MINNOWS: Ages 4–6

STUDENTS MUST BE 4 BY JUNE 1 TO ATTEND.

The Minnows welcomes our youngest learners to our beautiful early childhood development center, Al Focolare, just a few minutes down the hill from our main campus. Minnows participate Monday through Friday and have weekends free. Daily snacks and lunches are included in tuition.

- English
- French
- Italian

Our small classes focus on the spoken language, and teachers are encouraged to be as creative as possible, using movement and hands-on activities. Children learn basic vocabulary and use these words while on trips off-campus. Minnows also practice writing and can even learn to read simple sentences. The curriculum is constantly changing to accommodate how quickly the children are learning, with the aim of building confident language-learners.

Students also have a weekly STEAM lesson provided by a STEAM-certified teacher during their language class time, participate in music every day, and build their creativity with arts and crafts projects throughout the week.

EXPLORE

Minnows take weekly field trips that explore the local area. Favorite field trips have included visiting an Alpine farm and learning facts about the animals, going on a nature walk in the Montagnola woods, touring downtown Lugano, visiting Swissminiatur Park, exploring the Bellinzona castles, and hosting a visit from the Apiary and discovering fun facts about bees.

Minnows have the opportunity to attend as either a Standard Day or Extended Day student:

Standard Day

Our Standard Day program is Monday–Friday from 8:45 to 15:00

Extended Day

Extended Day Minnows attend Monday–Friday from 8:45 to 17:30. Four- and five-year-old Minnows are welcome to try the Extended Day program, but if it is not a good fit, they may be asked to shift to the Standard Day program.

PLAY

In the Minnows program, play and creativity are the key ingredients in our recipe for success. Our caring educators encourage interaction, problem-solving, teachable moments, experimentation, innovation, and, of course, laughter.

During Choice Time, students choose from a variety of activities, including arts and crafts, group games, cooking, and playing in the outdoor playground. Activities are designed to promote gross and fine motor skills and encourage communication. Special events include Pirate Day, a Renaissance Fair, and a Science Fair.
