BOARD OF EDUCATION BUDGET MEETING
Wednesday, February 25, 2015

VISION

The Pennsauken Schools will foster diversity and talent as well as prepare students with the knowledge, higher-order thinking skills, and communication-readiness for college, career, and workforce success.

MISSION

In partnership with parents and community stakeholders, the Pennsauken School District will provide continuous student academic improvement for the pursuit of life-long learning and happiness.

BELIEF STATEMENTS

Potential:

The district believes that all students have great potential to become innovators of the next generation. It is our responsibility to educate all students to their fullest potential and to foster an expectation for high performance. This requires adopting a positive attitude that drives the belief that with a high quality education and appropriate supports, students can be successful regardless of circumstances.

Diversity:

The district believes that our strength is in our diversity. Diversity enhances learning. The individuality and uniqueness of all school community members will be fostered and celebrated.

Accountability:

The district will make all decisions in the best interests of all students by aligning our vision and mission with policies, budgets, guidelines, curricula and district performance data. Students should be afforded a highly effective educator in each classroom, differentiated instruction and alternative ways of learning. We believe that the current disparity in academic performance between different groups of students can and must be eliminated.

Responsiveness:

The district believes that communicating consistently with respect and honesty builds relational trust. Mutual trust fuels responsiveness that focuses appropriately to address the needs of each school community member. The district should be responsive to the needs of students in an evolving educational world and society.
