Register by March 16 at
stemcareerday.goodyear.com

Rube Goldberg Machine Contest®

Design a clever Rube Goldberg Machine®, utilizing STEM principles, to crush an aluminum can!

Students may participate as part of a school or group to win great prizes, including significant STEM grant money.

View rules and how to apply at
stemcareerday.goodyear.com.

Applications are due March 21, 2025.

2025 STEM CAREER DAY EVENTS

- For more than 25 years, Goodyear has engaged with Northeast Ohio students through our annual STEM Career Days. At these events, Goodyear aims to inspire students to reach their full potential and prepare for careers in science, technology engineering and mathematics.
- Through interactive hands-on activities, engaging speaker sessions, speed mentoring, a tour of the University of Akron (high school students), an information and company fair and more at both the middle school and high school events, students interact with Goodyear associates and local STEM professionals to learn about opportunities in STEM.
- Most up-to-date information related to these events is found on stemcareerday.goodyear.com.
- Online registration on our website is required.
- **High School Event:** Saturday, Feb.8, 2025 (Registration closes Jan. 10, 2025)
- **Middle School Event:** Saturday, April 5, 2025 (Registration March 7, 2025)
- For the 2025 High School STEM Career Day, Goodyear, along with The Goodyear Women's Network are funding **scholarships** for **high school senior students** that will attend any accredited college or university program to pursue a bachelor's degree in a Goodyear STEM discipline, listed on the website. Up to eighteen scholarships will be awarded to students.
- Create a team for the **Goodyear STEM Career Day Rube Goldberg Challenge to win grants and prizes**. For the high school challenge, a letter of intent (template provided on the website) is due Dec. 31, 2024. High school applications are due Jan. 29, 2025. For the middle school challenge, applications are due March 21, 2025.
