

FRIENDS OF ELMWOOD

CORPORATE PARTNERSHIP PROGRAM

FRIENDS OF ELMWOOD 2025

The **Friends of Elmwood** program is more than just a corporate partnership program with networking and brand association benefits. Today's Friends of Elmwood members are building the foundations for important collaboration and involvement with the entrepreneurship and business curriculum at Elmwood through sharing business expertise and corporate knowledge with senior students. Elmwood students are benefiting from these relationships to give context to their studies, and help direct them towards future careers.

Heading into its eighth year, the Friends of Elmwood Program is bigger and better than ever and poised to make a significant impact at Elmwood. Friends of Elmwood will be invited to share their business expertise and corporate knowledge with senior students during business classes or participate in DECA meetings. In some cases, these corporate leaders may choose to invite students in grades 11 or 12 to shadow them at work or offer internships over the summer.

As a Friend of Elmwood, you will receive many recognition opportunities which include brand recognition in front of Elmwood's community of parents, alumni and stakeholders. Included in parent newsletters, social media posts and signature community events, Friends of Elmwood can also work with the Advancement team to personalize their involvement and recognition.
