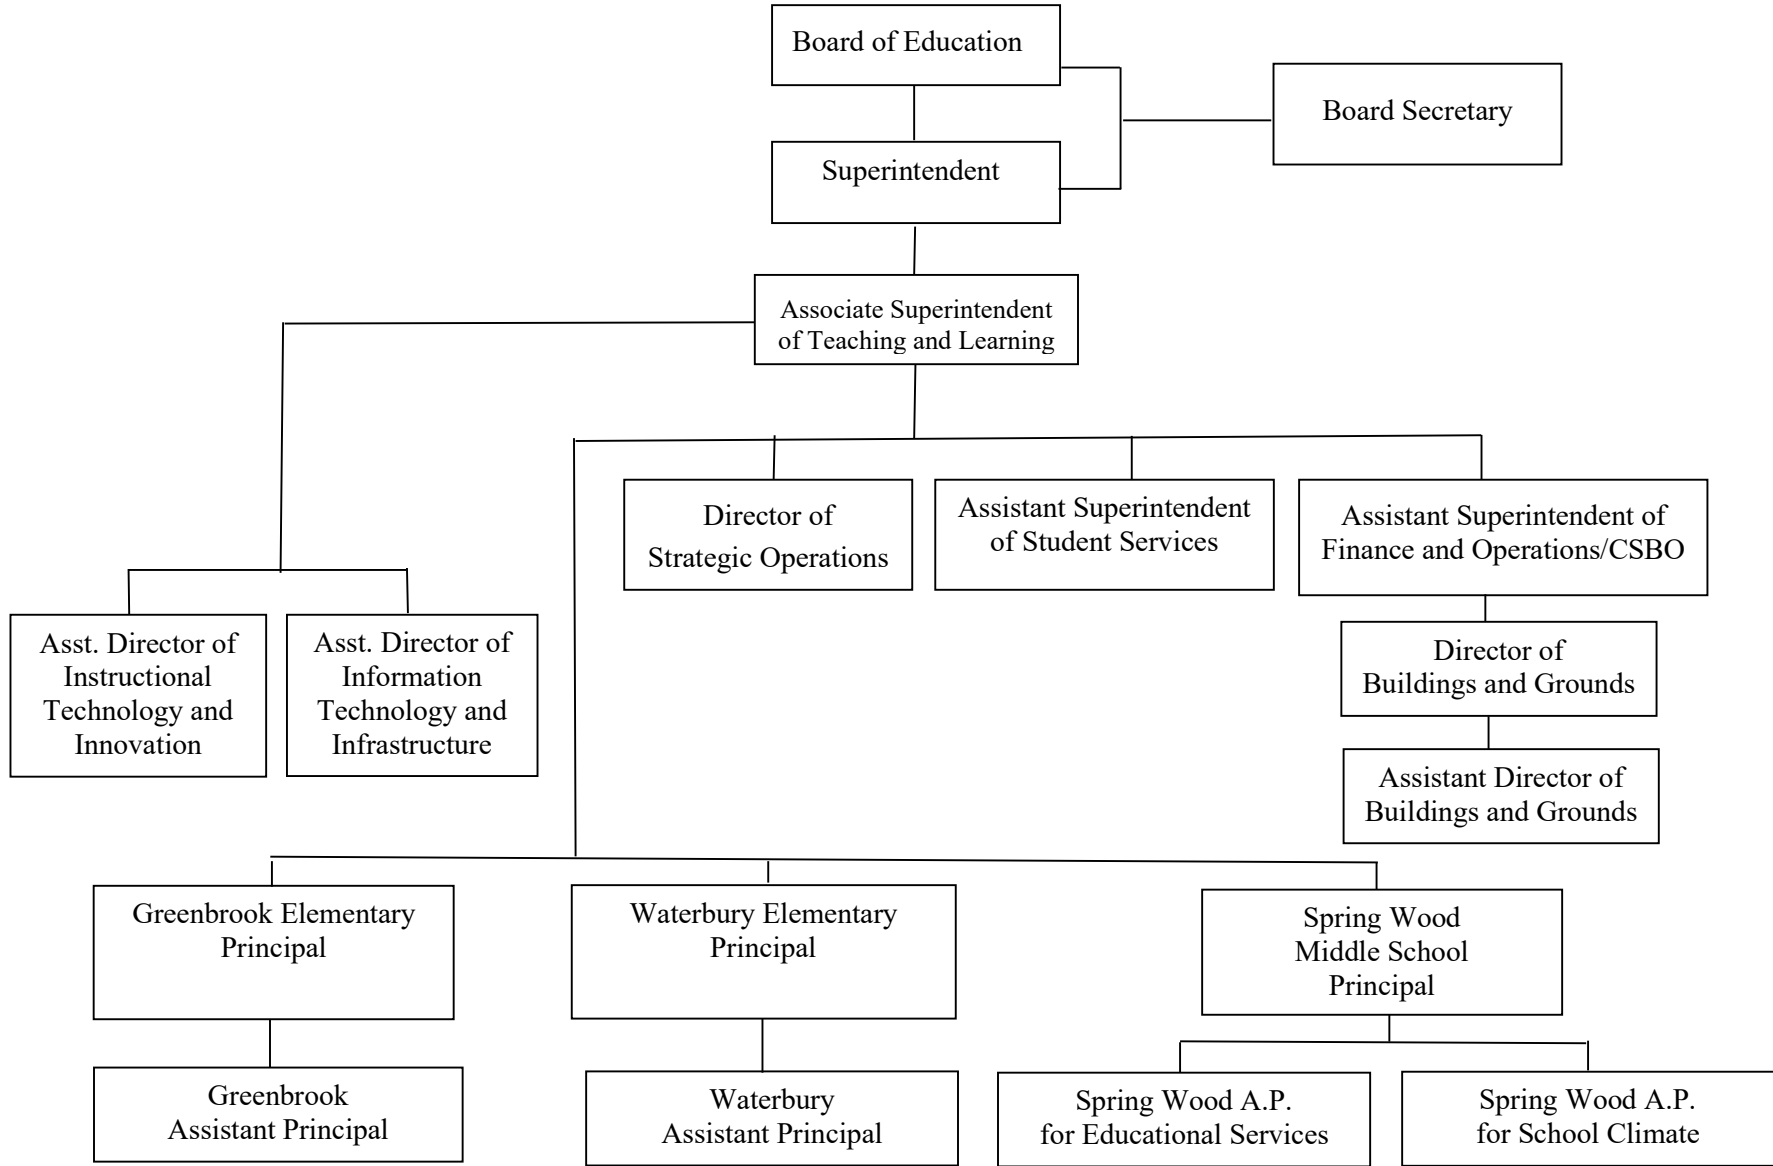

We wish to thank the members of the Board of Education for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner. We also wish to thank the efficient and dedicated business office staff for their assistance in the timely preparation of this report.

Respectfully submitted,

Brian Marroquin  
Assistant Superintendent of Finance & Operations

## **Independent Auditor's Report**

Board of Education  
Keeneyville School District No. 20  
Hanover Park, Illinois

### ***Report on the Audit of the Financial Statements***

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Keeneyville School District No. 20 (the "District"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of of the Keeneyville School District No. 20 as of June 30, 2024, and respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Keeneyville School District No. 20 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keeneyville School District No. 20's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditor's Responsibility for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keeneyville School District No. 20's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keeneyville School District No. 20's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

## ***Required Supplementary Information***

GAAP requires that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis and the required supplementary information, as listed in the table of contents, in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and the statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Report on Summarized Comparative Information***

We previously audited Keeneyville School District No. 20's 2023 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated February 8, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 24, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Keeneyville School District No. 20's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

### For the Year Ended June 30, 2024

---

The discussion and analysis of Keeneyville Elementary School District No. 20's (the District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2024. The District's financial statements incorporate required information for the District to be in compliance with the provisions of the Governmental Accounting Standards Board Statement No. 34. The management of the District encourages readers to consider the information herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance. This report, Management's Discussion and Analysis (MD&A), provides an overview of the District's financial activities for the fiscal year ended June 30, 2024 with comparative data to the fiscal year ended June 30, 2023.

#### Financial Highlights

- The District's financial status continues to be strong as evidenced by ISBE's award of Financial Recognition with a score of 3.90 out of 4.00. This is the highest category a District can obtain. Additionally, the District continues to maintain a strong AA stable rating from Standard & Poor's rating agency.
- General Fund balances which include the Educational Account, Operations & Maintenance Account, Working Cash Account and Tort Immunity Account as of June 30, 2024 were \$17,693,501 reflecting a decrease of \$1,601,665 or 8.30% due to less revenue from Evidenced Based Funding in FY24 and significantly less revenue from ESSER and other COVID relief grants from the federal government. The decreased revenue and increasing student needs contributed to a reduction in fund balances. The General Fund accounts for 84.2% of the total fund balance.
- The combined fund balances of all governmental funds as of June 30, 2024 were \$21,018,827 reflecting an decrease of \$220,176 or 1.0%. The District received all of the state funds in both Evidenced Based Funding and received four of four mandated categorical payments.
- The District's total net position as of June 30, 2024 increased by \$2,337,755 to \$22,173,454 or a 12.0% increase due to the additional assets including new surface in the ECC play structure, bathroom renovations at Springwood Middle School, parking lot replacement at Springwood Middle School, main office construction at Greenbrook Elementary, and locker installation at Greenbrook Elementary, Parking lot replacement at Springwood Middle School.
- The Board of Education continues to adopt budgets that are operationally balanced and is committed to operating these budgets within the parameters of each school year. For the past fourteen years, the Board of Education has ended the fiscal year with an operating fund surplus. Those surpluses have been used to help fund infrastructure improvements and increase technology needs.

#### **Overview of the Financial Statements**

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and additional supplementary information. The basic financial statements include two types of statements that present different views of the District:

- The first two statements are *government-wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the District-wide statements.
- The *governmental funds statements* tell how basic services such as regular and special education were financed in the *short-term* as well as what remains for future spending.

# Keeneyville School District No. 20

## Management's Discussion and Analysis

### For the Year Ended June 30, 2024

---

#### Reporting the District as a Whole

##### **Government-wide Financial Statements**

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies.

The statement of net position includes all of the District's assets plus deferred outflows and liabilities plus deferred inflows. All of the current year's revenues and expenses are accounted for in the statements of activities regardless of when cash is received or paid.

The two government-wide financial statements report the District's *net position* and how it has changed. A District's net position is the difference between the District's assets and deferred outflows and liabilities and deferred inflows – this is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether the financial position is improving or deteriorating.
- To assess the District's overall health, one must consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the government-wide financial statements, the District's activities are categorized as *Governmental Activities*. All of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes finance approximately 60% of all activities with state aid and federal revenues supporting the rest.

##### **Financial Analysis of the District as a Whole**

The District's total net position increased 12.0% or \$2,337,755 from \$19,835,699 to \$22,173,454. (see Table A-1). This figure is a combination of increased fund balances and reductions of liabilities.

# Keeneyville School District No. 20

## Management's Discussion and Analysis

### For the Year Ended June 30, 2024

---

The District's total revenue increased 8% or \$2,334,285 from \$28,418,292 to \$30,752,577 see (Table A 2 – above). The majority of this increase is attributed to an increase in property taxes and operating grants and contributions.

On-Behalf Payments that the State of Illinois pays into the teachers' pension fund for employees increased by 30% or \$1,133,143. This figure, while a reporting requirement under GASB, is a pass through that does not increase the operating revenues of the District.

Property taxes increased 5.2% or \$892,010. For tax levy year 2023 taxes, collected in fiscal year 2024, the CPI-U was 6.5%, the district used a 5% rate due to PTELL. The CPI-U is the amount of additional revenue from the aggregate extension base the District can collect through local property taxes, capped at CPI-U or 5%, whichever is less, plus growth due to new construction. The District typically collects over 99% of all property taxes levied.

Unrestricted Federal and State aid increased by \$286,377. The State implemented the Evidence Based Funding (EBF) model in FY 2019. Keeneyville is a Tier 2 school district and has consistently received the base funding plus additional monies to bring the district to adequacy.

The total of all expenses for the 2023-2024 year were \$28,414,822. This was an increase of \$1,091,377 from the prior year's expenses of \$27,323,445. The increase is primarily attributed to an increase in costs for salaries and benefits and increased cost of purchased services due to increases in inflation.

Instructional services increased in the area of regular programs by 12% or \$1,191,906. This is a result of increased salary and benefit expenditures and decreased pension obligations as a result of updated actuarial calculations.

In the area of special educational programs, costs increased 15% or \$455,167. This is attributed to an increase in the number of students with IEPs resulting in the need for additional staffing and additional special education tuition to best serve student needs.

General Administration expenses increased \$141,879 or 16% as a result of a 5% raise for administration, increased health insurance costs, and the increased cost of liability insurance.

School Administration expenses increased \$84,742 or 6%. This is a result of a 5% raise for administration and increased health insurance costs.

Operation and maintenance decreased \$1,320,468 or 67% due to one-time HVAC replacements at Spring Wood Middle School and Waterbury Elementary that occurred in FY 2023.

Transportation expenses increased \$20,834 or 2% due to an increase in the cost of transportation services and an increase in the number of after school buses needed to transport students to and from sporting events and after school activities.

Central Support services costs decreased \$586,511 or 35% over the prior year due to decreased spending in FY24. During FY23 the district replaced interactive whiteboards throughout the entire district. In FY24 the district did not have that expenditure.

Interest on long-term liabilities increased \$2,306 or 0.5% due to higher scheduled principal payments of bonded debt and GASB 87 leases. A more detailed review of the Districts general long-term debt obligations can be found in Note 5 of the Notes to Financial Statements.

# Keeneyville School District No. 20

## Management's Discussion and Analysis

### For the Year Ended June 30, 2024

---

Total revenues for 2023-2024 were \$ 30,752,577 while the District's expenses were \$ 28,414,822 thereby increasing net position by \$ 2,337,454. The main reason for the increase in net position was due to the additional assets including new surface in the ECC play structure, bathroom renovations at Springwood Middle School, parking lot replacement at Springwood Middle School, main office construction at Greenbrook Elementary, and locker installation at Greenbrook Elementary, Parking lot replacement at Springwood Middle School

#### ***Reporting the District's Most Significant Funds – Fund Financial Statements***

The District's fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole.

Fund accounting devices that the District uses to keep track of specific sources of funding and spending for particular programs include:

- Some funds that are required by state law and by bond covenants, and
- Other funds established by the District to control and manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as Working Cash).

The District has one category of funds:

- *Governmental Funds:* All of the District's basic services are included in governmental funds which generally focus on (1) how cash and other financial assets can readily be converted to cash flow – both in and out and (2) the balances left at year-end that are available for spending.
- Consequently, the governmental funds statements provide a detailed short-term view that allows one to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass additional long-term focus of the Government-wide statements, reconciliations are provided to explain the relationship (or differences) between them.

#### **Financial Analysis of the District's Funds**

The District's governmental funds have a combined fund balance of \$21,018,827 as of June 30, 2024. This is a decrease of \$220,176 from the June 30, 2023 fund balance of \$21,239,003. After discussions with the board, the district is using some existing fund balance to meet the increased needs of students and address the increase in costs for food service, transportation service, instructional software and materials and staffing needs..

The General Fund consists of the primary operating accounts of the District. These include the Educational Account, Operations & Maintenance Account, Working Cash Account and Tort Immunity Account. The District had revenues of \$26,869,098 in the General Fund for the 2023-2024 year and expended \$26,551,941 for a surplus of \$317,157 before other financing sources or uses. The ending decreased General Fund balance of \$17,693,501 was due to intentionally spending against fund balance to meet the increased need of students.

# Keeneyville School District No. 20

## Management's Discussion and Analysis

### For the Year Ended June 30, 2024

The Educational Account reflected a decrease in revenues due to a decrease in state and federal source revenue. (See Table A-3).

The Education Fund reflects increased expenditures in instructional services and community services due to additional staffing and increased costs in salaries and benefits

<b>Educational Account (Table A-3)</b>					
<b>Schedule of Revenues and Expenditures</b>					
	<b>Fiscal Year</b>		<b>Increase</b>		
	<b>2024</b>		<b>(Decrease)</b>		
	<b>2023</b>				
<b>Revenues</b>					
Local Sources	\$	14,785,021	\$	13,866,610	\$ 918,411
State Sources		8,714,864		8,538,723	176,141
Federal Sources		1,854,015		2,321,012	(466,997)
<b>Total Revenues</b>		<b>25,353,900</b>		<b>24,726,345</b>	<b>\$ 627,555</b>
<b>Expenditures</b>					
Instructional Services		16,624,125		15,519,158	\$ 1,104,967
Support Services		7,056,129		7,323,114	(266,985)
Community Services		107,403		43,460	63,943
Payments to other governments		1,475,957		983,202	492,755
<b>Total Expenditures</b>		<b>25,263,614</b>		<b>23,868,934</b>	<b>\$ 901,925</b>
<b>Excess of Revenues over Expenditures</b>	<b>\$</b>	<b>90,286</b>	<b>\$</b>	<b>857,411</b>	

The Operations and Maintenance Account reflected a decrease in capital outlay from \$177,154 in fiscal year 2023 to \$142,673 in fiscal year 2024 due to increased renovation projects that took place in FY23, including concrete repair at all three schools major HVAC upgrades. The Operations and Maintenance fund balance decreased by \$1,149,541 in fiscal year 2024. The decrease in fund balance is attributed to a \$600,000 fund transfer to fund 60 to help fund capital projects and a reduction in federal revenue to fund 20 due to a decrease in COVID relief funds.

The Working Cash Account fund balance ended the fiscal year at \$1,370,099, down \$452,604 for the year.

The Tort Immunity Account revenues consisted of local property taxes and evidence-based funding. This fund also remained relatively flat as expenditures for Property Casualty insurance were \$173,464 for the year. The fund balance ended the fiscal year at \$35,706.

Non-major Governmental Funds include the Transportation Fund, Municipal Retirement/Social Security Fund and Fire Prevention and Safety Fund. Transportation is a significant operating expense for the District. As shown below in Table A-4, transportation revenues increased as a result of an increase in mandated categorical payment amounts. Transportation expenditures stay relatively consistent because the District has a stable multi-year agreement for transportation services and relatively stable student enrollment and transportation needs.

# Keeneyville School District No. 20

## Management's Discussion and Analysis

### For the Year Ended June 30, 2024

<b>Transportation Fund (Table A-4)</b>				
<b>Schedule of Revenues and Expenditures</b>				
	Fiscal Year 2024	Fiscal Year 2023	Increase (Decrease)	
<b>Revenues</b>				
Local Sources	\$ 937,671	\$ 855,155	\$	82,516
State Sources	587,843	474,467		113,376
<b>Total Revenues</b>	<b>1,525,514</b>	<b>1,329,622</b>	<b>\$</b>	<b>195,892</b>
<b>Expenditures</b>				
Support Services	1,294,776	1,295,427		(651)
<b>Total Expenditures</b>	<b>1,294,776</b>	<b>1,295,427</b>	<b>\$</b>	<b>(651)</b>
<b>Excess of Revenues over Expenditures</b>	<b>\$ 230,738</b>	<b>\$ 34,195</b>		

The Fire Prevention and Safety Fund increased by \$124 during fiscal year 2024 as a result of interest income.

#### **General Fund Budgetary Highlights**

The District budget is prepared in accordance with Illinois law and based on the modified accrual basis of accounting, utilizing revenues, expenditures and encumbrances.

<b>Comparison of 2023-2024 Budget vs. Actual (Table A-5)</b>					
<b>General Fund</b>	<b>Budget</b>	<b>Actual</b>	<b>\$</b>	<b>%</b>	<b>Actual Revenue</b>
			<b>Difference</b>	<b>Difference</b>	<b>over Expenditures</b>
Educational Revenue	\$ 24,584,931	\$ 25,353,900	\$ 768,969	3%	
Educational Expenditures	25,695,979	25,263,614	(432,365)	-2%	\$ 1,201,334
O&M Revenue	2,246,924	2,302,924	56,000	2%	
O&M Expenditures	2,228,800	2,152,465	(76,335)	-3%	150,459
Working Cash Revenue	32,531	47,396	14,865	46%	
Working Cash Expenditures	-	-	-	0%	47,396
Tort Immunity Revenue	202,760	202,480	(280)	0%	
Tort Immunity Expenditures	166,500	173,464	6,964	4%	29,016
<b>Total Revenue</b>	<b>27,067,146</b>	<b>27,906,700</b>	<b>839,554</b>	<b>3%</b>	
<b>Total Expenditures</b>	<b>\$ 28,091,279</b>	<b>\$ 27,589,543</b>	<b>\$ (501,736)</b>	<b>-2%</b>	<b>\$ 1,428,205</b>

Appropriate budgetary control over all governmental expenditures is maintained with the use of a formal encumbrance system. Encumbered amounts lapse at year-end, on June 30, 2024. All appropriations lapse at year-end and must be re-established the following fiscal year.

The Board of Education and the Administration will continue to develop strategies to ensure that the financial condition of the District remains sound.

# Keeneyville School District No. 20

## Management's Discussion and Analysis

### For the Year Ended June 30, 2024

---

#### Capital assets

The District's investment in capital assets included teacher's lounge renovation at Spring Wood Middle School and bathroom renovations at Waterbury Elementary. A more detailed review of the District's capital assets can be seen in Note 4 of the Notes to Financial Statements.

<b>Capital Assets Net of Depreciation (Table A-6)</b>		
	<b>2024</b>	<b>2023</b>
<b>Capital Assets</b>		
Land	\$ 2,151,258	\$ 2,151,258
Building and Improvements	19,451,112	19,340,432
Equipment	656,857	699,040
Right-To-Use Assets - Equipment	571,356	650,953
Right-To-Use Assets - Intangible	362,002	-
<b>Total Capital Assets</b>	<b>\$ 23,192,585</b>	<b>\$ 22,841,683</b>

#### Debt Administration

The District's statutory debt limit is 6.9% of the Equalized Assessed Valuation of all taxable property located within the boundaries of the District.

2023 Equalized Assessed Value:	<u>\$ 547,681,151</u>
Debt Limit @ 6.9%	<u>\$ 37,789,999</u>
General Obligation Debt	\$ 12,700,000
Less: Debt Service Fund Balance	<u>(72,773)</u>
Net General Obligation	
Debt Outstanding	<u>\$ 12,627,227</u>
Legal Debt Margin	<u>\$ 25,162,772</u>

General Obligation Bonds outstanding at year end were \$12,700,000. The District's tax bonds carry an AA rating from Standard & Poor's. The District's ratings reflect a steady, moderate tax base and sound financial operations with ample reserves, moderate debt burden and adequate security protection. Further detail is included in Note 5 of the Notes to Financial Statements.

# Keeneyville School District No. 20

## Management’s Discussion and Analysis

Series 2016		4,435,000		4,710,000
Series 2018		2,520,000		2,520,000
Series 2020A		410,000		410,000
Series 2020B		3,105,000		3,105,000
<b>Total General Obligation Bonds</b>	<b>\$</b>	<b>12,700,000</b>	<b>\$</b>	<b>13,315,000</b>

**Initiatives**

In January of 2023 the Board of Education adopted a new three-year Strategic Plan for FY24 through FY26. The District reviews implementation of the strategic plan quarterly and presents it to the Board. In the Spring of 2024 the Board and Keeneyville Education Association agreed on a four-year teacher contract. FY25 is the first year of the new contract. In the Spring and Summer of 2025 Greenbrook will undergo a capital project, main office expansion and renovation. The scheduled completion date is August 1, 2025.

**Next Year’s Budget**

The 2024-2025 budget represents planned budget deficit. This is attributed to nearly \$1.2 million of capital projects planned for the 2024-2025 school year and a desire from the Board of Education to spend against fund balance to meet student needs

**Factors Bearing on the District’s Future:**

The District is presently aware of several circumstances that may impact the financial health in the future:

- The recent unprecedented inflation has resulted in increased costs related to construction and purchased services, most notably food service and transportation.
- High inflation also influenced contract negotiations. The four-year agreement addresses cost-of-living concerns with increases salaries and benefits.
- The District has seen a gradual reduction in our student population as birth rates have declined. This has the potential to impact Evidence Based Funding which takes student enrollment into consideration.
- The potential of a TRS cost shift, or a property tax freeze could negatively impact the District.
- Recently, the District has had commercial and residential new construction projects within District boundaries, which can bring in new property revenue to the district.

**Contacting the District’s Financial Management**

This financial report is designed to provide the District’s citizens, taxpayers, investors and creditors with a general overview of the District’s finances. Should you have questions about this report or need additional financial information, contact Brian Marroquin, Assistant Superintendent of Finance & Operations, 5540 Arlington Drive E., Hanover Park, IL 60133.

# Keeneyville School District No. 20

## Reconciliation of the Statement of Revenues, Expenditures and Changes In Fund Balance of Governmental Funds to the Statement of Activities

---

**Net change in fund balances - governmental funds** \$ (220,176)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital outlay	\$ 2,142,841	
Depreciation expense	<u>(1,791,939)</u>	350,902

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. These activities consist of:

Change in deferred inflows/outflows related to pension	(208,819)	
Change in deferred inflows/outflows related to OPEB	1,441,348	
Change in net pension liability - IMRF	674,471	
Change in net pension liability - TRS	(78,554)	
Change in net OPEB liability - THIS	<u>(331,576)</u>	1,496,870

The governmental funds record bond and loan proceeds as other financing sources, while repayment of bond and loan principal is reported as an expenditure. Also, governmental funds report the effect of issuance costs and premiums when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of bonds and loans and related items is as follows:

Lease proceeds	(200,206)	
Repayment of bonds and other long term debt	894,803	
Bond premium amortization	42,060	
Amortization of deferred loss on refunding	<u>(26,498)</u>	<u>710,159</u>

**Change in net position of governmental activities** \$ 2,337,755

See accompanying notes to financial statements.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### **Note 1: Summary of Significant Accounting Policies**

Keeneyville School District No. 20 (the District) is governed by an elected Board of Education. The accounting policies of the District conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. A summary of the significant accounting policies, consistently applied in the preparation of the accompanying financial statements is described below.

#### **a. The Reporting Entity**

The District includes all funds of its governmental operations that are controlled by or dependent upon the District as determined on a basis of financial accountability. Financial accountability includes appointment of the organization's governing body, imposition of will, and fiscal dependency. The accompanying financial statements include only those funds of the District as there are no other organizations for which it has financial accountability.

Joint Venture – The District is also a member of the following organization:

School Association for Special Education (See Note 9)

#### **b. Fund Accounting**

The accounts of the District are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. The following summarizes the fund types used by the District:

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 1: Summary of Significant Accounting Policies (Continued)

#### b. Fund Accounting (Continued)

GASB statement No. 54 refined the definitions of various governmental funds. These updated definitions are incorporated into the following fund descriptions.

Governmental funds include the following fund types:

**General Fund** – The General Fund, which consists of the legally mandated Educational Account, Operations and Maintenance Account, and Working Cash Account is used to account for the revenues and expenditures, which are used in providing education in the District. It is used to account for all financial resources except those accounted for in other funds.

- **Educational Account** – These accounts are used for most of the instructional and administrative aspects of the District’s operations, as well as providing school lunch services to students. The revenue consists primarily of local property taxes, state government aid and student registration fees and lunch receipts from the District food service program.
- **Operations and Maintenance Account** – This fund accounts are used for expenditures made for operation, repair and maintenance of District property. Revenue consists primarily of local property taxes.
- **Working Cash Account** – This fund accounts for financial resources held by the District to be used as loans for working capital requirements to any other fund for which taxes are levied. The Working Cash Account was established and has been used to respond to fluctuations in cash flow resulting from unpredictable property tax collections. The earnings of the fund are allowed to be transferred to another fund under the Illinois Compiled Statutes. The principal of the fund, accumulated from bond issues, can be used as a source from which the District borrows money to support temporary deficiencies in other funds, or may be partially or fully transferred to the General Fund and the Special Revenue Funds Operation and Maintenance and Transportation Funds, upon Board approval. In fiscal year 2017 the District created a small levy for this account to access property taxes.
- **Tort Immunity Account** – This fund accounts for revenues and expenditures related to tort immunity. Revenue is primarily derived from local property taxes.

**Special Revenue Funds** - Special Revenue Funds account for the proceeds of specific revenue sources (other than Debt Service and Capital Projects Funds) that are legally restricted to expenditures for specified purposes. The District's Special Revenue Funds are the Transportation and Municipal Retirement/Social Security Funds.

- **Transportation Fund** – This fund, elected by the District to be reported as major, accounts for the revenue and expenditures relating to student transportation, both to and from school. Revenue is derived primarily from local property taxes and state reimbursement grants.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 1: Summary of Significant Accounting Policies (Continued)

#### b. Fund Accounting (Continued)

- **Municipal Retirement/Social Security Fund** – This fund, elected by the District to be reported as major, accounts for the District’s portion of the pension contributions to the Illinois Municipal Retirement Fund for noncertified employees and social security contributions for applicable certified and noncertified employees. Revenue to finance the contributions is derived primarily from local property taxes.

**Debt Service Funds** - Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Debt service funds should be used to report resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in debt service funds.

- **Debt Service Fund** - The Debt Service Fund, elected by the District to be reported as major, accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. Since there are no legal requirements on bond indentures, which mandate that a separate fund be established for each bond issue, the District maintains one Debt Service Fund for all bond issues.

**Capital Projects Funds** - Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

- **Capital Project Fund** – The Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities. Revenue is primarily derived from debt proceeds.
- **Fire Prevention and Safety Fund** – The Fire Prevention and Safety Fund accounts for financial resources to be used for acquisitions and construction projects, which qualify as Fire Prevention and Safety expenditures. Revenue is primarily derived from debt proceeds.

The District reports the following funds as major governmental funds:

- General Fund
- Debt Service Fund (elected as major)
- Capital Projects Fund (elected as major)

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### **Note 1: Summary of Significant Accounting Policies** (Continued)

#### **b. Fund Accounting** (Continued)

The District has adopted a policy consistent with GASB Statement No. 34 to net the interfund receivables and payables for combined totals used to determine the major funds. Consequently, the interfund loan balances, which net to zero, are not utilized to determine major funds. The District has elected to report the Debt Service Fund and Capital Project Fund as major funds for the year ended June 30, 2024.

#### **c. Basis of Presentation**

##### **Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the District, except for fiduciary funds. The effects of interfund activity have been eliminated. All of the District's operating activities are considered "governmental activities", that is, activities that are normally supported by taxes and intergovernmental revenues. The District has no operating activities that would be considered "business activities". The statement of net position presents the financial condition of the governmental activities of the District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Property taxes and other revenues which are not classified as program revenues are presented as general revenues of the District. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenue of the District.

##### **Measurement focus, basis of accounting, and financial statement presentation**

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the District are included on the Statement of Net Position.

##### **Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting, as applicable. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 1: Summary of Significant Accounting Policies (Continued)

#### c. Basis of Presentation (Continued)

##### Revenues - Exchange and Non-exchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year-end.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes, interest, grants, entitlements and student fees.

##### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet will sometimes report a separate section of deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents the acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

##### Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocation of costs, such as depreciation and amortization are not recognized in governmental funds.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 1: Summary of Significant Accounting Policies (Continued)

#### d. Deposits and Investments

Investments held by the District which are short-term highly liquid investments having a remaining maturity of one year or less at the time of purchase are reported by the District at amortized cost. All other investments are reported at fair value. Gains or losses on the sale of investments are recognized upon realization. Unrealized gains and losses are realized for those investments valued at fair value. Investments are placed according to guidelines provided by the Illinois Compiled Statutes public funds investment act.

Under Illinois law, the District is restricted to investing funds in specific types of investment instruments. The following generally represents the types of instruments allowable by state law:

- Securities issued or guaranteed by the United States.
- Interest-bearing accounts of financial institutions insured by the Federal Deposit Insurance Corporation.
- Short-term obligations (less than 180 days) of U.S. corporations with assets over \$500,000,000 rated in the three highest classifications by at least two rating agencies.
- Insured accounts of an Illinois credit union chartered under United States or Illinois law.
- Money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same types of obligations.
- Illinois Funds. (A state sponsored investment pool.)
- Repurchase agreements which meet instrument transactions requirements of Illinois law.
- Interest-bearing bonds of any county, township, city, village, incorporated town, municipal corporation, school district, the State of Illinois, any other state, or any political subdivision or agency of the State of Illinois or any other state.

#### e. Capital Assets

Capital assets, which include land, buildings, buildings improvements, vehicles, equipment, and construction in progress are reported in the government-wide financial statements. The District defines capital assets as assets with an initial cost of more than \$2,500 and an estimated life in excess of one years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset are not capitalized.

Buildings, improvements, furniture and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and building improvements	40-50 years
Land improvements	20 years
Furniture, equipment and vehicles	5-10 years

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### **Note 1: Summary of Significant Accounting Policies (Continued)**

#### **f. Long-Term Obligations**

In the government-wide financial statements and proprietary fund types in the fund statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bonds payable are reported net of applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **g. Fund Equity**

In the government-wide financial statements, net position is reported as restricted when constraints placed on net position are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

#### **h. Property Taxes**

Property taxes are levied each year on all taxable real property located in the District on or before the last Tuesday in December. The adoption date for the 2023 tax levy was December 21, 2023. Taxes attach as an enforceable lien on property on January 1 and are payable in two installments (on or about June 1 and September 1) subsequent to the year of levy. The District receives significant distributions of tax receipts approximately one month after these due dates. Property taxes for the 2023 levy, which are partially collected during the 2024 fiscal year, are considered to be budgeted to fund the operations of the 2025 school year and are reported as unavailable revenue.

#### **i. Personal Property Replacement Taxes**

Personal property replacement tax revenues are first allocated to the extent required by Illinois law to the Municipal Retirement/Social Security Fund with the balance allocated to funds at the discretion of the District.

#### **j. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF), together "the Plans," and additions to/deductions from the Plans' fiduciary net positions have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### **Note 1: Summary of Significant Accounting Policies** (Continued)

#### **k. Other Post Employment Benefits (OPEB)**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net positions of the Teachers' Health Insurance Security Fund (THIS) "the Plan," and additions to/deductions from the Plans' fiduciary net positions have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

#### **l. Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### **m. Prior Year Comparative Information**

The basic financial statements include certain prior-year partial comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2023 from which the partial information was derived.

### **Note 2: Cash and Investments**

#### **Custodial Credit Risk – Deposits**

At June 30, 2024, the carrying amount of the District's deposits totaled \$20,143,879 and the bank balances totaled \$20,955,867. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. As of June 30, 2024, all deposits were either insured or collateralized.

#### **Investments**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

# Keeneyville School District No. 20

## Notes to Financial Statements

### Note 2: Cash and Investments (Continued)

As of June 30, 2024, the District had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			Percent of Portfolio	Applicable Agency Rating
		Less than 1	Over 1	6 - 10		
<b>Other Investments:</b>						
Illinois School District						
Liquid Asset Fund	\$ 9,736,447	\$ 9,736,447	\$ -	\$ -	81 %	AAAm
US Treasuries	<u>2,289,285</u>	<u>1,846,860</u>	<u>442,425</u>	-	<u>19 %</u>	Aaa
Total investments	<u>\$12,025,732</u>	<u>\$11,583,307</u>	<u>\$ 442,425</u>	<u>\$ -</u>	<u>100.0 %</u>	

The District had the following recurring fair values measurements as of June 30, 2024:

- Municipal bonds of \$xxxx are valued by a pricing service based on recent market transactions (Level 2 inputs)

The Illinois School District Liquid Asset Fund Plus (ISDLAF+) is an investment pool created and regulated by the Illinois General Assembly. The fair value of the District's investment in ISDLAF+ has been determined using the net asset value (NAV) per share (or its equivalent) of the investments. The NAV of the Liquid Class and MAX Class are determined as of the close of business on each Illinois banking day. The Multi-Class Series invests in high-quality short-term debt instruments (money market instruments), and shares may be redeemed on any Illinois banking day. The Term Series invest in high-quality debt instruments, which are generally money market instruments but may include instruments with a maturity over one year, and shares may be redeemed with seven days' advance notice. There were no known restrictions on redemption of the District's investments as of June 30, 2024.

#### Credit Risk

The District's investments are rated, as shown above, by the applicable rating agency. The District has adopted a policy to limit its credit risk by limiting its investments to the investments allowed in Note 1d.

#### Concentration of Credit Risk

The District places no limit on the amount the District may invest any one issuer. More than 5 percent of the District's investments are concentrated in specific individual investments. The above table indicates the percentage of each investment to the total investments of the District.

#### Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

# Keeneyville School District No. 20

## Notes to Financial Statements

### Note 3: Special Tax Levies

Proceeds from the Tort Immunity (liability insurance) special tax levy and related expenditures have been included in the operations of the General Fund (Tort Immunity Account). At June 30, 2024, the cumulative Tort Immunity revenues exceeded related cumulative expenditures resulting in a \$35,706 fund balance. Tort expenditures consisted of \$173,464 of insurance premiums.

Proceeds from the Special Education special tax levy and related expenditures disbursed have been included in the operations of the Educational Account. At June 30, 2024, the cumulative Special Education expenditures disbursed exceeded related cumulative revenues received in the Educational Fund.

### Note 4: Capital Assets

A summary of changes in capital assets follows:

<b>Governmental Activities</b>	Balance 7/1/2023	Additions	Deletions	Balance 06/30/24
Capital assets, not being depreciated:

## Notes to Financial Statements

### Note 4: Capital Assets (Continued)

Depreciation/amortization expense was charged to functions of the District as follows:

<i>Instructional Services</i>		
Regular programs	\$	1,437,136
Special programs		143,355
<i>Supporting Services</i>		
Instructional staff		23,295
General administration		111,100
School administration		17,919
Operations and maintenance of facilities		35,839
Transportation		<u>23,295</u>
Total	\$	<u>1,791,939</u>

### Note 5: General Long-Term Debt

The following is a summary of the components of long-term debt and related transactions of the District for the year ended June 30, 2024.

Long-term debt consisted of the following at June 30, 2024:

	Balance 7/1/2023	Additions	Reductions	Balance 06/30/24	Amounts due Within One Year
<b>General Obligation Bonds</b>					
12/15/2015 Refunding/Fire Prevention & Safety Bonds	\$ 2,570,000	\$ -	\$ (340,000)	\$ 2,230,000	\$ 320,000
3/30/2016 Fire Prevention & Safety Bonds	4,710,000	-	(275,000)	4,435,000	335,000
9/4/2018 General Obligation Limited Tax School Bonds	2,520,000	-	-	2,520,000	-
5/7/2020 General Obligation Refunding Bonds	410,000	-	-	410,000	-
5/7/2020 General Obligation Limited Tax School Bonds	<u>3,105,000</u>	<u>-</u>	<u>-</u>	<u>3,105,000</u>	<u>-</u>
<b>Total General Obligation Bonds</b>	13,315,000	-	(615,000)	12,700,000	655,000
Premium on Bonds Issued	368,148	-	(42,060)	326,088	-
Leases	650,953	200,206	(279,803)	571,356	252,189
Net Pension Liability - TRS	755,187	78,554	-	833,741	-

# Keeneyville School District No. 20

## Notes to Financial Statements

### Note 5: General Long-Term Debt (Continued)

#### a. General Obligation Bonds

Bonds dated 12/15/15 were issued in the amount of \$5,655,000. Principal payments are due January 1, with the last installment due 1/1/2029. Interest is paid July 1 and January 1, with rates varying from 3.0% to 4.0%.

Bonds dated 3/30/16 were issued in the amount of \$6,180,000. Principal payments are due January 1, with the last installment due 1/1/2035. Interest is paid July 1 and January 1, with rates varying from 3.00% to 4.00%.

Bonds dated 9/4/18 were issued in the amount of \$2,520,000. Principal payments are due January 15, with the last installment due 1/15/2035. Interest is paid July 15 and January 15, with rates varying from 3.4% to 4.0%.

Bonds dated 5/7/2020 were issued in the amount of \$410,000. Principal payments are due January 15, with the last installment due 1/15/2035. Interest is paid July 15 and January 15, at a rate of 3.465%.

Bonds dated 5/7/2020 were issued in the amount of \$3,105,000. Principal payments are due January 15, with the last installment due 1/15/2038. Interest is paid July 15 and January 15, at a rate of 2.490%.

At June 30, 2024, the annual cash flow requirements of all bonds payable to retirement were as follows:

Due In Fiscal Year	Principal	Interest	Total
2025	\$ 655,000	\$ 433,345	\$ 1,088,345
2026	695,000	407,144	1,102,144
2027	735,000	383,695	1,118,695
2028	775,000	358,994	1,133,994
2029	820,000	332,954	1,152,954
2030 - 2034	4,850,000	1,183,134	6,033,134
2035 - 2039	<u>4,170,000</u>	<u>253,580</u>	<u>4,423,580</u>
Totals	<u>\$ 12,700,000</u>	<u>\$ 3,352,846</u>	<u>\$ 16,052,846</u>

Payments to retire bonds payable will be made from debt service levies in future periods. There is \$72,773 of fund equity available in the Debt Service Fund to service outstanding bonds payable. The District is subject to the Illinois Compiled Statutes which limits the amount of bond indebtedness, to 6.9% of the most recent available equalized assessed valuation of the District. As of June 30, 2024 the statutory debt limit for the District was \$37,789,999, providing a debt margin of \$25,162,772 after taking into account amounts available in the Debt Service Fund.

In Fiscal year 2020 the District partially refunded a portion of the 2015 Refunding/Fire Prevention and Safety Bonds. As of June 30, 2024, \$120,000 of the 2015 bonds defeased through the issuance of the May 7, 2020 general obligation refunding bonds were still outstanding.

# Keeneyville School District No. 20

## Notes to Financial Statements

### Note 5: General Long-Term Debt (Continued)

#### b. Leases

The District has entered into lease agreements as lessee for the use of office equipment. The lease obligations have been recorded at the present value of the future minimum lease payments as of the inception date. At June 30, 2024, \$1,262,770 of amounts included in capital assets were acquired via leases. The obligations for the leases will be repaid from the Debt Service Fund.

The elements of the District's leases at June 30, 2024 are as follows:

Leased Asset	Implementation / Commencement	Termination	Interest Rate	Initial Liability	Liability at June 30, 2024	Due Within One Year
Technology equipment	7/1/2021	8/1/2024	4.5515%	\$ 30,844	\$ 8,233	\$ 8,233
Office equipment	7/1/2021	7/25/2023	3.9990%	119,762	-	-
Technology equipment	7/1/2021	7/15/2024	5.3988%	22,358	-	-
Technology equipment	7/1/2021	7/15/2023	1.8424%	102,394	-	-
Technology equipment	9/15/2021	9/15/2025	4.0805%	65,796	26,813	13,138

Totals				<u>\$ 1,304,549</u>	<u>\$ 571,356</u>	<u>\$ 252,189</u>

# Keeneyville School District No. 20

## Notes to Financial Statements

### Note 5: General Long-Term Debt (Continued)

The future annual debt service requirements on the outstanding leases at June 30, 2024 are as follows:

Due In Fiscal Year	Lease		Total
	Principal	Interest	
2025	\$ 252,189	\$ 27,647	\$ 279,836
2026	133,905	14,342	148,247
2027	125,974	8,042	134,016
2028	41,413	2,024	43,437
2029	<u>17,875</u>	<u>224</u>	<u>18,099</u>
Totals	<u>\$ 571,356</u>	<u>\$ 52,279</u>	<u>\$ 623,635</u>

### Note 6: Employee Retirement Systems

The retirement plans of the District include the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF). Most funding for TRS is provided through payroll withholdings of certified employees and contributions made by the State of Illinois on-behalf of the District. IMRF is funded through property taxes and a perpetual lien of the District's corporate personal property replacement tax. Each retirement system is discussed below. The General Fund has been used in prior years to liquidate pension liabilities.

#### a. Teachers' Retirement System of the State of Illinois (TRS)

##### *Plan Description*

The District participates in the Teachers Retirement System of the State of Illinois (TRS). TRS is a cost-sharing, multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://www.trsil.org/financial/acfrs/fy2023>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 6: Employee Retirement Systems (Continued)

#### a. Teachers' Retirement System of the State of Illinois (TRS) (Continued)

##### *Benefits Provided*

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

##### *Contributions*

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2023, was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 6: Employee Retirement Systems (Continued)

#### a. Teachers' Retirement System of the State of Illinois (TRS) (Continued)

##### *Contributions (Continued)*

**On-behalf contributions to TRS.** The State of Illinois makes employer pension contributions on-behalf of the District. For the year ended June 30, 2024, State of Illinois contributions recognized by the District were based on the State's proportionate share of the pension expense associated with the District, and the District recognized revenue and expenses of \$6,062,667 in the governmental activities based on the economic resources measurement focus and revenues and expenditures of \$5,369,437 in the General Fund based on the current financial resources measurement focus.

**2.2 formula contributions.** The District contributes 0.58% of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2024 were \$65,083, and are deferred because they were paid after the June 30, 2023 measurement date.

**Federal and special trust fund contributions.** When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2024, the employer pension contribution was 10.60% of salaries paid from federal and special trust funds. For the year ended June 30, 2024, \$104,600 of salaries were paid from the federal and special trust funds that required employer contributions of \$11,088. These contributions are deferred because they were paid after the June 30, 2023 measurement date.

**Employer retirement cost contributions.** Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2024, the employer paid \$2,707 to TRS for employer contributions due on salary increases in excess of 6 percent and made no payments for sick leave days granted in excess of the normal annual allotment.

## Notes to Financial Statements

### Note 6: Employee Retirement Systems (Continued)

#### a. Teachers' Retirement System of the State of Illinois (TRS) (Continued)

#### *Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$	833,741
State's proportionate share of the net pension liability associated with the District		<u>71,952,288</u>
 Total		 <u>\$ 72,786,029</u>

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2023, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2023, the employer's proportion was 0.000981%, which was an increase of 0.000080% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized pension expense of \$6,123,552 and revenue of \$6,062,667 for support provided by the state. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred Outflows of Resources		Deferred Inflow of Resources
Difference between expected and actual experience	\$	3,466	\$	3,361
Changes in assumptions		2,844		733
Net difference between projected and actual earnings in pension plan investments		-		24
Changes in proportion and differences between District contributions and proportionate share of contributions		<u>55,332</u>		<u>75,575</u>
Total deferred amounts to be recognized in OPEB expense in future periods		61,642		79,693
District's contributions subsequent to the measurement date		<u>78,878</u>		<u>-</u>
 Total	 \$	 <u>140,520</u>	 \$	 <u>79,693</u>

# Keeneyville School District No. 20

## Notes to Financial Statements

### Note 6: Employee Retirement Systems (Continued)

#### a. Teachers' Retirement System of the State of Illinois (TRS) (Continued)

#### *Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions* (Continued)

\$78,878 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Net Deferred Outflows (Inflows) of Resources
2025	\$ (22,387)
2026	(19,973)
2027	7,940
2028	8,725
2029	<u>7,644</u>
Total	<u>\$ (18,051)</u>

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	Varies by amount of service credit
Investment rate of return	7.00% net of pension plan investment expense, including inflation
Healthcare cost trend rates	In the June 30, 2023 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for the TRS experience. The rates are based on a fully-generational basis using projection table MP-2020. In the June 30, 2022 actuarial valuation, mortality rates were also based on the PubT-2010 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2020.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 6: Employee Retirement Systems (Continued)

#### a. Teachers' Retirement System of the State of Illinois (TRS) (Continued)

##### *Actuarial Assumptions (Continued)*

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global equity	37.0 %	5.35 %
Private equity	15.0 %	8.03 %
Income	26.0 %	4.32 %
Real seets	18.0 %	4.60 %
Diversifying strategies	<u>4.0 %</u>	3.40 %
Total	<u><u>100.0 %</u></u>	

##### ***Discount Rate***

At June 30, 2023, the discount rate used to measure the total pension liability was 7.0%, which was the same as the June 30, 2022 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 6: Employee Retirement Systems (Continued)

#### a. Teachers' Retirement System of the State of Illinois (TRS) (Continued)

##### *Discount Rate (Continued)*

Based on those assumptions, TRS's fiduciary net position at June 30, 2023 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially-funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

##### ***Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate***

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$ 1,026,218	\$ 833,741	\$ 674,006

Detailed information about the TRS's fiduciary net position as of June 30, 2023 is available in the separately issued TRS Annual Comprehensive Financial Report.

#### b. Illinois Municipal Retirement Fund (IMRF)

##### *Plan Description and Benefits*

The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The District's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained online at [www.imrf.org](http://www.imrf.org).

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 6: Employee Retirement Systems (Continued)

#### b. Illinois Municipal Retirement Fund (IMRF) (Continued)

All employees (other than those covered by TRS) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after 10 years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with 10 years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

#### *Plan Membership*

As of June 30, 2024, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	137
Inactive employees entitled to but not yet receiving benefits	124
Active employees	<u>63</u>
Total	<u><u>324</u></u>

#### *Contributions*

As set by statute, Regular plan members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's actual contribution rate for calendar year 2023 was 4.58% of covered payroll. The District contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### *Net Pension Liability*

The District's net pension liability was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

#### b. Illinois Municipal Retirement Fund (IMRF) (Continued)

##### *Actuarial Assumptions*

The total pension liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value of Assets
Amortization method	Level Percent of Payroll
Price inflation	2.25%
Salary increases	2.85% to 13.75%, including inflation
Investment rate of return	7.25%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2023 valuation pursuant to an experience study of the period 2020-2022.
Mortality	For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.
Other information: Notes	There were no benefit changes during the year.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 6: Employee Retirement Systems (Continued)

#### b. Illinois Municipal Retirement Fund (IMRF) (Continued)

##### *Actuarial Assumptions (Continued)*

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2023:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equities	34.5 %	5.00 %
International equities	18.0 %	6.35 %
Fixed income	24.5 %	4.75 %
Real estate	10.5 %	6.30 %
Alternatives	11.5 %	6.05 - 8.65 %
Cash	<u>1.0 %</u>	3.80 %
Total	<u><u>100.0 %</u></u>	

##### *Discount Rate*

The single discount rate used to measure the total pension liability for IMRF was 7.25%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The single discount rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.77%, and the resulting single discount rate is 7.25%.

### Note 6: Employee Retirement Systems (Continued)

#### b. Illinois Municipal Retirement Fund (IMRF) (Continued)

##### *Sensitivity of the Net Pension Liability to Changes in the Discount Rate*

The following presents the net pension liabilities of the District, calculated using the discount rate of 7.25%, as well as what the District's net pension liabilities would be if they were calculated using discount rates that are 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate :

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
District's proportionate share of the net pension liability	\$ 1,555,978	\$ 149,856	\$ (1,004,270)

##### *Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

For the year ended June 30, 2024, the District recognized pension expense of \$(242,797). At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ 19,626	\$ -
Changes in assumptions	-	5,320
Net difference between projected and actual earnings in OPEB plan investments	781,863	-
Total deferred amounts to be recognized in OPEB expense in future periods	801,489	5,320
District's contributions subsequent to the measurement date	59,008	-
Total	\$ 860,497	\$ 5,320

## Notes to Financial Statements

### Note 6: Employee Retirement Systems (Continued)

#### b. Illinois Municipal Retirement Fund (IMRF) (Continued)

*Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)*

\$59,008 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31,	Net Deferred Outflows (Inflows) of Resources
2024	\$ 88,066
2025	262,281
2026	550,420
2027	<u>(104,598)</u>
 Total	 \$ <u>796,169</u>

Aggregate Pension Amounts: At June 30, 2024, the District reported the following from all pension plans:

	TRS	IMRF	Total
Net pension liability/(asset)	\$ 833,741	\$ 149,856	\$ 983,597
Deferred outflows of resources	140,520	860,497	1,001,017
Deferred inflows of resources	79,693	5,320	85,013
Pension expense (income)	6,123,552	(242,797)	\$ 5,880,755

### Note 7: Other Postemployment Benefits

#### Teacher Health Insurance Security (THIS)

*Plan Description.* The District participates in the Teacher Health Insurance Security Fund (THIS). The THIS is a cost-sharing, multiple-employer defined benefit post-employment healthcare plan (OPEB) that was established by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. THIS members are retirees of public schools who were certified educators or administrators. Eligibility is currently limited to former full-time employees, and others who were not full-time employees that meet certain requirements, and their dependents. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) (SEGIA) establishes the eligibility and benefit provisions of the plan.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### **Note 7: Other Postemployment Benefits** (Continued)

#### **Teacher Health Insurance Security (THIS)** (Continued)

The THIS issues a publicly available financial report that can be obtained at the website of the Illinois Auditor General: <https://www.auditor.illinois.gov/Audit-Report/ABC-List.asp>. The current reports are listed under "Central Management Services"; prior reports are available under "Healthcare and Family Services".

#### *Benefits Provided*

The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state administered participating provider option plan or choose from several managed care options. Annuitants who were enrolled in Medicare Parts A and B may be eligible to enroll in Medicare Advantage Plans.

Amendments to the plan can be made only by legislative action with the Governor's approval. Effective July 1, 2012, in accordance with Executive Order 12-01, the plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS.

#### *Contributions*

The SEGIA requires that all active contributors to the TRS, who are not employees of a department, make contributions to the plan at a rate of 0.90% of salary and for every employer of a teacher to contribute an amount equal to 0.67% of each teacher's salary. Additionally, the SEGIA requires the State to match the employees' contribution on-behalf of the employer. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the THIS, an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year.

The SEGIA requires that the Department's Director determine the rates and premiums of annuitants and dependent beneficiaries and establish the cost-sharing parameters, as well as funding. Member premiums are set by this statute, which provides for a subsidy of either 50% or 75%, depending upon member benefit choices. Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

**On-behalf contributions to THIS.** The state of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members which were 0.90% of pay during the year ended June 30, 2024, and the District recognized revenues and expenditures of \$(1,141,709) in the General Fund based on the current financial resources measurement focus. The District also recognized revenue and expenses of \$100,991 in the governmental activities based on the economic resources measurement focus.

# Keeneyville School District No. 20

## Notes to Financial Statements

### Note 7: Other Postemployment Benefits (Continued)

#### Teacher Health Insurance Security (THIS) (Continued)

**Employer contributions to THIS Fund.** The District also makes contributions to THIS Fund. The District THIS Fund contribution was 0.67% during the year ended June 30, 2024. For the year ended June 30, 2024, the District paid \$75,182 to the THIS Fund, which was 100 percent of the required contribution. These contributions are deferred because they were paid after the June 30, 2023 measurement date.

#### *OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

At June 30, 2024, the District's reported a liability for its proportionate share of the net OPEB liability. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net OPEB liability	\$ 2,621,264
State's proportionate share of the net OPEB liability associated with the District	<u>3,544,784</u>
 Total	 \$ <u><u>6,166,048</u></u>

The net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022 and rolled forward to June 30, 2023. The District's proportion of the net OPEB liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2023, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2023, the District's proportion was 0.036778%, which was an increase of 0.003326% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized OPEB expense of \$2,176,294.

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ -	\$ 1,463,769
Changes in assumptions	34,744	5,152,202
Net difference between projected and actual earnings in OPEB plan investments	1,044	-
Changes in proportion and differences between District contributions and proportionate share of contributions	<u>939,029</u>	<u>334,777</u>
Total deferred amounts to be recognized in OPEB expense in future periods	974,817	6,950,748
District's contributions subsequent to the measurement date	<u>75,182</u>	<u>-</u>
Totals	<u>\$ 1,049,999</u>	<u>\$ 6,950,748</u>

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 7: Other Postemployment Benefits (Continued)

#### Teacher Health Insurance Security (THIS) (Continued)

*OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)*

\$75,182 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	Net Deferred Outflows (Inflows) of Resources
2025	\$ (1,093,830)
2026	(976,196)
2027	(945,225)
2028	(933,275)
2029	(860,801)
Thereafter	<u>(1,166,604)</u>
Total	<u>\$ (5,975,931)</u>

#### *Actuarial Valuation Method*

The actuarial valuation was based on the Entry Age Normal cost method. Under this method, the normal cost and actuarial accrued liability are directly proportional to the employee's salary. The normal cost rate equals the present value of future benefits at entry age divided by the present value of future salary at entry age. The normal cost at the member's attained age equals the normal cost rate at entry age multiplied by the salary at attained age. The actuarial accrued liability equals the present value of benefits at attained age less present value of future salaries at attained age multiplied by normal cost rate at entry age.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### Note 7: Other Postemployment Benefits (Continued)

#### Teacher Health Insurance Security (THIS) (Continued)

##### *Actuarial Assumptions.*

The total OPEB liability was determined by an actuarial valuation as of June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified:

Inflation	2.25%
Salary increases	Depends on service and ranges from 8.50% at 1 year of service to 3.50% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption
Investment rate of return	2.75%, net of OPEB plan investment expense, including inflation, for all plan years
Healthcare cost trend rates	Trend rates for plan year 2024 are based on actual premium increases. For non-Medicare costs, trend rates start at 8.00% for plan year 2025 and decrease gradually to an ultimate rate of 4.25% in 2040. For MAPD costs, trend rates are 0% in 2024 to 2028, 19.42% in 2029 to 2033 and 6.08% in 2034, declining gradually to an ultimate rate of 4.25% in 2040.

Mortality rates for retirement and beneficiary annuitants were based on the PubT-2010 Retiree Mortality Table, adjusted for TRS experience. For disabled annuitants mortality rates were based on the PubNS-2010 Non-Safety Disabled Retiree Table. Mortality rates for pre-retirement were based on the PubT-2010 Employee Mortality Table. All tables reflect future mortality improvements using Projection Scale MP-2020.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2020

##### *Discount Rate*

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since the THIS is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 3.86% as of June 30, 2022, and 3.69% as of June 30, 2021. The increase in the single discount rate from 3.69% to 3.86% caused the total OPEB liability to decrease by approximately \$137 million from 2022 to 2023.

# Keeneyville School District No. 20

## Notes to Financial Statements

### Note 7: Other Postemployment Benefits (Continued)

#### Teacher Health Insurance Security (THIS) (Continued)

##### *Sensitivity of the Employer's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate*

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 3.86%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.86%) or 1-percentage-point higher (4.86%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
	2.86%	3.86%	4.86%
District's proportionate share of the net OPEB liability	\$ 2,926,945	\$ 2,621,264	\$ 2,351,617

##### *Sensitivity of the Employer's Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate*

The following presents the District's proportionate share of the net OPEB liability calculated using the healthcare cost trend rate, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate. They key trend rates are 8.00% in 2024 decreasing to an ultimate trend rate of 4.25% in 2040.

	1% Decrease	Healthcare Cost Trend Rate Assumptions	1% Increase
	(b)	(a)	(c)
District's proportionate share of the net OPEB liability	\$ 2,231,064	\$ 2,621,264	\$ 3,099,312

- a) Current healthcare trend rates - Pre-Medicare capita costs: 6.00% in 2024, 8.00% in 2025, decreasing by 0.25% per year to an ultimate rate of 4.25% in 2040. Post-Medicare per capita costs: 0.00% from 2024 to 2028, 19.42% from 2029 to 2033, 6.08% in 2034 decreasing ratably to an ultimate trend rate of 4.25% in 2040.
- b) One percentage point decrease in current healthcare trend rates - Pre-Medicare per capita costs: 5.00% in 2024, 7.00% in 2025, decrease by 0.25% per year to an ultimate rate of 3.25% in 2040. Post-Medicare per capita costs: 0.00% from 2024 to 2028, 18.42% from 2029 to 2033, 5.08% in 2034 decreasing ratably to an ultimate rate of 3.25% in 2040.
- c) One percentage point increase in current healthcare trend rates - Pre-Medicare per capita costs: 7.00% in 2024, 9.00% in 2025, decreasing by 0.25% per year to an ultimate rate of 5.25% in 2040. Post-Medicare per capita costs: -% from 2024 to 2028, 20.42% from 2029 to 2033, 7.08% in 2034 decreasing ratably to an ultimate trend rate of 5.25% in 2040.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### **Note 8: Common Bank Account**

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund. Occasionally, certain funds participating in the common bank account will incur overdrafts (deficits) within the account. The overdrafts result from expenditures distributed which have been approved by the School Board.

### **Note 9: Joint Venture - School Association for Special Education in Dupage County (SASED)**

The District has entered into a joint agreement with other districts in DuPage County to provide special education programs and services to the students enrolled. Each member district has a financial responsibility from annual and special assessments as established by the policy board. Complete financial statements for SASED can be obtained from its business office at 6S331 Cornwall Road, Naperville, IL 60540.

### **Note 10: Risk Management**

The District has purchased insurance from private insurance from a risk pool (see Notes 11 and 12) and companies. Risks covered include general liability, workers compensation and others. Premiums have been displayed as expenditures in appropriate funds. No material decreases in insurance coverages have occurred nor have any insurance claims in excess of insurance coverages been paid or reported during the last three years.

### **Note 11: Suburban School Cooperative Insurance Pool (SSCIP)**

The District is a member of SSCIP, a voluntary cooperative agency consisting of Illinois public school districts and joint agreements. SSCIP's purpose is to manage and fund first-party property losses and third party liability claims of its members. Each member district has a financial responsibility to make annual contributions based on property values, student enrollment, personnel employed, past loss history and vehicles owned.

Complete financial statements of SSCIP are available from its treasurer at 5540 Arlington Drive, Hanover Park, IL 60103.

### **Note 12: Education Benefit Cooperative (EBC)**

The District is a member of the Educational Benefit Cooperative (EBC) which is the voluntary cooperative agency consisting of Illinois public school districts joint agreements. Its purpose is to manage and fund medical and dental claims of the covered employees (and their spouses and dependents) of its members. Currently, the various districts are covered under different plans voted on by their members which create various coverage costs and features. Additionally, EBC offers to its members Group Life Insurance Coverage obtained through an outside insurance company. EBC began operations on June 30, 1984, and currently has fifty-four members.

Complete financial statements can be obtained from the Treasurer at 1860 Glen Ellyn Road, Glendale Heights, IL 60139.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### **Note 13: Fund Balance Reporting**

According to Government Accounting Standards, fund balances are to be classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance.

#### **Nonspendable Fund Balance**

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

#### **Restricted Fund Balance**

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Examples of these restrictions could be those imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

##### **1. Special Education**

Revenues and the related expenditures of this restricted tax levy are accounted for in the Educational Account. Expenditures exceeded revenue for this purpose, resulting in no restricted fund balance.

##### **2. Tort Immunity Account**

Expenditures and the related revenues are accounted for in the Tort Immunity Account. Revenues received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$35,706.

##### **3. State and Federal Grants**

Proceeds from state and federal grants and the related expenditures have been included in the General Fund and various Special Revenue Funds. At June 30, 2024, expenditures exceeded revenue from state and federal grants, resulting in no restricted balances.

##### **4. Capital Projects Funds**

Expenditures and the related revenues are accounted for in the Capital Projects and Fire Prevention and Safety Funds. All equity within these funds are restricted for the associated capital expenditures within these funds.

# Keeneyville School District No. 20

## Notes to Financial Statements

---

### **Note 13: Fund Balance Reporting (Continued)**

#### **Committed Fund Balance**

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board through passage of a board resolution). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

#### **Assigned Fund Balance**

The assigned fund balance classification refers to amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

#### **Unassigned Fund Balance**

The unassigned fund balance classification is the residual classification for amounts in the General Fund for amounts that have not been restricted, committed, or assigned to specific purposes within the General Fund, or negative fund balance in any other fund.

#### **Expenditures of Fund Balance**

Unless specifically identified, expenditures disbursed act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures disbursed for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

### **Note 14: Transfers**

During the fiscal year ended June 30, 2024, the District transferred \$500,000 from the Working Cash Account of the General Fund to the Operations and Maintenance Account of the General Fund.

The District also transferred \$1,800,000 from the Operations and Maintenance of the General Fund to the Capital projects Fund.

The District also transferred \$319,028 from the Educational Account of the General Fund to the Debt Service Fund for the payment of principal and interest on leases.

## Schedule of Employer Contributions

### Illinois Municipal Retirement Fund

Last Ten Fiscal Years

Fiscal Year	Actuarially Required Contribution	Contributions in Relation to Actuarially Required Contribution	Contribution Deficiency (Excess)	Covered Payroll	Contributions as a Percentage of Covered Payroll
2024	\$ 113,036	\$ 113,036	\$ -	\$ 2,368,008	4.77 %
2023	123,884	123,884	-	2,170,257	5.71 %
2022	189,388	189,388	-	2,060,809	9.19 %
2021	184,898	184,898	-	2,027,564	9.12 %
2020	164,665	164,665	-	1,941,804	8.48 %
2019	152,499	152,499	-	1,744,350	8.74 %
2018	176,389	176,389	-	1,830,601	9.64 %
2017	168,190	168,190	-	1,762,877	9.54 %
2016	163,430	163,430	-	1,610,322	10.15 %
2015	144,205	144,205	-	1,546,050	9.33 %

#### Notes to Schedule

Valuation date: Actuarially determined contribution rates are calculated as of December 31 of each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

#### Methods and assumptions used to determine contribution rate:

Actuarial cost method	Aggregate entry age normal
Amortization method	Level percent of pay, closed
Remaining amortization period	20-year closed period
Asset valuation method	5-year smoothed market; 20% corridor
Wage growth	2.75%
Inflation	2.25%
Salary increases	2.75% to 13.75%, including inflation
Investment rate of return	7.25%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.

Mortality For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

#### Other Information:

Notes There were no benefit changes during the year.

### Notes to Schedule

#### *Changes of assumptions*

For the 2023 measurement year, the assumed investment rate of return was of 7.0 percent, including an inflation rate of 2.50 percent and a real return of 4.50 percent. Salary increases were assumed to vary by service credit. These actuarial assumptions were based on an experience study dated Sept. 30, 2021.

For the 2022-2018 measurement years, the assumed investment rate of return was 7.0, including an inflation rate of 2.25 percent and a real return of 4.75 percent. Salary increases were assumed to vary by service credit. The assumptions used for the 2020-2018 and 2017-2016 measurement years were based on an experience study dated September 18, 2018 and August 13, 2015, respectively.

For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

\* The amounts presented were determined as of the prior fiscal-year end.

## Notes to Required Supplementary Information

### June 30, 2024

---

#### Budgets and Budgetary Accounting

Annual budgets for all Governmental Funds are adopted on the modified accrual basis, consistent with generally accepted accounting principles (GAAP) for local governments. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the Governmental Funds. All encumbrances are canceled at year end, and, if necessary, are reinstated at the beginning of the subsequent fiscal year. The legal level of budgetary control is the fund level, due to transfers which can be made by the Superintendent in accordance with No.4 below, the District may overspend the budgets at the department level, but may not alter the total fund budget. The Board of Education, in accordance with Chapter 105, Section 5/17-1 of the Illinois Compiled Statutes, follows these procedures in establishing the budgetary data reflected in the financial statements:

- The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted and the proposed budget is available for inspection to obtain taxpayer comments.
- Prior to September 30 the budget is legally adopted through passage of a resolution. On or before the last Tuesday in December, a tax levy ordinance is filed with the County Clerk to obtain tax revenues.
- The Superintendent is authorized to transfer up to 10% of the total budget between departments within any fund without Board of Education approval; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education following the public hearing process mandated by law. The budget, which was not amended, was adopted on August 10, 2023.
- Formal budgetary integration is employed as a management control device during the year for all Governmental Funds.
- The District has adopted a legal budget for all its Governmental Funds. The legal level of budgetary control is at the individual fund level, therefore, actual expenditures for the governmental funds may not legally exceed the total budgeted for such funds. However, under the State Budget Act expenditures may exceed the budget if additional resources are available to finance such expenditures.
- The budget lapses at the end of each fiscal year.
- The District had the following excess of expenditures over budget:

Fund/Account	Budget	Actual	Excess
Tort Immunity Account	\$ 166,500	\$ 173,464	\$ 6,964
Debt Service Fund	1,073,750	1,391,273	317,523

## **STATISTICAL SECTION (UNAUDITED)**

This part of the Government's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

### **Financial Trends**

These schedules contain trend information to help the reader understand how the District's financial performance and well being have changed over time.

### **Revenue Capacity**

These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.

### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

percentage of total tax rate	43%	44%	43%	42%	42%	43%

\*Includes Road District

Tax rates are expressed in dollars per one hundred of assessed valuation.  
 Tax rates are presented for all governments with boundaries that overlap the District.  
 The total tax rate applied to each parcel of taxable property in the District would be less than the total shown above.
