District and School Websites

To enhance communication with students, parents/guardians, staff, and community members, the Board of Education encourages the Superintendent or designee to develop and maintain District and school websites. The use of District and school websites shall support the District's vision and goals and shall be coordinated with other District communications strategies.

Design Standards

The Superintendent or designee shall establish design standards for District and school websites in order to maintain a consistent identity, professional appearance, and ease of use.

District design standards shall require an evaluation of products, features, and content accessible to students on District and school websites to prevent access to harmful or potentially harmful material.

The District's design standards shall address the accessibility of District and school websites to individuals with disabilities, including compatibility with commonly used assistive technologies.

Website Content

The Superintendent or designee shall develop content guidelines for District and school websites and shall assign staff to review and approve content prior to posting.

Board policy pertaining to advertising in District and school publications, as specified in Board Policy 1325 - Advertising and Promotion, shall also apply to advertising on District and school websites.

Privacy Rights

The Superintendent or designee shall ensure that the privacy rights of students, parents/guardians, staff, Board members, and other individuals are protected on District and school websites.

Telephone numbers and home and email addresses of students and/or their parents/guardians shall not be published on District or school websites.

Photographs of individual students shall not be published on District or school websites accompanied by the student's name or other personally identifiable information without the prior written consent of the student's parent/guardian.

If students' names are not included, photographs of individual students or groups of students, such as at a school event, may be published on school or District websites.
