This visiting date application is a request that the administration will approve or deny. Forms must be returned to the administration for preapproval before guest tickets can be purchased. K-8th grade students are not permitted as dates. Westlake High School student organizations coordinate and host activities and dances for Westlake High students. It is not our purpose to provide these activities for students from other school systems. However, the administration recognizes that some of our students do date students from other high schools. That is the purpose of this form. We want to emphasize, however, that it should not be the intent of students to "arrange" dates merely to bring in groups of students from other schools.

Visiting guests will be required to bring a photo ID to enter the event.
