Safe & Ethical Behavior – Grade 3

Dear Families/Caregivers,

We are learning about how conflict and bullying are different.

Here are some ways they are different:

Conflict:

- is when people don't get along or don't agree
- happens once in a while
- is usually not on purpose
- is a normal part of life

Bullying:

- is a pattern of harmful behavior towards a person
- happens over and over again
- is on purpose
- is never okay

Supporting Your Child in Understanding How Conflict and Bullying Are Different

- During conflicts with classmates or friends, encourage your child to identify why it's a conflict and determine how they can work it out.
- If your child experiences or witnesses bullying, or isn't sure if something is bullying, encourage them to tell an adult.
- Encourage your child to be kind to their classmates to help create a safe environment at school.

Thank you for your support.
