Respect – Grade K

Dear Families/Caregivers,

We are learning about ways we can show kindness to others.

Supporting Your Child in Showing Kindness to Others

- Have your child think about how it feels when others are kind to them.
- Talk about the ways you show kindness to others. Invite your child to identify how they can show kindness.
- Show appreciation to your child when they show you kindness.
- Help your child understand that kindness can be small or large gestures.

Thank you for your support.
