

# **Grade 7 Math School Home Letters**

(English pg.1 / Spanish pg.2 / Portuguese pg.3 / Creole pg.4)

**Module 1** - [Identify and Represent Proportional Relationships](#)

**Module 2** - [Proportional Reasoning with Percents](#)

**Module 3** - [Understand Addition and Subtraction of Rational Numbers](#)

**Module 4** - [Add and Subtract Rational Numbers](#)

**Module 5** - [Multiply and Divide Rational Numbers](#)

**Module 6** - [Solve Multi-Step Problems Using Rational Numbers](#)

**Module 7** - [Solve Problems Using Expressions and Equations](#)

**Module 8** - [Solve Problems Using Inequalities](#)

**Module 9** - [Draw and Analyze Two-Dimensional Figures](#)

**Module 10** - [Analyze Figures to Find Circumference and Area](#)

**Module 11** - [Analyze Surface Area and Volume](#)

**Module 12** - [Proportional Reasoning and Samples](#)

**Module 13** - [Use Statistics and Graphs to Compare Data](#)

**Module 14** - [Understand and Apply Experimental Probability](#)

**Module 15** - [Understand and Apply Theoretical Probability](#)
