### e. Alternative Learning Opportunities Program

Dr. Russo discussed the Alternative Learning Opportunities Program (ALOP). This is a program sponsored by the North Cook Intermediate Service Center (NCISC) and provides an advocate to support students identified as at-risk in academics, behavior, attendance, etc. Dr. Russo explained that the administration conducted a needs assessment to determine sufficient students exist within the District who could benefit from the program. The advocate could support between 25-32 students in grade 4-8. ALOP comes with a one-time \$40,000 cost. In subsequent years, students identified for ALOP generate State funds for NCISC funding the program. Dr. Russo and Mr. Atkinson have met candidates to be the District's student advocate and come away impressed by both candidates. Dr. Russo explained the new Director of Student Services is different from the ALOP advocate because the new Director will oversee the EL and Intervention Departments. They will not work with individual students, while the advocate will work one-to-one and in small groups. The Administration will provide the advocate with office space and clear lines of communication will be established with the Administration with an expectation that the advocate informs Administration regarding significant issues with students. The Committee members in attendance asked about liability and Dr. Russo said the District would be entering into an Intergovernmental Agreement (IGA) with NCISC to govern the relationship. The IGA has been vetted by Legal Counsel.

The Finance Committee members in attendance agreed that the item should not appear on the Consent Agenda. It will be listed as a stand-alone agenda item so the full Board can ask any questions before voting on the matter.

8. District Finance Update - *Courtney Whited, Business Manager/CSBO*

a. Crossing Guards for the 2024-25 school year

Dr. Russo shared a brief history of the relationship between the District and Village of Lincolnwood related to crossing guards. Up to this point, the two bodies have split the costs with the Village identifying and training personnel. The Village contracted a third-party vendor to provide the service and said that company has underperformed throughout the year. Therefore, the Village asked if the District would take over the responsibility of finding cross guards. The Village would continue to train and split costs. The District is working to identify crossing guard personnel. Our initial inquiries suggest that we could find individuals at a substantial cost savings. The Committee gave the Administration direction to continue to explore this, which may result in an Amendment to the Intergovernmental Agreement with the Village.

TOPIC: LBSA Waiver Request- FY25 Facilities Rental Fees

PREPARED BY: Courtney Whited

### **Recommended for:**

- Action
- Discussion
- Information

### **Purpose/Background:**

Lincolnwood Baseball and Softball Association (LBSA) has used SD74 facilities and fields for practices and games for several years. LBSA is a Category II organization according to the Facility Rental Policy updated in September 2019. The resulting fees would create an extreme hardship on LBSA. The organization's waiver request is attached.

### **Fiscal Impact:**

Category II fees for the gyms and outdoor fields would not be collected during FY25

### **Recommendation:**

The Finance Committee concurs with the Administration's recommendation to the Board of Education to waive facility rental fees during fiscal year 2024-25 for Lincolnwood Baseball and Softball Association.

TOPIC: Lincoln Hall Audio Video Upgrade

PREPARED BY: Jordan Stephen

### Recommended for:

### Purpose/Background:

Over the last couple of years, there have been several requests to modernize the AV system in the Lincoln Hall Gymnasium. After discussing this project with the physical education teachers at Lincoln Hall, we initially considered dividing it into four separate projects:

- Modernizing the audio system in the main gym:
  - The current audio system is over 15 years old and is inadequate for the gymnasium's size. It consists of a single amplifier and four speakers, which are not powerful enough to provide clear and even sound throughout the 90,000 cubic foot space.
- Modernizing the projection system in the main gym:
  - Currently, there is no video screen available for use within the gymnasium. When video projection is required, a screen must be dropped and a projector, mounted on a mobile stand, must be relocated from the first floor to the second floor.
- Implementing classroom LED Panels:
  - The gymnasium currently lacks any video screens, except for the occasional use of a laptop and a rolling projector cart brought in by a teacher.
- Modernizing the audio system in the fitness center:
  - The fitness center currently has two suspended speakers powered by a compact in-wall amplification system. The wiring is noticeably inadequate, the unit hangs from the ceiling and appears to have been installed as an afterthought.

The team reached out to various vendors for pricing on these projects. Ultimately, after collecting data and quotes, we were able to establish a relationship with a new vendor and create a plan to tackle this as a single project, saving time and resources in remobilizing equipment and coming in at a reduced price point.

Vendor		Total
Moonlight AV		\$63,302.51
Midwest Computer Products		\$71,987.62
Advanced Communications		\$118,700.00
Heartland Business Systems		\$151,587.94
MMT		No Quote

Work on this project will begin after the Summer Adventures program concludes in late July and continue into early August. The project improvements will include the following:

- Main Gym:
  - A new audio system will be installed with twelve new speakers, and amplifiers will be replaced to increase sound capacity. Multiple sets of microphones and wireless headsets will be available for teachers and staff. The sound system controls will be upgraded to allow for either full use of the gymnasium or sectional use, covering the north or south portion of the gymnasium.
- Main Gymnasium Projections:
  - The district’s secondary laser projector will be mounted on the back wall of the gymnasium, equipped with the correct lens for projection, and enclosed in a tamper proof wall mount case. This system will also be integrated into the new gymnasium amplification system to provide sound throughout the location
- Gymnasium LED Screens:
  - Two large-format LED screens will be installed on the north and south walls of the gymnasium. Teachers and staff will be able to stream various content to these screens using District technology equipment. These screens can operate independently and can be integrated into the sound system when needed. Both screens will be protected by large protective screen enclosures.
- Fitness Center:
  - Utilizing creative planning, the fitness center will use the excess speakers from the gymnasium, which will be connected to new rack mounted amplifiers. These new amplifiers will include Bluetooth connections and multiple inputs for wireless microphones and headsets.

**Fiscal Impact:**

The total cost is \$63,302.51

**Recommendation:**

The Finance Committee concurs with the Administration’s recommendation to the Board of Education to approve this agreement from Moonlight AV for the purchase and installation of equipment for the modernization of the Lincoln Hall Gymnasium and Fitness Center in the amount of \$63,302.51.
