

EXPEDITED LOCAL PARTNERSHIP PROGRAM - APPLICATION

Overview of Program

- The Expedited Local Partnership Program (ELPP) permits school districts that are over two years away from eligibility for state assistance under the Classroom Facilities Assistance Program (CFAP) to receive a district wide assessment and master facility plan from the Ohio School Facilities Commission (OSFC). Program participants may spend local resources on a separate and discrete part of their overall master facility plan and later deduct qualifying expenditures from the school district share under CFAP when the school district becomes eligible. OSFC will assess the classroom facility needs of participating school districts and, in conjunction with the school district, develop a district wide master facilities plan. The school district may then expend any local resources, including the proceeds of bonds, to complete a discrete part of the overall master facility plan that is either new construction or major renovation. Any project approved under ELPP shall, where applicable, comply with the Ohio School Facilities Design Manual, Ohio Revised Code and Commission policies. When a participating school district later becomes eligible under CFAP, the Commission will reassess the classroom facility needs of the school district, counting the qualifying local expenditure amounts already spent as part of the local share. If the school district has spent more than the local share on approved expenditures, the state will reimburse the school district for the amount spent above the approved local share.
