She also noted the total staff in

the District. There will be approximately \$15,228,000 paid in salaries. She reviewed the costs associated with insurance. There was a discussion regarding post-retirement insurance benefits and how that will change in the coming fiscal year. There was a review of expenditures related to buildings and grounds. Courtney outlined revenue from local, state and federal sources. Courtney shared that the District meets with the Insurance Committee regularly to discuss cost cutting strategies, and shared that the Committee has met some of the benchmarks to help with the costs of insurance. Courtney discussed the District hiring a food service consultant to do an audit of the department. They observed the facilities, staff, ingredients, and equipment and will return to the District with recommendations on how to improve the program. The Committee asked the Administration to do a cost analysis of revenues and expenditures in food service since there has not been an increase in lunch costs to families in a number of years. Jordan explained the rest of the details regarding Phase 2 of the Interactive Display Refresh plan at Todd Hall and Rutledge Hall. The Committee asked what happens with the old units, if any of them are still in working order. The District currently gives the old units to a technology recycling company and keeps the working ones on hand for replacements, if needed. The Committee asked if there are any schools that could use them. The Administration will reach out to the Township schools to see if anyone needs them before considering the recycle option.

Jordan explained that Blackboard has been purchased by Finalsite Inc., and Finalsite is offering all Blackboard customers the opportunity to convert to Finalsite for free. This is the provider for our District website, and will save the District thousands of dollars if we take advantage of the conversion offer. Jordan met with Finalsite to express concerns over language in an Amendment prepared by Legal Counsel. The vendor is amenable to several provisions. The five year contract will be under \$14,000. The Committee asked if there would be a penalty for going in another direction, and Jordan said that the District would have to pay any years left in the contract, if we broke the contract early.

Dr. David L. Russo, Superintendent of Schools, presented the Renaissance Learning Renewal of FastBridge for 2023-2024. David explained that in previous years, NTDSE managed the FastBridge subscription for the Township, and the Township districts would pay NTDSE their fair share of the subscription cost. From now on, each district will manage their own FastBridge account.

A motion was made, seconded and passed that the Finance Committee concurs with the Administration to recommend to the Board of Education to approve this Agreement with Renaissance Learning for renewal of FastBridge for the 2023-2024 school year in the amount of \$7,080.06.

7. District Finance Update

a. CLIC Cyber Liability Coverage for FY24

Courtney explained that if SD74 wants extra cyber coverage, it is available. Courtney shared the background, the District paid \$113,715 last year for property, casual and liability coverage. If the District

decides to take on an additional \$1 million in cyber coverage, the bill would increase to approximately \$120,000. Jordan explained that the Tech Team has nearly all data backed up internally, so it is not necessary to increase cyber risk limits at this time. The \$2 million standard coverage that the Administration is recommending brings the total cost of the insurance package to \$110,590.

Committee member Vranas discussed that the Committee is currently reviewing all of the contracts that are under \$10,000, but he is proposing that all of the software that is being dropped or renewed is simply reviewed by the Committee rather than following the full process that we are currently using. He explained that the Committee would like to see any *new* contracts, contracts that would be changing in term, or any contracts that Legal Counsel had concerns about. Dr. Russo expressed that the administration could keep track of all of the contracts and usage data every six months. Dr. Russo explained that he shared this change to President Daly, and that he was amenable to this shift.

Some of the points discussed for bringing contracts to the Committee:

- Over \$10,000
- Over 10% increase (assuming amount is not nominal)
- Multi-year contracts or going to multi-year
- First time Approvals
- If Legal Counsel reviewed it and saw substantive changes

8. ADJOURNMENT.

The next Finance Committee meeting will be Thursday, June 8, 2023 at 6:30 p.m. The public is welcome.

Purpose

Annually, the Board of Education must approve the School District Budget. The Tentative FY24 Budget will be presented at the August 3, 2023 Board of Education meeting followed by a September 7, 2023 formal adoption at the Public Hearing held during the Board of Education meeting.

Background

Revenues: \$33,004,862

Real estate taxes account for 82.6% of total anticipated revenue. The District may receive approximately \$27,526,872 from local property taxes, likely to arrive months beyond the typical August 1st date followed by the March 1, 2024 payment. However, after consideration of appeals in recent years and the tax rate objections, a \$258,536 reduction was applied for an overall expectation of \$27,268,336.

The District anticipates receiving \$2,875,722, approximately 8.7% of its revenue, from local sources primarily stemming from fees, tuition, interest and personal property replacement taxes.

State-derived funds account for 4.9% of total revenue. The majority of this \$1,622,000 will come from the Evidence Based Funding formula and the Transportation Claim.

Federal revenues of \$1,238,804 account for 3.8% of total revenue which is more than the typical 1% in recent history. This is primarily due to the remaining COVID-related Elementary and Secondary School Emergency Relief Parts II and III.

A single transfer of \$2,000,000 from Fund 20/Operations & Maintenance to Fund 60/Capital Projects is tentatively scheduled to address the surplus in Fund 20 and Summer 2024 construction projects drafted on the Master Facilities Plan.

Expenditures: \$33,892,768

Salaries & Benefits

Overall, salaries are expected to be \$16,432,957 which is 5.35% above last year's actual amount of \$15,598,687. The Business Office conducted an in depth review of all salaries because this object represents 48.5% of the total planned expenditures. The prominent factors influencing this estimate are teachers' salary schedule level and class advancements, the 3% raises for returning LSSU members, three additional support positions, one recent retirement, one teacher added to the retirement track, new hires for resignations, an anticipation of fully staffing the open paraprofessional positions.

As for benefits, PPO medical insurance increased by 6.4%, HMO medical increased by 7.5%, dental increased by 2.6%, and life insurance remained the same. Long-term disability and flexible spending account fees remain unchanged. Percentages related to the District's share of TRS, THIS, Medicare and Social Security will also remain stable. TRS on federally-funded salaries is now 10.9% instead of 10.6%. The District's IMRF rate will increase on January 1, 2024 from 7.57% to 7.93%. The overall cost of benefits is estimated to be up 10.35% to \$3,413,042. It will not likely be a 10.35% increase because there is ample room for new employees' medical/dental insurance elections that may not occur.

Purchased Services

At \$4,062,138, the approximate 2.57% increase in purchased services corresponds to increased capital and life safety projects for which architect/engineering and contractor services will be required, rising transportation costs and workers' compensation and liability insurance costs. Approximately \$59,500 will be covered by the ESSER III grant.

Supplies & Materials

Expenditures are projected to be \$1,446,049 which is a 25.81% increase. Approximately \$25,450 would be covered by grant funds. There is also an expectation that food service costs may increase with the focus back on scratch-made recipes. Curriculum materials, natural gas and electricity will also be substantial expenses.

Capital Outlay

Primarily due to planned Capital and Health Life Safety facilities projects, the FY24 capital outlay budget is anticipated to be \$3,556,951. An estimated \$224,355 is scheduled to be covered by grant funds.

Dues & Fees/Debt Payments

FY24 principal and interest payments of \$1,805,725 for the 2015, 2016, 2018, and 2021 series bonds are essentially the same as the \$1,805,100 SD74 paid in FY23. In addition, Niles Township District for Special Education #807 invoices will likely increase due to student counts and placements. Overall, expenditures from this object will likely total \$4,416,273 which is slightly less than FY23 actual expenditures of \$4,425,683.

Non-Capitalized Equipment

\$129,750 is 89% more than last year's \$68,584 in actual expenses. The expenditures are anticipated to be higher due to Technology and Special Education.

Termination Benefits

\$435,608 is 20.5% more than the FY23 expenditures. Three retiree insurance plans terminate this fiscal year. There are no new retirees who begin receiving these post-employment benefits. However, the service recognition benefit pay and THIS insurance rates have increased along with the anticipated costs associated with one support staff retiree.

Fund Balance

As of June 30, 2023 the unaudited fund balance was \$30,631,481. The projected fund balance for June 30, 2024 is \$29,743,575 which is \$887,906 less. The District intends to spend down the fund balance, mostly because of the Board-approved capital projects finishing this summer and beginning next summer. The Illinois State Board of Education Budget Form indicates SD74 will be submitting a balanced budget.

General Comments

The legal process to adopt a budget requires public notice to the general public. Such notice shall be published August 3, 2023 for the September 7, 2023 Public Hearing at the Board of Education meeting. Any changes to the

Tentative Budget will need to be made before August 3 when it must be posted online and available at the District Office for viewing.

Balanced budget; no Deficit Reduction Plan is required.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2023-2024 school district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2022-2023 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Evidence-Based Funding: Fiscal Year 2024 Spending Plan LINCOLNWOOD SCHOOL DIST 74

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1) What are the Organizational Unit's strategic goals for student success for the 2023-24 school year? What measures will be used to evaluate progress? (No more than 2000 characters, including spaces.)

Goals: More than 50% of District students will meet their individual academic growth goal for reading and math from fall 2023 to spring 2024 as calculated on the NWEA/MAP assessment platform. Measures: SD74 will use local assessments, NWEA MAP, to monitor student progress and growth throughout the school year.

	Top Strategy 1	Top Strategy 2	Top Strategy 3
2) Select the top three strategies that the Organizational Unit will employ to achieve student growth and make progress toward state education goals. (Select three different responses from the dropdown list.)	Improve programs, curriculum, and/or learning tools	Increase number and/or quality of professional development opportunities	Focus increased time and attention on special student groups
If "Other" was selected in question 2, please describe. (No more than 1000 characters, including spaces.)			

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2024 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.

Cost Factor Table

The table below presents the regionally adjusted amount embedded in the Organizational Unit's FY 2023 Adequacy Target for each of the 34 cost factors in the Evidence-Based Funding model (Column F). Column G is required for all Organizational Units that receive at least \$5,000 in Tier Funding, while column H is optional. Organizational Units may choose to provide additional narrative context in Columns I-M to elaborate on the figures included in the table. ISBE has produced guidance for populating the cost factor table. The guidance includes a definition for each cost factor, along with suggestions for using Employee Information System position codes and common expenditure accounts to support a determination of expenditures. This guidance is available at <https://www.isbe.net/ebfspendingplan>.

Column G: If the Organizational Unit will receive at least \$5,000 in FY 2024 Tier Funding (as entered in Q2.1/cell G31), column G is required. Please indicate the Organizational Unit's planned expenditures in FY 2024 from Tier Funds only. Organizational Units are not expected to place a value in each cell. Rather, the table allows for the communication of priority investments with new state resources for the current fiscal year. During years in which there is no new Tier Funding, column G will not be required. During years in which Tier Funding is available, the amount of new Tier Funding entered in Q2.1/cell G31 above must equal the sum in cell G90 below. If some or all Tier Funding is invested outside of the cost factors, enter a dollar amount in cell G89 and provide additional context in the space for a narrative beginning in row 93.

Column H: Optionally, Organizational Units may populate column H with total planned expenditures in FY 2024 for each cost factor from all revenue sources (e.g., not just from EBF). By comparing the figures in column F to the figures entered in column H, the Organizational Unit may engage local stakeholders in productive dialogue about resource allocation decisions.

Due to differences in rounding, this figure may vary slightly from the sum of the subtotals in this table.</p>

Part III: Support for Special Student Groups

EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statute these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in cells G100-G102 below. If the Organizational Unit received at least \$5,000 for any of the student groups, a response to the questions below is required. For amounts less than \$5,000, a response is optional. All other EBF funds may be spent in any manner deemed appropriate by the school district.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.

		Enter Amounts	Select type	*Note: Allocations for each of the three student groups are published annually at isbe.net/ebfdist under "Reports." Amounts are typically available by September 1. Plan Assurances			
Please complete the assurances below related to Article 14C of the Illinois School Code, which stipulates allowable expenditures for English learners. Organizational Units should maintain supporting documentation (e.g., sign-in sheets, meeting agendas) to affirm the veracity of the below assurances. Note that a separate collection of the Bilingual Service Plan takes place before each school year and must be separately reviewed by the Bilingual Parent Advisory Committee (BPAC). Responses in this plan should be aligned with information contained in the Bilingual Service Plan. Responses in this section are only required if an Organizational Unit receives any amount of EBF dollars attributable to English learners.			
Collaboration Opportunity - Organizational Units may find that the plan assurances are most easily and effectively completed if led by program leaders.

ESTIMATED LIMITATION OF ADMINISTRATIVE COSTS (School Districts Only)

(For Local Use Only)

This is an estimated Limitation of Administrative Costs Worksheet only and will not be accepted for Official Submission of the Limitation of Administrative Costs Worksheet.

The worksheet is intended for use during the budgeting process to estimate the district's percent increase of FY2024 budgeted expenditures over actual FY2023 expenditures. Budget information is copied to this page. Insert the prior year estimated actual expenditures to compute the estimated percentage increase (decrease).

The official Limitation of Administrative Costs Worksheet is attached to the end of the Annual Financial Report (ISBE Form 50-35) and may be submitted in conjunction with that report.

An official Limitation of Administrative Costs Worksheet can also be found on the ISBE website at: [Limitation of Administrative Costs](#)

Purpose/Background:

The Board of Education approves all contracts.

Over the next two years, the District will be embarking upon a full kindergarten through 8th grade curriculum review and adoption cycle of the District's literacy programs. Next year we will be looking at the middle school reading program, and the following year we will be reviewing the kindergarten through 5th grade program.

Literacy is the foundation of academic development for all subjects; therefore, the district is looking for the best way to review our current materials and instructional practices to identify strengths and areas for growth. With that goal in mind, we reached out to other township administrators for recommendations of literacy audit facilitators. In the process, we were introduced to Pat Pollack (National Senior Director of Professional Learning Partnerships with Schoolwide Inc.). After interviews with several consultants, the administration has recommended Ms. Pollack to facilitate this process. She comes highly regarded and has produced outstanding work within the township.

Ms. Pollack rose to the top with her plan for the audit of our current programming, as well as for her plan for professional development as it relates to our literacy programming. We met with Ms. Pollack on four separate occasions and have had multiple communications via Zoom and email. Her plan includes the following:

- Ms. Pollack gathers feedback about current programming from teachers and students
- While the audit is happening, professional learning support will occur simultaneously

- Staff will be provided with professional learning topics that will inform the program selection
- Collaborative decisions and professional reflections will be shared to ensure participation and ownership of the process

The Goals:

- Identify areas for growth in order to increase student achievement
- Develop a learning progression of skills
- Develop working definitions of common teaching methods to inform the materials selection process.

Fiscal Impact:

The plan will include five on-site days of PD plus the annual support plan (inclusive of unlimited support phone calls/emails with PD Director, scheduled remote discussions) plus the Curriculum Audit Reports and form development and analysis. The overall total comes to \$18,660. The team has budgeted for this expense through the Title I Professional Development grant funds.

Recommendation:

It is the Administrative recommendation that the Finance Committee concurs to recommend to the Board of Education to approve the District's approval to hire Ms. Pollack, Literacy Specialist and Consultant, to perform a full literacy audit and to deliver professional development at a cost of \$18,660 for the 2023-2024 school year.

CURRICULUM AUDIT REVIEW

An ultimate goal for school districts is to have their students be able to explain how they learn, be engaged in learning, and express their learning in creative ways. In order for this to occur, districts also need to prepare and set a clear vision for **Why**, **What**, and **How** they want learning to occur in their schools.

A **Curriculum Audit Review** assists districts in thinking through and aligning the written, taught, and assessed curriculum so that students benefit from receiving a responsive, student-focused, culturally-relevant, and rigorous education in a safe environment, conducive for comfortable learning.

Each individual district embarks on this journey with different foci. Some of the areas of focus could be:

- Identifying what feels right
- Reflecting on what needs to be revised or changed
- Steps towards building or enhancing a positive culture
- Creating and communicating the vision
- Building leadership
- Methods of communication
- Focusing on learning with curriculum alignment
- Identifying current instructional materials that engage students; and those that do not
- Identifying instructional models that reflect the Gradual Release of Responsibility
- Implementing effective instructional strategies

- Identifying a specific content area of focus
- Creating a culture of collaboration
- Using data to inform decisions
- Ensuring safety of learning environment
- Connecting with parents and community
- Lesson design planning
- Fostering a student-friendly classroom environment that reflects current teaching, and supports independence
- Using assessments to guide instruction
- Providing professional development in the form of coaching

The aforementioned are among the reasons why districts examine their practices, actions, and procedures to determine their impact(s) on learning.

This audit information documents how systematically each practice or action is evidenced in the district through a **Guaranteed and Viable Curriculum**; a **System of Assessments**; **Interventions and Enrichments** and **Policies and Procedures to Support a Focus on Learning**.

GETTING STARTED

Leadership is the key. Leadership is not about a person, rather it is a function or commitment to become better. Leadership is about a continuous drive to learn, change, and grow. It is a growth mindset put into action a plan.

The curriculum audit is a starting point to examine learning in a collaborative way. An audit consists of a variety of categories which are selected collaboratively. These categories or big ideas will give us an opportunity to celebrate positive areas, question and think about where next steps need to be taken, and formulate a plan of action. This audit is completed with the mindset and focus on:

TEACHING & LEARNING

The fundamental purpose of a school district is to provide a safe, learner-focused atmosphere for students to experience high levels of learning in responsive ways.

SOCIAL, EMOTIONAL, & CULTURAL AWARENESS

Each school should work to establish an atmosphere that will reflect the social and emotional wellbeing of all stakeholders, as well as communicating an emphasis on the importance of diversity and multicultural awareness in education.

LEADERSHIP

Highly effective schools are characterized by effective leadership. The leadership should convey a clear mission and vision for the school or district, provide instructional leadership, promote aligned initiatives, and focus on and monitor school improvement.

CURRICULUM & INSTRUCTION

Curriculum and Instruction is the cornerstone of any successful educational program. Research indicates that student access to aligned curriculum, appropriate instructional materials, and grade-level, standards-based instruction taught by highly-qualified, effective teachers leads to increased student academic achievement.

ASSESSMENT & ACCOUNTABILITY

The focus and goal of education is student learning and achievement. Without assessments aligned to the curriculum and state standards, it is difficult to determine if the focus and goal of education is achieved. When teachers use assessment results, (whether from standardized tests or classroom assessments), to inform instruction and curriculum planning and all data are used to determine and respond to student needs, growth typically occurs and instructional decision making is highlighted.

INTENDED OUTCOMES

PROFESSIONAL LEARNING

While the audit is happening, **Professional Learning** support will occur simultaneously. In preparation for your district's 2024-2025 Literacy Curriculum Resource Review, we will provide you with professional learning topics that will better prepare the district educators to make informed decisions about potential resources. Collaborative decisions about these topics will be made, and professional reflections will be shared in order to make sure that all stakeholders feel valued, heard, and respected.

As with all school improvement efforts, the ultimate goal of this entire process is to identify areas for growth so that the district can increase student achievement. In order to reach this goal, schools and districts utilize this type of audit process to develop focused, actionable, and meaningful School Performance Plans that can be implemented effectively. Additionally, district-level assistance, guidance, and support throughout this valuable process will further ensure schools accomplish their targeted goals.

AUDIT DELIVERABLES & ANALYSIS

Deliverables, including reports, surveys, and rubrics will be identified collaboratively during our first meeting.

Purpose/Background:

Writable is an online platform that provides a great deal of flexibility with regard to writing assignments. It contains over 1,000 pre-made writing assignments in content areas including social studies, literature, and science. These assignments are customizable to fit the individual needs of all of the students. Teachers also have the ability to create their own writing assignments to meet the unique needs of each of their classes. Writable provides real-time feedback to students on their grammar and writing style. Teachers will also have the ability to customize their own feedback and instruction using the provided rubrics, or rubrics of their own creation. Assignments and rubrics can be connected to state and district standards for better vertical alignment among the grade levels.

Furthermore, Writable encourages students to think and write creatively and to avoid plagiarism. It checks for originality to ensure that students are not simply repeating something they wrote in a previous assignment or that another classmate wrote, but also that they did not plagiarize from other artificial intelligence sources such as ChatGPT, one of the biggest concerns currently facing teachers with regard to originality in writing assignments.

Writable also works with Schoology and Google Classroom, making it easy for Lincoln Hall teachers to integrate into their lesson plans. With Writable, Lincoln Hall students will get quicker, more personalized feedback, see consistent rubrics and terminology used in the evaluation of their writing

from all content-area teachers, and have more opportunities to practice both brief and longer writing assignments.

Fiscal Impact:

The cost of a one-year subscription to Writable, Inc. for all students at Lincoln Hall is \$3,168 (or \$9 per student) for the 2023-2024 school year.

Recommendation:

It is the Administrative recommendation that the Finance Committee concurs to recommend to the Board of Education to approve the one-year subscription Writable, Inc. in the amount of \$3,168 for the 2023-2024 school year.

Purpose/Background:

To provide the Finance Committee an update on ongoing Districtwide project(s)

1. First Student Transportation Company offered SD74 the opportunity to use First View, a real-time bus route information tool. Initially, the software would be used by the SD74 Administration Office. It could possibly be deployed to SD74 families as a free service to use on mobile devices. As it was explained by the team at First Student, all First Student Niles routes would be accessible (SD 70, 71, 74 and 219).
