

Embedding YouTube Videos in Canvas

- Navigate to the video in YouTube
- **Copy** the link to the video

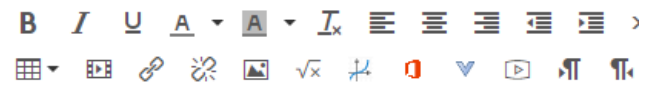

- Go to the Canvas page, announcement, quiz, assignment, or discussion you want the video on.
- Click **Edit** or create a new page, announcement, quiz, assignment, or discussion.

- Paste in the link to the video and then **press the space bar**.

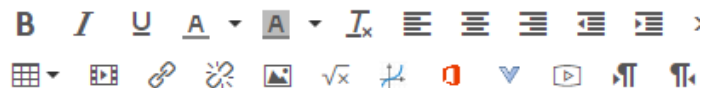

YouTube Video

https://www.youtube.com/watch?v=jD7_iozXU18&t=2s

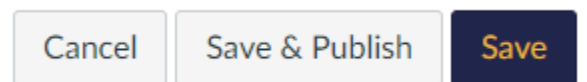

- The link will change to the name of the video.

YouTube Video

[On Campus With Dr. Otott Ep. 1](#)

- Click **save**.

- The link to the video as well as an embedded video will now show on the page. **You should use the embedded video to play for your class.**
