Geometry School Home Letter

(English pg.1 / Spanish pg.2 / Portuguese pg.3 / Creole pg.4)

Module 1 - Geometry in the Plane

Module 2 - Tools for Reasoning and Proof

Module 3 - Lines and Transversals

Module 4 - Lines on the Coordinate Plane

Module 5 - Transformations that Preserve Size and Shape

Module 6 - Transformations that Change Size and Shape

Module 7 - Congruent Triangles and Polygons

Module 8 - Triangle Congruence Criteria

Module 9 - Properties of Triangles

Module 10 - Triangle Inequalities

Module 11 - Quadrilaterals and Polygons

Module 12 - Similarity

Module 13 - Trigonometry with Right Triangles

Module 14 - Trigonometry with All Triangles

Module 15 - Angles and Segments in Circles

Module 16 - Relationships in Circles

Module 17 - Circumference and Area of a Circle

Module 18 - Surface Area

Module 19 - Volume

Module 20 - Probability of Multiple Events

Module 21 - Conditional Probability and Independence of Events
