Assistant Superintendent | Finance & Facilities

November 11, 2019

### **Extension to Transportation Routing Software Request for Proposals**

After further consideration, based on feedback from multiple vendors and the District's delay in providing responses to questions, the District is extending the due date and time to Tuesday, December 3, 2019 at 10:00am. There will be no additional extensions or delays. All other requirements for submission remain the same.
