Ms. Stevenson's Scoop

Student council is excited to announce that they sold almost \$1000 in candy grams! Which means that we had to order more lollipops...again. 😊 The rest of the candy grams were delivered today. Thank you to everyone for helping to make it a success and for your patience!

I would also like to thank those who were able to join us this morning for our character convocation. It was so great to be able to come together and celebrate our fairness winners.

On a final note, I wanted to share that Frank Beatrice will continue to serve as the SRO for our schools. This is effective immediately and will not cause a lapse in coverage.

Have a wonderful weekend, Panther families!
-Ms. Stevenson

Kindergarten Round-Up

Kindergarten Round-Up is scheduled for April 15th & 16th from 3:30-6:30 p.m.

We will use this time to meet incoming kindergarten students, welcome them to KES, administer brief screenings, and get them enrolled for the upcoming school year.

Please be on the lookout for additional information coming your way soon and share any Round-Up information with families who have a child that will be 5 years old on or before August 1, 2025.

We can't wait to meet our newest Panthers!

AM/PM Car Rider Line

As a friendly reminder, please leave room for staff to drive past you in the AM car rider line. They should always have access to the parking lot at the back of the building. Also, vehicle line up for the PM car rider line starts no earlier than 2:15 p.m. and stay at the stop sign until all buses have been released, and you are asked to move forward. This is for the safety of our students and staff. We appreciate your understanding and your continued support.

Empowered Parenting Workshop: Big Emotions, Big Help

Supporting Your Child Through Big Feelings

Join us for a meaningful conversation about your child's emotional world! Emotions can feel overwhelming for children, especially when they don't know how to express, identify, or regulate them. As caregivers, you are their steady guide through the ups and downs of their *emotional rollercoaster*. Together, we will explore ways to help your child navigate their feelings while building emotional resilience and learning healthy coping skills.

Helping Your Child With Comprehension

Understanding what we read or what is read to us is the ultimate goal of reading. Here are some questions and/or things to think about and discuss **after** reading with your child:

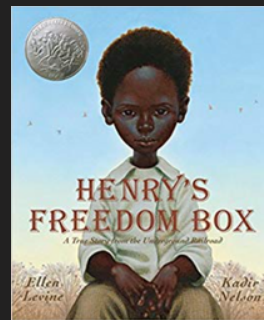

- **Retelling** the story with beginning, middle, and end.
- **Setting:** Where did the story happen?
- **Main Idea:** What was this story mostly about? (Who did what where?)
- **Characters:** Who was in the story? What did we learn about (character name)?
- **Making Connections:** Did this story remind us of an experience in our life? Another book we have read? A movie we have seen? Something we already learned about?

How to Help Your Child Think About Reading

The purpose of reading is to gain meaning. **Predicting** is a strategy in which the reader thinks about what is going to read based on clues from the text. Predicting keeps the reader's mind actively engaged in reading as he/she is trying to figure out what will happen next. Here are some questions to ask your child to reinforce the skill of **predicting**:

- Look at the title and the picture on the cover. What do you think this book will be about?
- During reading: "What do you think is going to happen next in the story?" Also ask, "What causes you to think that?"
- What do you think will happen next?
- How do you think (the character) will solve the problem?
- How do you think the story will end?

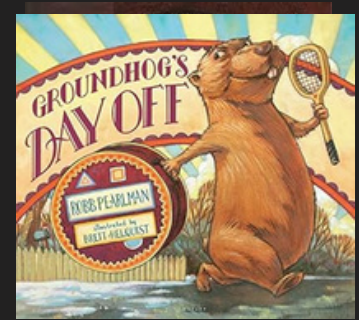

Favorite February Picture Books

Henry's Freedom Box
by Ellen Levine

Grades: 2-5

A stirring, dramatic story of a slave who mailed himself to freedom.

Groundhog's Day Off
by Robb Pearlman

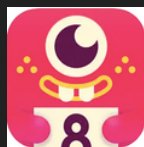

Every year, people ask Groundhog the same, boring old question. Is spring around the corner? Or are we doomed to more winter? Sure, they care about his shadow, but what about him and his interests? He's had enough! Groundhog packs his bags and sets out for a much-needed vacation.

Tech Tidbits

Quick Math Jr.

Grade range: PreK-2

Cost: Free

Quick Math Jr. is an app for kids with **12 different math games that feature fundamental math skills** and concepts. It has unique graphics and buildable characters to keep kids engaged, and all answers are handwritten or drawn on the screen so kids can also practice handwriting.

Help Your Child Become a Fluent Reader

Fluency refers to the way reading sounds. Fluent readers pay attention to punctuation. They read in smooth phrases at an appropriate pace using necessary expression. This month we will focus on **rate**.

- Encourage your child to reread books. Expression and rate should improve with each consecutive reading.
- It's important to read frequently. The more a student reads, the more progress will be made in all areas of
- reading.
- Read aloud to your child. It is important that your child hear fluent reading to know what his reading is supposed to sound like.
