Factors Impacting the Budget

- ❖ The latest Governor's proposed budget for 2025-26 includes a reduction in the cost-of-living adjustment (COLA) rate from 2.93% to 2.43%, decreasing LCFF revenue by approximately \$600k included in 2nd Interim.
- ❖ Other State Revenue is expected to increase by approximately \$3.5 million due to new grant funding, including from the Department of Health Care Access.
- ❖ Ongoing expenses are projected to exceed revenues, depleting Special Reserves. With salaries and benefits making up 68% of expenses, reducing deficit spending may require revisiting staffing formulas based on student attendance.

2024-25 Second Interim

SUMMARY

LOMPOC UNIFIED SCHOOL DISTRICT 2024-2025 SECOND INTERIM BUDGET SUMMARY

BUDGET CYCLE AND PROPOSITION 98

School District budgets are presented at least four times each fiscal year. A projection of the current year plus two more, known as a Multi-Year Projection, is required at the Original, First Interim, and Second Interim Budgets. Preparing a multi-year budget takes about six weeks. A fifth budget report, the 45-Day Revise, may be presented in August. This is an opportunity for the district to revise revenues and expenditures resulting from the Budget Act.

The Original Budget must be adopted before the start of the fiscal year on the first day of July. The interim reports are presented in December and March. They are a snapshot of the district's financial health at a specific point in the year. The First Interim includes the actual revenue and expense totals through October 31, and the Second Interim includes the actual revenue and expense totals through January 31.

The final report is presented in September after the fiscal year has closed. It is known as the Unaudited Actuals report and is the most accurate because it's based entirely on actual expenses and revenues. In contrast, all other budget reports use revenue and expense projections and assumptions provided by credible school finance organizations.

An independent firm audits the district's data and practices in the fall and publicly presents its findings and recommendations in January or February.

The baseline level of funding for California school districts is determined by Prop 98. California voters approved Proposition 98 in 1988. It guarantees the State will provide a minimum funding level to K-14, which includes grades TK through Community College.

Prop 98 is calculated by comparing three main formulas or "tests."

- Test 1 applies in strong economic years and guarantees education funding will be at least 39% of the state's General Fund Revenues
- Test 2 applies when the economy is stable or growing moderately and maintains the prior year funding adjusted for growth and inflation
- Test 3 applies during economic downturns and adjusts the prior year funding based on the change in per capita General Fund revenues plus an additional .5%

Funding is distributed to Local Education Agencies through the Local Control Funding Formula (LCFF).

ENROLLMENT AND FUNDED ADA

ADA is the average number of students attending school and is used to calculate LCFF funding. ADA may also be used to calculate some Federal and other State funding sources. Due to student absences, ADA is always lower than total enrollment. Attendance is counted every day of the year, but the LCFF funding is based on attendance through the Second Principal Apportionment or P-2, which is from July 1 through the last school month ending before April 15.

Funded ADA is not synonymous with actual ADA. Funded ADA is calculated using the district's average actual ADA over the three previous years, the prior year actual ADA or the current year actual ADA, whichever is highest. The three-year average includes artificially high proxy ADA for the 2021/2022 year.

Lompoc Unified is currently projecting funded ADA using the three-year average which results in a gradual drop in funded ADA. For 2024/2025, the district's funded ADA is 8,412, but decreases closer to actual ADA in 2025/2026. For 2024/2025, enrollment is 8,903, and projected to continue a slight decline in the two outer years.

Higher attendance rates have a positive impact on academic success and are critical to the financial health of the district. Each 1% of attendance change translates to about \$1 million in ongoing LCFF revenue.

In 2019/2020, Lompoc attendance rates were over 93%. During the following three years, attendance dropped to 89%. Last year, LUSD schools began an attendance campaign resulting in improved attendance. During the sixth school month of 2024/2025, LUSD attendance rates were 92%.

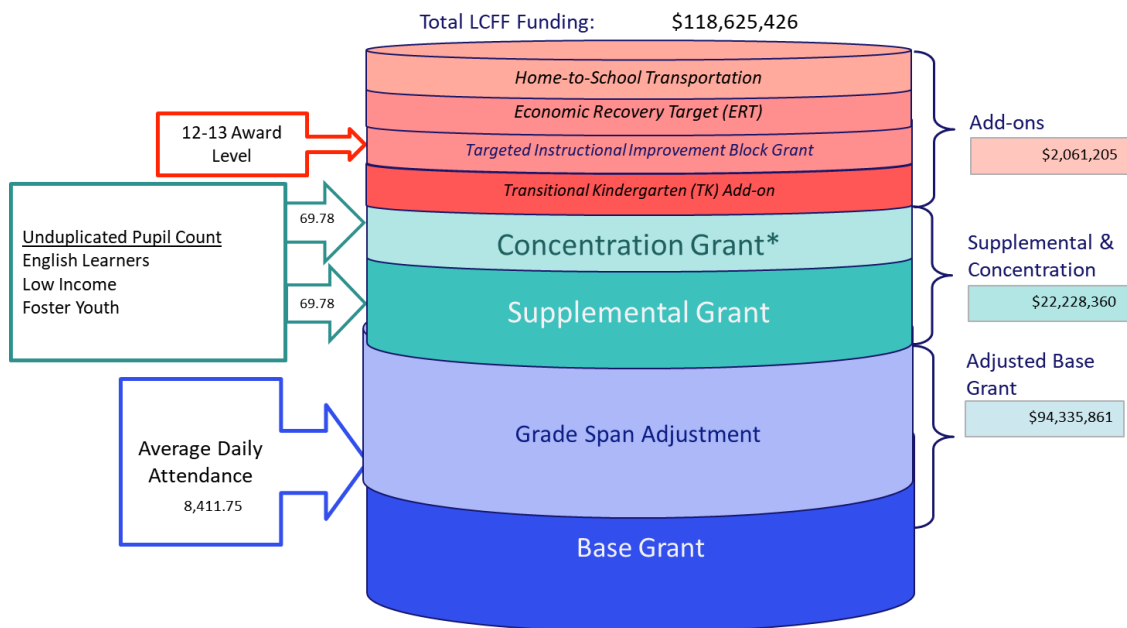

UNRESTRICTED AND RESTRICTED REVENUE

The Standardized Account Code Structure (SACS) divides school district revenues into four overarching categories shown in the chart above. The largest portion comes from the Local Control Funding Formula. In this budget, the LCFF is projected to provide 69% of the district's revenues. The LCFF is an equity model that was implemented in 2013 under Governor Jerry Brown. Under the LCFF, districts receive a base grant for all students and additional grants for high-need students such as English Learners and socio-economically disadvantaged pupils.

The remaining three categories are other State, Federal, and Local, totaling 31% of the district's revenues. Almost all of this revenue is restricted and can only be expensed on specific programs.

COMPONENTS OF UNRESTRICTED LCFF ENTITLEMENT

*Unduplicated Pupil Percentage must be above 55% to receive Concentration Grant funding

The total Unrestricted LCFF revenues are projected at \$118,625,426. Under LCFF funding, most state categorical programs are eliminated. Instead, the LCFF provides base, supplemental, and concentration grants.

The base grant is calculated by multiplying the district's funded ADA by uniform amounts depending on the grade level, with grades 9-12 receiving the highest. The adjustment provides additional funding for students in grades TK-3 and 9-12 and includes funding for districts maintaining K-3 class ratios below 24 to 1. This year, the base grant and adjustment provide \$94.3 million.

The Supplemental and Concentration grants are calculated using the district's unduplicated count which is 70% of the district's students who are either English Learners, Low-Income, or Foster Youth. Districts with an unduplicated percentage below 55% are not eligible to receive the concentration grant. These dollars are budgeted for goals and actions in the Local Control Accountability Plan, or LCAP and funding is used to increase or improve services for the district's highest needs students. This year, the Supplemental and Concentration grants provide about \$22.2 million.

The smallest percentage of LCFF revenues are the add-ons for TK, Targeted Improvement, and Transportation. Those generally amount to less than 2% of the total or around \$2 million this year. The TK add-on is about \$3,077 per TK ADA. Targeted Improvement is calculated based on the 2012/2013 funding levels and is

designed to support instructional improvement. Home to School Transportation is a fixed amount based on the 2012/2013 funding levels but beginning in 2022/2023, it began receiving statutory COLA adjustments.

Restricted LCFF Sources

Special Education taxes transferred to districts from the County are projected at \$2,683,700,

FEDERAL, OTHER STATE, AND LOCAL REVENUE BUDGETS

The other three types of revenues outside of the LCFF total about 31% of the district's revenues, or close to \$50 million. Almost all of this revenue is restricted and will be spent on the programs they're granted for.

Federal revenues are projected at \$16,751,545.

Impact Aid helps offset tax-exempt property at Vandenberg Space Force Base. Districts receive federal dollars for a small percentage of the Special Education expenses. Title I is the largest of the federal programs established under the Elementary and Secondary Education Act. It's intended to close the gap between low-income and other students. ESSER III is the last of the federal stimulus dollars that LUSD is using to construct the new TK classrooms.

Other State revenues are projected at \$26,169,990.

ELO-P, the Expanded Learning Opportunities program, is funding for after-school and summer school enrichment programs. The Community Schools grant helps improve student outcomes by integrating services to address the needs of students, families, and the broader community. Prop 28 is arts and music funding. STRS on Behalf recognizes payments made by the State to the California State Teachers' Retirement Program as revenue and expense. It is a paper-only entry that does not impact the district's ending balance. The grant from the Department of Health Care Access and Information (HCAI) is for establishing the Certified Wellness Coach (CWC) profession to provide prevention and early intervention behavioral health services to children and youth ages 0-25. It aims to promote a diverse and competent workforce, ensure culturally diverse communities are served, and support wellness, recovery, and resilience among children and youth.

The E-Rate program provides discounts on technology and information service purchases which are recognized as revenue. Districts earn interest on cash held in the County Treasury. At the close of 2023-24 the district posted the Fair Market Value adjustment. The Fair Market Value revenue budgeted in 2024-25 reflects a reversal of the prior year adjustment. Tuition and Transfer from JPA are Special Education funding.

RESTRICTED AND UNRESTRICTED EXPENDITURES

LUSD's most significant expenses are the salary and benefits of staff. In this budget, 68% of expense budgets are projected for payroll and benefits. Lompoc has about 1,118 Full Time Equivalent (FTE) staff.

Certificated	569 FTE
Classified	490 FTE
Management & Confidential	59 FTE

The remainder of projected expenses total 32%. The other expense categories include:

- Supplies such as textbooks, paper, and technology.
- Services and operating expenses like insurance, utilities, travel, temporary employment agencies, and firms providing various services for staff and students.
- Capital Outlay including large facility projects such as the new TK classrooms.
- Other Outgo Special Education expenses.
- Transfer of Indirect costs is based on a rate provided by the California Department of Education. It's a percentage representing the ratio of indirect

and direct costs and is an efficient way to recover some general management costs from individual programs. For unrestricted programs, the transfer of indirect is a negative budget, and for restricted programs, it's positive.

This chart presents the same expenses in dollars rather than percentages.

Almost seven out of every ten dollars received is budgeted for the salary and benefits of LUSD staff. Payroll is processed using Escape software and checks

are printed at the Santa Barbara County Education Office. This process can take up to two weeks to complete and is similar to the process used at other districts. A summary report of each month's payroll is included in the Consent Agenda for Board ratification.

The remaining 32% of LUSD's expenses are handled by accounting staff through an extensive accounts payable process. Payments are audited by the Santa Barbara County Education Office. All districts in the state are subject to oversight from County Education Offices which helps mitigate mistakes and produces payments to vendors within 60 days. Warrant lists are included in the Consent Agenda for Board ratification.

Under the Education Code (Section 42131) all California School Districts must be able to show that they have a sound financial plan in place that will assure fiscal solvency in the current year plus the next two years. This is accomplished by preparing a Multi-Year Projection report that shows projected revenues and expenditures for the current and each of the next two years. Organizations with credible experts in school finance, like the Fiscal Crisis and Management Assistance Team (FCMAT) and School Services of California (SSC), provide future assumptions to districts. The Lompoc Unified School District Multi-Year Projection reflects that the district will be able to meet its financial obligations.

- The statutory COLA, or Cost of Living Adjustment, is applied to some, but not all funding sources. The latest Governor's proposed budget for 2025-26 includes a reduction in the cost-of-living adjustment (COLA) rate from 2.93% to 2.43%, decreasing LCFF revenue by approximately \$600k included in 2nd Interim.
- The per/ADA revenue is an average per student LCFF funding amount based on a tool provided by FCMAT. Students are funded at different rates

- due to grade level or classification within groups that receive additional funding.
- The unduplicated count is the number of students who are either English Learners, Low-Income, or Foster Youth.
 - Funded ADA, estimated actual ADA, and total enrollment are critical to district revenues. The funded ADA is used to calculate the district's LCFF base grant and can be used to calculate some other State and Federal revenues.
 - Indirect costs are a percentage of the organization's indirect costs compared to its direct costs, an efficient way to recover a share of general management costs from individual programs.
 - Step and column are the contractual increases for LUSD staff. Those increase the district's expenses by about \$1 million each year.
 - Health and welfare costs (including medical and dental contributions) have risen by about 5% compared to year 2023-24. Over the next two years, the district projects an increase of 7% each year.
 - STRS and PERS are employer contributions to the two employee retirement programs, the State Teachers' Retirement System and the Public Employees' Retirement System. STRS has leveled in recent years, but PERS continues to increase.
 - Statutory benefits, excluding STRS and PERS, include State Unemployment Insurance, Workers' Compensation, and Social Security. The Certificated percent is lower primarily due to the absence of Social Security.
 - The routine maintenance contribution must equal 3% of the district's expenses (some expenses are excluded). It pays for the salaries, supplies, and equipment of our staff who maintain the schools and make routine repairs. RRMA is not designed nor adequate to fund school renovations.
 - Both Special Ed and Transportation contributions equal the difference between each program's budgeted expenses and revenues.

Funded ADA is projected to decline by almost 2% next year, then level.

Transfers from Fund 17 Special Reserve are budgeted to ensure the district meets its minimum reserve requirements throughout the projection. The district projects transferring in \$18 million which leaves only a small balance in the Special Reserve Fund.

Post-employment benefits are early retirement incentives, including the PARS supplemental retirement program.

Capital Outlay refers to large facility projects. In the base year, the ESSER funded TK classroom project is budgeted. Budget in the following year is for the district's projected matching requirement for the Manzanita Public Charter School modernization project which is primarily funded with the PSMI Grant.

The net increase or decrease is the difference between the total revenues and total expenses. It indicates the district is deficit spending. Applying the net increase/decrease to the beginning balance equals the ending balance of the General Fund. The ending balances indicate that the district will meet its obligations for the current and upcoming two years.

This chart lists the components that make up the General Fund ending fund balance. Assignments indicate how the district expects funds to be expensed.

- California requires all districts to maintain a minimum reserve of 3% of their total expenses. LUSD's Board requires the district to hold an additional 2% reserve. Those equal to 9.4 million, which is less than one month of payroll for LUSD.
- Revolving cash is utilized for incidental expenses.
- Stores is an estimate of inventory located in the district's warehouse.
- Prepaid expenditures are a balance of funds for the few items paid for in advance, such as field trip deposits.
- Restricted programs have ending balances when the district plans to budget the grant in future years.

- Enrollment Mitigation is ending balance the Board committed in June 2024 to help offset ADA decreases LUSD is projecting.
- The energy project is ending balance the Board committed in June 2024 for debt service payments for a completed energy reduction project.
- The Reserve requirements assignment is projected to become part of the reserve requirements in the two projected years.
- Due to the timing between the release of the new SELPA Model, the board meeting, and the budget deadline, the district utilized the Santa Barbara County SELPA 2024-25 Funding Model (November 2024) for this projection.

Other Funds - Ending Fund Balance		
Student Activity	Fund 08	\$ 861,941
Adult Education	Fund 11	\$ 1,399,373
Cafeteria Special Revenue/Child Nutrition Services	Fund 13	\$ 7,452,116
Deferred Maintenance	Fund 14	\$ 27,147
Special Reserve	Fund 17	\$ 16,855,469
Capital Facilities (Developer Fees)	Fund 25	\$ 737,631
County School Facilities	Fund 35	\$ 53,045
Special Reserve for Capital Outlay Projects	Fund 40	\$ 558,807
Bond Interest and Redemption	Fund 51	\$ 6,016,914

Fund 01, the General Fund, is the chief operating fund for all districts. It accounts for the district's ordinary operations. All transactions except those accounted for in these other funds are accounted for in the General Fund. This chart describes the activity for funds outside of the General Fund 01 and currently used by the district. The descriptions of these funds are included in the California School Accounting Manual which is posted on the district's website.

Fund 08 is the Student Activity Special Revenue Fund for the Associated Student Body activities that do not meet fiduciary activity criteria but are determined to be governmental activities.

Fund 11 accounts separately for federal, State, and local revenues that are restricted or committed to the activities of the Lompoc Adult School & Career Center program.

Fund 13 accounts separately for federal, State, and local resources needed to operate the Child Nutrition Services program.

Fund 14 accounts separately for restricted or committed revenues for deferred maintenance purposes.

Fund 17 is the Special Reserve. It is an extension of the General Fund where the district can hold fund balance for future needs or contingencies. Districts must transfer funds from the Special Reserve into the General Fund or other appropriate funds before expenditures may be made. In the Multi-year projection, almost \$16.8 million is transferred to Fund 01 in the two subsequent years to meet reserve requirements in the three-year projection.

Fund 25 accounts for money received from fees levied on development projects. Guidelines, procedures, and restrictions regarding the levying of Developer Fees are primarily found within AB2926, AB1600, and AB181. Use of these funds must

be related to new students generated by residential, commercial, or industrial projects.

Fund 35 was established to receive apportionments from the State School Facilities Fund. A State Charter School Program grant allocated these funds for some of the design costs related to the Manzanita Public Charter School (MPCS) Public Schools on Military Installations (PSMI) project.

Fund 40 exists primarily to reserve general fund money for capital outlay purposes. This is a small balance of funds set aside for several projects.

Fund 51 is used to repay Measure N 2002 bonds issued by the district. The SBCEO maintains control over this Fund.

FACTORS IMPACTING THE 2024-25 BUDGET

- ❖ The latest Governor's proposed budget for 2025-26 includes a reduction in the cost-of-living adjustment (COLA) rate from 2.93% to 2.43%, decreasing LCFF revenue by approximately \$600k included in 2nd Interim.
- ❖ Other State Revenue is expected to increase by approximately \$3.5 million due to new grant funding, including from the Department of Health Care Access.
- ❖ Ongoing expenses are projected to exceed revenues, depleting Special Reserves. With salaries and benefits making up 68% of expenses, reducing deficit spending may require revisiting staffing formulas based on student attendance.
- ❖ Due to the timing between the release of the new SELPA Model, the board meeting, and the budget deadline, the district utilized the Santa Barbara County SELPA 2024-25 Funding Model (November 2024) for this projection.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 6,048,418.10
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 121,183,120.13

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.99%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. 0.00
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment	
The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates	

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	10,075,591.98
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	(518,041.41)
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (5.73%) times Part III, Line B19); zero if negative	804,783.77
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (5.73%) times Part III, Line B19) or (the highest rate used to recover costs from any program (5.73%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	804,783.77
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	804,783.77

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
