#### iReady Literacy Benchmarks

IReady Literacy Benchmarks				
	Phonological Awareness is the understanding that a spoken word is made up of different parts and that each of these	Phonological Awareness iReady Proficiency Scores		
s al	parts makes a sound. For example, the word <u>bat</u> includes	Score	Proficiency	
Phonological Awareness	the sounds /b/, /a/, and /t/, and the word <u>batter</u> can be	100-346	Emerging K	
olo	broken into two syllables that make the sounds /bat/ and /ter/. Phonological Awareness is an important building block	347-426	Kindergarten	
wa	for Phonics. Readers need to be able to distinguish, or make	427-438	Early 1st	
4 ב	out, the individual sounds in spoken words before they can	439-455	Mid 1st	
	fully master matching sounds to letter.	456-474	Late 1st	
		475-800	Max Score	
	Phonics instruction teaches students how to connect the sounds they hear in spoken words to the letters they see in	Phonics iReady Proficiency Scores		
	written words. For example, a student who can connect	Score	Proficiency	
	sounds to letters knows to read the "th" in <u>then</u> as a single	100-346	Emerging K	
Ś	sound /th/, rather than the sound /t/ and the sound /h/.	347-433	Kindergarten	
nic	Students have to learn many different connections between sounds and spelling patterns. In fact, there are so many	434-453	Early 1st	
Phonics	connections that learning Phonics can feel like learning the	454-479	Mid 1st	
	rules to understand a hidden code. But this skill is mastered	480-490	Late 1st	
	by taking one step at a time, learning one rule and then	491-513	2nd Grade	
	another, and so on. Once students can make these	514-533	3rd Grade	
	connections quickly and easily, they can really start to read for meaning.	534-800	Max Score	
cy Words	High Frequency Words are the words that appear most		High Frequency Word iReady Proficiency Scores	
Ň	are high-frequency words. Because these words appear so	Score	Proficiency	
<u>ि</u>	often, readers must learn to recognize them automatically.	100-346	Emerging K	
	Also, these words are often spelled in ways that can be	347-424	Kindergarten	
High Frequen	confusing. Words such as <u>could</u> and <u>there</u> do not follow the rules that connect sounds to letters in most words. Learning	425-439	Early/Mid 1st	
<sup>2</sup> Ц	to recognize these words automatically helps students read	440-475	Late 1st	
gh	more quickly and easily, which gives them a better	476-490	2nd Grade	
Ē	opportunity to understand what they are reading.	491-800	Max Score	
	Vocabulary is the name for the words a student knows. The	Voca	bulary	
	more words a student knows, the easier it is to understand	iReady Proficiency Scores		
	what the student reads. Good readers know the meanings of	Score	Proficiency	
	many words. Students grow their vocabularies by hearing	100-346	Emerging K	
llar	and reading new words, talking about words, and being	347-433	Kindergarten	
Vocabulary	taught specific words.	434-457	Early 1st	
000		458-479	Mid 1st	
>		480-536	Late 1st	
		537-560	2nd Grade	
		561-602	3rd Grade	
		603-800	4th Grade	

iReady Literacy Benchmarks				
	Literature describes a student's ability to understand types of writing that are usually made	Comprehension LIT iReady Proficiency Scores		
	up, or fictional. Stories are the literary texts that	Score	Proficiency	
uo	students read most often, but plays and poems are	100-344	Emerging K	
nsi ure	also examples of literary texts. A student who	345-433	Kindergarten	
she rati	understands literature might identify the sequence	434-457	Early 1st	
Comprehension: Literature	of events in a story, discuss the meaning of a poem,	458-479	Mid 1st	
E D	or explain the lines a character speaks in a play. As	480-536	Late 1st	
C	a student develops as a reader, the student is able	537-560	2nd Grade	
	to understand stories, plays, and poems that are increasingly complicated.	561-602	3rd Grade	
		603-800	4th Grade	
	Informational Text describes a student's ability to understand types of writing that are usually true. Books about science or history are examples of	Comprehension INF iReady Proficiency Scores		
<del>ਦ</del>	informational text, as are newspaper articles or	Score	Proficiency	
Le Te	magazine articles. This kind of writing is often	100-346	Emerging K	
Comprehension: nformational Text	structured differently than literary texts.	347-433	Kindergarten	
ehe tior	Informational text often does not tell a story, and it	434-457	Early 1st	
ipre mai	is usually organized into sections with headings.	458-479	Mid 1st	
for	Additionally, it might contain charts, diagrams, and	480-536	Late 1st	
	graphs that are important to understanding. A	537-560	2nd Grade	
	student who understands informational text might	561-602	3rd Grade	
	identify the main idea and supporting details,	603-800	4th Grade	
	describe the way the writing is organized, or draw information out of a photograph or diagram.

Other Reporting Levels:					

- **Not Assessed (NA)**: Child did not need to take a particular subtest due to their grade level.
- **Surpassed Level (SL):** Child did not need to take a particular subtest due to their high score in a previous domain.
- Max Score: Child took the subtest and achieved a high score.
- Below Max Score: Child took the subtest and did not achieve the high score needed to have a placement of Max Score.
