BOARD OF EDUCATION BUSINESS MEETING
Tuesday, August 15, 2017

NOTE TO CITIZENS IN ATTENDANCE

The Board of Education conducts Business and Executive Meetings.

Business Meetings are those at which the Board of Education acts on the vast majority of items under its jurisdiction. The meetings are open to the public and citizens are allowed to speak. The Board welcomes comments from citizens. It does, however, respectfully suggest that citizens attempt to resolve concerns by speaking directly to school administrators before bringing it to the Board. Individuals with a relevant interest in the function or duties of the Board are invited to speak a maximum of five (5) minutes on any one issue. You are required to give your name and address before speaking.

Executive Meetings are conducted when the Board of Education must review and discuss confidential matters. By illustration, pending legal cases, personnel matters, and collective bargaining proposals are appropriate reasons for the Board to hold an Executive Session. These meetings are not open to the public.

Mission Statement

The Mission of the Pennsauken Public School District is to provide a safe, challenging, and enriching learning environment for all students that leads to academic success and the development of personal responsibility and self-directed lifelong learning needed to become contributing members of a diverse, global society.

78. RECOMMEND the Pennsauken Board of Education approve per 6A:26-7.5 to close Longfellow Elementary School on July 1, 2018 pending the County Superintendent and NJDOE Division of School Facilities approval. The Pennsauken Board of Education provides the following assurances:

The proposed closing is consistent with the school district's approved LRFP because the school district has demonstrated the sufficient school-building capacity exists to house students for the five years following the closing. The district will amend its LRFP at the NJDOE's direction before or after the new software is released.

The use of temporary facilities in the remaining schools does not result or increase from an overall facilities shortage by the school closing.

The re-assignment of students to other schools in the district does not produce, sustain, or contribute to unlawful segregation, separation, or isolation of student populations on the basis of race or national origin.
