FEATURED PERFORMERS

JAY MATTIOLI

Get ready to experience the impossible with Jay Mattioli's Electrifying Magic! This is not just your typical magic show—it's a high-voltage, jaw-dropping spectacle that will leave audiences spellbound and on the edge of their seats.

Jay's unique approach to magic has earned him some of the highest honors in the industry, including First Prize at both The Society of American Magicians and The International Brotherhood of Magicians annual International Stage Contests of Magic. These prestigious awards reflect not only his extraordinary skill but also his innovative spirit. Unlike most magicians, Jay doesn't just perform magic—he creates it. Many of the signature illusions that leave audiences in awe are his own original creations, designed and built from the ground up. His peers in the magic world consider him a true innovator, and many performers around the world have incorporated his brilliant illusions into their own shows!

RG SMITH

This is exciting.....over the many years, we've presented hundreds of great magic and variety acts. Most shows featured 4-6 acts doing short spots.

As most of our artists can present 1-2 hours of great entertainment, we feel it is the year to give two of the youngest and greatest magicians the entire show to show you the future of magic. Both are highly sought after graduates of "AMERICA'S GOT TALENT."

TRIGG WATSON

Trigg Watson is a new breed of magician. He prefers his iPad to a deck of cards. He likes robots more than rabbits. He has entertained audiences from London to Las Vegas, won international awards, and appeared on every major American magic TV show. Trigg graduated from college with dual degrees in business management and theater studies and also worked as a consultant for Deloitte. He draws on this training and experience to infuse his magic with transformative power, captivating audiences worldwide.

A "professional icebreaker" Trigg brings people together with his modern and interactive close-up magic. He creates powerful magic illusions that take place in the hands of the party guests, all while keeping them laughing and engaged.
