Algebra 2 School Home Letters

(English pg.1 / Spanish pg.2 / Portuguese pg.3 / Creole pg.4)

Module 1 - Analyze Functions

Module 2 - Solve Quadratic Equations and Systems

Module 3 - Polynomial Functions

Module 4 - Function Operations and Polynomials

Module 5 - Polynomial Equations

Module 6 - Rational Exponents and Radical Operations

Module 7 - Radical Functions and Equations

Module 8 - Exponential Functions

Module 9 - Logarithmic Functions

Module 10 - Exponential and Logarithmic Equations

Module 11 - Rational Functions

Module 12 - Rational Expressions and Equations

Module 13 - Explicit Formulas for Sequences and Series

Module 14 - Recursive Formulas for Sequences

Module 15 - Unit-Circle Definition of Trigonometric Functions

Module 16 - Graph Trigonometric Functions

Module 17 - Probability of Compound Events

Module 18 - Probability and Decision Making

Module 19 - Data Distributions

Module 20 - Make Inferences from Data
