

The Friends of the Franklin County Library are interested in finding a recipient for annual scholarship. The amount is \$1000.00. We would like to find a person who is not the typical high achieving student. We are looking for someone on a vocational track, a GED recipient, Homeschooler, or other non-typical possible recipients. Think about someone who is overcoming difficulties. Someone who may not have confidence to apply for a scholarship. It is our desire to find a person who may not be otherwise eligible for scholarships.

Attached you will find the application to be completed by the student. Paper copies are in the Guidance Office, either the Eastpoint or the Carrabelle Public Libraries, or email [katio2610@yahoo.com](mailto:katio2610@yahoo.com) Please consider and support a person who may be striving and need encouragement.
