Health & Social Care - OCR Level 1/2 Cambridge National

Course Information

The course will provide learners with knowledge, transferable skills and tools to improve their learning in other subjects with the aim of enhancing their employability when they leave education, contributing to both personal development and future economic well-being.

Students will cover two mandatory units and one optional unit.

Mandatory (Compulsory) units (RO32 and RO33*)

Unit R032: Principles of care in health and social care settings (40%)	**Unit R033: Supporting individuals through life events (30%)**
In this unit you will learn about the importance of the rights of service users, person-centred values and how to apply them. You will also learn about the importance of effective communication skills when providing care and support for service users in health and social care settings and the procedures and measures used to protect individuals such as safeguarding, hygiene and security. **1 hour 15 mins written paper, OCR set and marked.**	In this unit you will learn about life stages and the factors that affect them. You will understand expected and unexpected life events and the impact they will have on physical, social/emotional, and socio-economic aspects in an individual's life. You will research the service providers and practitioners that can support individuals, recommend support, and justify how this will meet the needs of a specific individual. **10-12 hours of ongoing non-examined assessment (NEA*)**

Optional unit (currently RO35*)

The 2 NEAs are designed to provide learners with the opportunity to build a portfolio of evidence to meet the marking criteria for that unit.

Unit R035: Health promotion campaigns (30%)	
In this unit you will have the opportunity to explore the various public health challenges the country faces, the approaches used to encourage health and wellbeing and the importance of this to society. You will understand the factors affecting a healthy lifestyle so that campaigns can be designed to target different groups of people. You will also learn how to plan and deliver your own small-scale health promotion campaign and how to evaluate your planning and delivery. **10-12 hours of non-examined internal assessment (NEA*)**	**Topic Area 1:** Current public health issues and the impact on society **Topic Area 2:** Factors influencing health **Topic Area 3:** Plan and create a health promotion campaign **Topic Area 4:** Deliver and evaluate a health promotion campaign

Possible Careers and Further Information:

These skills will help you progress onto further study in the health and social care sector. This may be Level 3 vocational qualifications, such as the Cambridge Technical in Health and Social Care, A levels in psychology, biology or sociology and the following apprenticeships:
• Adult care worker • Allied Health Profession Support • Health and Social Care • Healthcare science assistant • Maternity and Paediatric Support

It is anticipated that this qualification will also enable you to progress onto a T-Level, such as Health and Healthcare Science, (when/where they are available).
