Note: Because the local control funding formula (LCFF) treats charter schools as districts, they are not displayed on their district's Placement report. (The only exception to this rule is when a district oversees only charter schools.)

Viewing the district 5x5 tables by school type adds cut scores to the status and change labels, however, the district placement may not be held to the school type cut scores shown. District placement is kept on the 5x5 table for reference purposes only.
