CAFETERIA ACCOUNT

We use a computerized point of sale system to process purchases in the school cafeterias. Your child will receive a PIN number that they will enter at the cashier station at the time of purchase. A declining-balance account is created for each customer. It is important to maintain a positive account balance. You may put money into your child's account by sending a check payable to HASD Food Service or cash in an envelope clearly marked with your child's name and account number.

We look forward to seeing you in the School Cafeteria!
