**BOARD OF EDUCATION BUSINESS MEETING**

Thursday, December 19, 2013

**VISION**

The Pennsauken Schools will foster diversity and talent as well as prepare students with the knowledge, higher-order thinking skills, and communication-readiness for college, career, and workforce success.

**MISSION**

In partnership with parents and community stakeholders, the Pennsauken School District will provide continuous student academic improvement for the pursuit of life-long learning and happiness.

**BELIEF STATEMENTS**

- Potential:** The district believes that all students have great potential to become innovators of the next generation. It is our responsibility to educate all students to their fullest potential and to foster an expectation for high performance. This requires adopting a positive attitude that drives the belief that with a high quality education and appropriate supports, students can be successful regardless of circumstances.
- Diversity:** The district believes that our strength is in our diversity. Diversity enhances learning. The individuality and uniqueness of all school community members will be fostered and celebrated.
- Accountability:** The district will make all decisions in the best interests of all students by aligning our vision and mission with policies, budgets, guidelines, curricula and district performance data. Students should be afforded a highly effective educator in each classroom, differentiated instruction and alternative ways of learning. We believe that the current disparity in academic performance between different groups of students can and must be eliminated.
- Responsiveness:** The district believes that communicating consistently with respect and honesty builds relational trust. Mutual trust fuels responsiveness that focuses appropriately to address the needs of each school community member. The district should be responsive to the needs of students in an evolving educational world and society.

**NOTE TO CITIZENS IN ATTENDANCE**

The Board of Education conducts Conference, Business and Executive Meetings.

Conference Meetings allow the members of the Board of Education to review and discuss school-related matters. **PUBLIC COMMENT**

The Pennsauken Township Board of Education recognizes that the schools are the concern of all members of the community. With this in mind, the Board of Education welcomes and solicits input from the public. During the regular monthly Business Meeting, members of the community are afforded an opportunity to express their views. It does, however, respectfully suggest that citizens attempt to resolve concerns by speaking directly to school administrators before bringing it to the Board. Individuals with a relevant interest in the functions or duties of the Board are invited to speak a maximum of five (5) minutes on any one issue. You are required to give your name and address before speaking.
