We receive a **\$6,160 basic allotment funding per student each year**, which has remained unchanged since 2019 despite record inflation. The state has determined that this is what each student is “entitled” to, yet it has not increased to match reality.

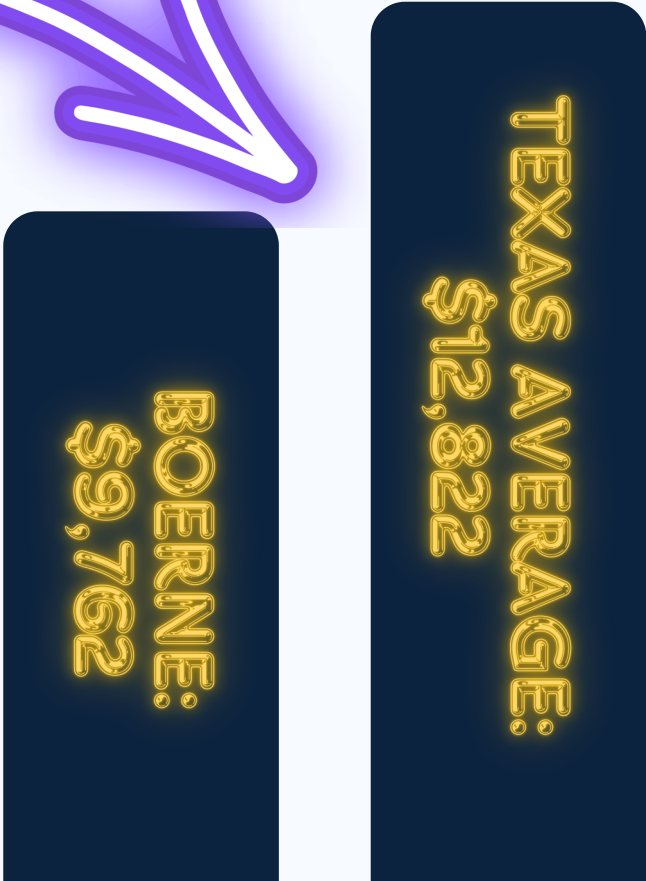

Our Students

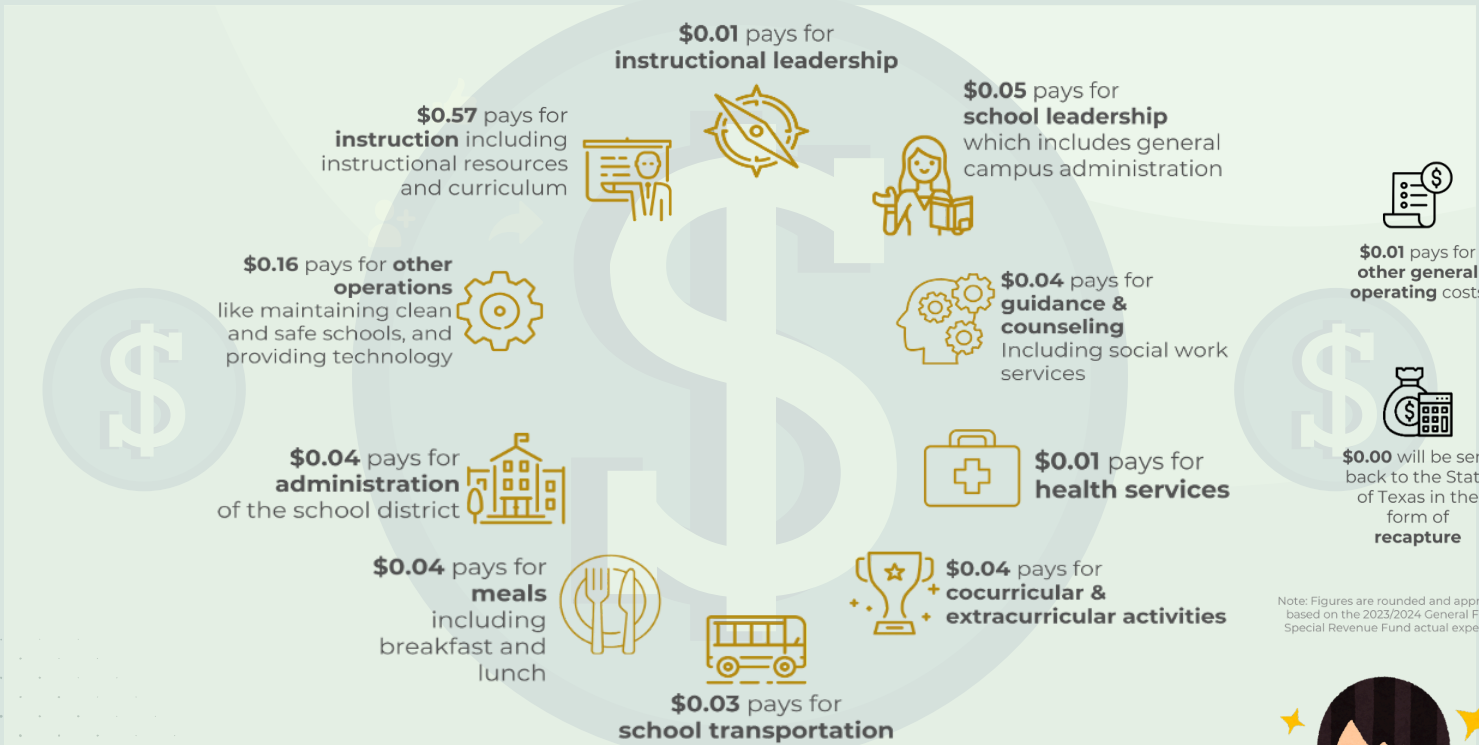

Since 2010, we have grown from 6,731 students to over 11,100 across 13 campuses.

Using the state funding formula, which includes our local property tax levy plus any additional state funding plus federal program funding and local contributions, BISD received \$9,762 per student in 2022-23.

The state average was \$12,822 per student — **making BISD the ninth lowest funded district in the state** per student.

making every cent count
