Interest budget based on prior year's actual interest revenue. Transportation Cost for 24-25 based on adding on additional day per month on top of MPESD adopted calendar. Projection for the following years based on Projection Dartboard California CPI increase of 2.86% in 25-26 and 2.81% in 26-27. Property & Liability Insurance, Data Processing Services, Legal Advertising and Telephone Expenses based on California CPI 2.86% in 25-26 and 2.81% in 26-27. Audit Cost – Based on Auditor Contract Agreement prior year increases. Transportation Coordinator salary based on MPESD 23-24 Management Salary Schedule Range A Step 7 and \$17,500 Health & Welfare, projected with estimated CalPERS rate adjustments for 25-26 and 26-27. Administrative Cost – 3rd year of 5-year term contract. No change in annual cost.						

Provide methodology and assumptions used to estimate revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments). Deviations from the standards must be explained and may affect the interim certification.

Note: This form is the same as the school district criteria and standards review except for the average daily attendance, enrollment, ADA to enrollment, LCFF revenue, and ongoing and major maintenance account criteria, which are not applicable to JPAs, and the salaries and benefits and deficit spending criteria which measure unrestricted expenditures for districts but total expenditures for JPAs. The criteria and standards review should be completed only to the extent that individual components apply to each JPA, and with concurrence from the reviewing agency.

CRITERIA AND STANDARDS

1.

CRITERION: Average Daily Attendance

This criterion is not checked for JPAs.
2.

CRITERION: Enrollment

This criterion is not checked for JPAs.
3.

CRITERION: ADA to Enrollment

This criterion is not checked for JPAs.
4.

CRITERION: Local Control Funding Formula (LCFF) Revenue

This criterion is not checked for JPAs.

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total salaries and benefits to total general fund expenditures for any of the current fiscal year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the JPA's required reserves percentage.

5A. Calculating the JPA's Historical Average Ratio of Salaries and Benefits to Total General Fund Expenditures

DATA ENTRY: Unaudited Actuals data that exist for the First Prior Year will be extracted; otherwise, enter data for the First Prior Year. Unaudited Actuals data for the second and third prior years are preloaded.

Fiscal Year	Unaudited Actuals		Ratio of Salaries and Benefits to Total Expenditures

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state and other local) or expenditures (including books and supplies, and services and other operating), for any of the current fiscal year or two subsequent fiscal years, have not changed by more than five percent since budget adoption. Changes that exceed five percent in any major object category must be explained.

JPA's Other Revenues and Expenditures Standard Percentage Range:	-5.0% to +5.0%
JPA's Other Revenues and Expenditures Explanation Percentage Range:	-5.0% to +5.0%

6A. Calculating the JPA's Change by Major Object Category and Comparison to the Explanation Percentage Range

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column. First Interim data for Current Year are extracted. If First Interim Form MYPI exists, data for the two subsequent years will be extracted; if not, enter data for the two subsequent years into the second column. Explanations must be entered for each category if the percent change for any year exceeds the JPA's explanation percentage range.

7. **CRITERION: Facilities Maintenance**

STANDARD: Identify changes that have occurred since budget adoption in the projected contributions for facilities maintenance funding as required pursuant to Education Code Section 17070.75, or in how the JPA is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the JPA's Compliance with the Contribution Requirement for EC Section 17070.75 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

This criterion is not checked for JPAs.

8. CRITERION: Deficit Spending

STANDARD: Deficit spending (total expenditures and other financing uses is greater than total revenues and other financing sources) as a percentage of total expenditures and other financing uses, has not exceeded one-third of the JPA's available reserves¹ as a percentage of total expenditures and other financing uses² in any of the current fiscal year or two subsequent fiscal years.

¹Available reserves are the amounts in the Stabilization Arrangements, Reserve for Economic Uncertainties, and Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund. ²A JPA that is the Administrative Unit of a Special Education Local Plan Area(SELPA) may exclude from its expenditures the distribution of funds to its participating members.

8A. Calculating the JPA's Deficit Spending Standard Percentage Levels

SUPPLEMENTAL INFORMATION

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

S1. Contingent Liabilities

- 1a. Does your JPA have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that have occurred since budget adoption that may impact the budget?

No

- 1b. If Yes, identify the liabilities and how they may impact the budget:

S2. Use of One-time Revenues for Ongoing Expenditures

- 1a. Does your JPA have ongoing general fund expenditures funded with one-time revenues that have changed since budget adoption by more than five percent?

No

- 1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

S3. Temporary Interfund Borrowings

- 1a. Does your JPA have projected temporary borrowings between funds?
(Refer to Education Code Section 42603)

No

- 1b. If Yes, identify the interfund borrowings:

S4. Contingent Revenues

- 1a. Does your JPA have projected revenues for the current fiscal year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

No

- 1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

S5. Contributions

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the current fiscal year and two subsequent fiscal years. Provide an explanation if contributions have changed by more than \$20,000 and more than five percent since budget adoption.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the current fiscal year and two subsequent fiscal years. Provide an explanation if contributions have changed by more than \$20,000 and more than five percent since budget adoption.

Identify capital project cost overruns that have occurred since budget adoption that may impact the general fund budget.

JPA's Contributions and Transfers Standard:

-5.0% to 5.0% or -\$20,000 to +\$20,000

S5A. Identification of the JPA's Projected Contributions, Transfers, and Capital Projects that may Impact the General Fund

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The JPA must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the JPA governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1.

Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

n/a

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2.

If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review. DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9 except items A3 and A4, which are not applicable for JPAs; Item A1 is automatically completed based on data from Criterion 9.

A1. Do cash flow projections show that the JPA will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)

No

A2. Is the system of personnel position control independent from the payroll system?

No

A3. Is enrollment decreasing in both the prior and current fiscal years?

n/a

A4. Are new charter schools operating in JPA boundaries that impact the JPA's enrollment, either in the prior or current fiscal year?

n/a

A5. Has the JPA entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?

No

A6. Does the JPA provide uncapped (100% employer paid) health benefits for current or retired employees?

No

A7. Is the JPA's financial system independent of the county office system?

No

A8. Does the JPA have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education.)

No

A9. Have there been personnel changes in the JPA director or financial official positions within the last 12 months?

No

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.

Dear Board President Elida MacArthur, Ed.D.,

Subject: Approval of the East Valley Schools Transportation Agency 2024-25 Adopted Budget

In accordance with Education Code (EC) Sections 42127, the Santa Clara County Superintendent of Schools (County Superintendent) is to complete a review of the East Valley Schools Transportation Agency's (JPA) 2024-25 Adopted Budget and determine if it is consistent with the State-Adopted Criteria and Standards pursuant to EC 33127.

Based on the review performed, SCCOE staff concludes that the JPA will be able to meet its financial obligations for the current fiscal year and the two subsequent years. Therefore, the JPA's Budget is approved at this time.

I would like to recognize and thank the Board and leadership team for their efforts in the development and submission of the Adopted Budget. Additionally, I would like to thank the business office team for all their hard work throughout the budget development process. I appreciate the timely submission of your Budget and await your First Interim Report, which must be filed with our office no later than December 16, 2024. If you have any questions or concerns, please contact your District Business Advisor, Ann Redd at (408) 453-6593.

Sincerely,

A handwritten signature in blue ink that reads "Mary Ann Dewan".

Report on the Audit of the Financial Statements***Opinions***

We have audited the financial statements of the governmental activities and the major fund of East Valley Schools Transportation Agency as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise East Valley Schools Transportation Agency's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of East Valley Schools Transportation Agency, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards (*Government Auditing Standards*), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of East Valley Schools Transportation Agency, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about East Valley Schools Transportation Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of East Valley Schools Transportation Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about East Valley Schools Transportation Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 to 9 and the General Fund Budgetary Comparison Schedule, on page 20, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

(Continued)

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the East Valley Schools Transportation Agency's basic financial statements. The accompanying supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and, except for that portion marked "unaudited," was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. That information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, that information is fairly stated in all material respects in relation to the basic financial statements as a whole. The information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the Organization but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2024 on our consideration of East Valley Schools Transportation Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of East Valley Schools Transportation Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering East Valley Schools Transportation Agency's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2024

This section of the East Valley School Transportation Agency's 2023-24 annual financial report presents the Management's Discussion and Analysis (MD&A) of the Agency's financial performance during the fiscal year ending June 30, 2024. Please read it with the Agency's audited financial statement, which follows this section immediately.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Basic Financial Statement

The Basic financial statements presented herein include all activities of the East Valley Schools Transportation Agency as prescribed by Governmental Accounting Standards Board Statement Number 34.

The *Government-Wide Financial Statement* presents the Agency's financial picture from the economic resource measurement focus using the accrual basis of accounting. These statements include all assets of the Agency as well as all liabilities.

The *Governmental Activities* are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

The Primary unit of government is the East Valley Schools Transportation Agency.

FINANCIAL HIGHLIGHTS OF THE PAST YEAR

REPORTING THE AGENCY AS A WHOLE

The Statement of Net Assets and the Statement of Activities

The *Statement of Net Assets and the Statement of Activities* report information about the Agency as a whole. These statements include *all* assets and *all* liabilities of the Agency using the accrual basis of accounting, similar to the accounting used by most private-sector companies. The current year's revenues and expenses are accounted for regardless of when cash is received or paid.

These statements report the Agency's *net assets* and the changes in them. Net assets are the difference between assets and liabilities, which is one way to measure the Agency financial health, or what is called *financial position*.

The relationship between revenues and expenses is the Agency operating results. Since the Board's responsibility is to provide services to our students and not to generate a profit as a commercial entity would do, one must consider other factors when evaluating the *overall health* of the Agency.

Governmental activities – Most of the Agency services are reported in this category. The Agency revenues include interest income, and member Districts pay the excess costs. The Agency charges fees to cover the costs of certain services it provides.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2024

THE AGENCY AS TRUSTEE

Reporting the Agency's Fiduciary Responsibilities

The Agency is the trustee, or *fiduciary*, for funds held on behalf of others (such as the funds for excess costs). The districts pay estimated Excess Costs to cover the costs of transportation and operations. These costs are billed quarterly as an estimated cost. At the close of the fiscal year, actual excess costs are calculated, and any overpayments are refunded to the members. If a district has an underpayment, JPA sends an invoice to bill the difference. The Agency is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

THE AGENCY AS A WHOLE

Our analysis below focuses on the revenues.

<u>Table 1</u>		
East Valley Schools Transportation Agency		
Revenues Comparison		
	<u>2023-24</u>	<u>2022-23</u>
Interest	\$33,688	\$24,678
Excess Cost	\$2,432,320	\$2,397,459
Total Revenues	<u>\$2,466,008</u>	<u>\$2,422,137</u>

In the fiscal year 2015-16, State apportionment for Special Ed Transportation funding was distributed directly to the district members, including in their LCFF calculation. Since the JPA did not receive the state apportionment, the excess cost shifted to billables for District members. Excess cost is the difference between the total expenditure and the total revenue. The JPA billed the estimated excess cost quarterly and true up the final costs charged to each District Member at the end of the fiscal year.

Net Position

The Agency's net position was \$308,901 for the fiscal year ending June 30, 2024. This entire amount was restricted. See Table 2.

To support the cash flow, the Board approved Resolution 17/18-06 on June 6, 2018, to recalculate the Reserve every three years. At the end of 2023-24, the Reserve amount has been updated with a charge of 10% based on the expenditure of the 2023-24 Budget. This Ending Fund Balance of \$308,901 will remain the same until the next update in 2026-27.

The \$308,901 in restricted net position of governmental activities represents the *Reserve* provided by six member districts at start-up for cash flow purposes. See Table 3.

JUNE 30, 2024

Governmental Activities

The total cost of services increased by \$60,735 (or 2.51%) in 2023-24 compared to 2022-23. The total transportation cost for the entire school year in 2023-24 was \$2,269,518. It was an increase of \$33,551 (or 1.5%). The number of ridership decreased by six, and the number of routes had no change. See Table 4.

General Fund Budgetary Highlights

Over the year, the Agency revised its budget to deal with unexpected changes in revenues and expenditures. The Board adopted the Budget on June 7, 2023. The Board approved the Unaudited Actual with the Revised Budget on September 4, 2024. See Table 5.

Change in Fund Balance	<u>\$ -</u>	<u>\$ -</u>	<u>\$ (16,864)</u>

The changes between the Adopted Budget and the Unaudited Actual were due to reduced transportation costs. The adopted budget was based on a projection of 110 students with 26 bus routes. However, all member districts had a decline in enrollment and three bus routes had been reduced.

The student count that the JPA transported in the year fluctuated monthly. Based on the agreement of the Board, the JPA used the annual average count to charge the district members. The actual average count was 100 students, 10 students less than the count estimated at the budget adoption.

Contracted personnel costs increased by 5% for the JPA Transportation Scheduler, and the annual benefits cap increased from \$15,500 to \$17,500.

At the end of 2023-24, the updated reserve amount changed from \$325,765 to 308,901 reduced the Fund Balance by \$16,864.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2024

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

In considering the Agency Budget for the 2024-25 fiscal year, the Governing Board and Management used the following criteria and assumptions:

The key assumptions in the revenue projection are:

1. Interest revenue is based on the prior year's estimated actual earnings.
2. Local revenues (excess cost) are projected to increase proportionally based on the increase in total expenditures.

The key assumptions in the expenditure projection are:

1. The new rates of the transportation contract for 2024-25 increased by approximately 20%. The budget was proposed with the transportation service costs of 23 bus routes.
2. Contracted personnel cost has no change. The PERS rate has been updated for the budget year and the two subsequent years.
3. All other costs are projected to increase based on the estimated California CPI increase.
4. Ridership is projected with a total of 99 students.

EAST VALLEY SCHOOLS TRANSPORTATION AGENCY
(A JOINT POWERS AUTHORITY)
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization: East Valley Schools Transportation Agency (the "Agency") was organized as a joint powers authority on July 1, 1996. The purpose of the Agency is to provide transportation services for the students of the member Districts. The Agency is an entity separate and distinct from each of its participant Districts. Each member District has two representatives on the Governing Board. Each member of that Board has equal voting rights. The Governing Board has decision-making authority which includes the power to appoint management and the ability to significantly influence operations. The member Districts are as follows:

- Berryessa Union School District
- Evergreen School District
- Franklin-McKinley School District
- Milpitas Unified School District
- Mount Pleasant Elementary School District
- Orchard School District

Reporting Entity: The Governing Board is the level of government which has governance responsibilities over all activities related to East Valley Schools Transportation Agency. The Board is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board (GASB) since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters.

Basis of Presentation - Financial Statements: The basic financial statements include a Management's Discussion and Analysis (MD & A) section providing an analysis of the Agency's overall financial position and results of operations, financial statements prepared using full accrual accounting for all of the Agency's activities, including infrastructure, and a focus on the major funds in the fund financial statements.

Basis of Presentation - Government-Wide Financial Statements: The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Codification Section (GASB Cod. Sec.) N50.118-.121.

Program revenues: Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the Agency's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Agency's general revenues.

Allocation of indirect expenses: The Agency reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. No indirect expenses have been allocated for the year ended June 30, 2024.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

(Continued)

EAST VALLEY SCHOOLS TRANSPORTATION AGENCY
(A JOINT POWERS AUTHORITY)
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation - Fund Accounting: The accounts of the Agency are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues and expenditures. Agency resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The Agency only operates a General Fund.

Receivables: Receivables are made up of amounts due from member Districts for services provided. The Agency has determined that no allowance for doubtful accounts was needed as of June 30, 2024.

Accrual: Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Fund Balance Classifications: GASB Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

A - Nonspendable Fund Balance:

The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash, prepaid expenditures and stores inventory. At June 30, 2024, the Agency had no nonspendable fund balances.

B - Restricted Fund Balance:

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide statements.

C - Committed Fund Balance:

The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Governing Board. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. At June 30, 2024 the Agency had no committed fund balances.

D - Assigned Fund Balance:

The assigned fund balance classification reflects amounts that the Agency's Governing Board has approved to be used for specific purposes, based on the Agency's intent related to those specific purposes. At June 30, 2024, the Agency had no assigned fund balances.

E - Unassigned Fund Balance:

The unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes. At June 30, 2024, the Agency had no unassigned fund balances.

(Continued)

EAST VALLEY SCHOOLS TRANSPORTATION AGENCY
(A JOINT POWERS AUTHORITY)
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Policy: The Agency has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

While GASB Cod. Sec. 1300 and 1800 do not require the Agency to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements, if they have been adopted by the Governing Board. At June 30, 2024, the Agency has not established a minimum fund balance policy nor has it established a stabilization arrangement.

Modified Accrual: The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

Cost of Transportation: The Agency has contracted with an outside transportation service to furnish, operate and maintain the school buses required by the Agency. The contract is subject to renewal annually by mutual agreement. Each member District makes payment to the Agency, based upon the District's actual bus usage.

Restricted Net Position: Restrictions of the ending net position indicate the portions of net position not appropriable for expenditure or amounts legally segregated for a specific future use. The restricted net position represents the amounts restricted for transportation services to students.

Budget and Budgetary Accounting: Annually, the Agency's Governing Board adopts a budget. Formal budgetary integration was employed as a management control device during the year. The Agency employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account. The originally adopted and final budget for the General Fund are presented as Required Supplementary Information.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

NOTE 2 - CASH AND INVESTMENTS

Cash and investments at June 30, 2024 consisted of the following:

Pooled funds:

Cash in County Treasury	\$ <u>616,624</u>
-------------------------	-------------------

Pooled Funds: In accordance with Education Code Section 41001, the Agency maintains substantially all of its cash in the interest bearing Santa Clara County Treasurer's Pooled Investment Fund. The Agency is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the Agency's prorated share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis. The pooled funds provide for daily redemptions by the Agency with no advance notice requirements and has redemption prices that are determined based on the pro rata share of that portfolio.

In accordance with applicable state laws, the Santa Clara County Treasury may invest in derivative securities. However, at June 30, 2024 the Santa Clara County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

Investment Interest Rate Risk: The Agency does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2024, the Agency had no significant interest rate risk related to cash and investments held.

Investment Credit Risk: The Agency does not have a formal investment policy that limits its investment choices other than the limitations of state law.

Concentration of Investment Credit Risk: The Agency does not place limits on the amount it may invest in any one issuer. At June 30, 2024, the Agency had no concentration of credit risk.

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Average Daily Attendance: Average daily attendance is a measurement of the number of pupils attending classes in the Local Educational District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. Because East Valley Schools Transportation Agency is a transportation joint powers authority, and not a school district, this schedule is not applicable.

Schedule of Instructional Time: The Schedule of Instructional time is a schedule required by the State of California's *Standards and Procedures for Audits of California K-12 Local Educational Agencies*, as a measurement of the amount of instructional time offered to pupils of school districts. Because East Valley Schools Transportation Agency is a transportation joint powers authority, and not a school district, this schedule is not applicable.

Reconciliation of Unaudited Actual Financial Report with Audited Financial Statements: This schedule provides the information necessary to reconcile the fund balance of all funds as reported on the Unaudited Actual Financial Report to the audited financial statements.

Schedule of Financial Trends and Analysis – Unaudited: This schedule provides information on the Agency's financial condition over the past three years and its anticipated condition for the 2023-2024 fiscal year.

Schedule of Charter Schools: This schedule provides information for the California Department of Education to monitor financial reporting by Charter Schools. Because East Valley Schools Transportation Agency is a transportation joint powers authority, and not a District, this schedule is not applicable.

NOTE 2 - EARLY RETIREMENT INCENTIVE PROGRAM

Education Code Section 14503 requires certain disclosure in the financial statements of districts which adopt Early Retirement Incentive Programs pursuant to Education Code Sections 22714 and 44929. For the fiscal year ended June 30, 2024, the Agency did not offer an Early Retirement Incentive Program.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

To the Governing Board
East Valley Schools Transportation Agency
San Jose, California

Report on Compliance***Disclaimer Opinion on State Compliance***

We have audited East Valley Schools Transportation Agency's (the Agency) compliance with the requirements specified in the State of California *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* applicable to the Agency's state program requirements identified below for the year ended June 30, 2024.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on East Valley Schools Transportation Agency's compliance with the state laws and regulations.

Basis for Disclaimer of Opinion

We did not perform testing of any of the programs listed on the next pages, as these procedures are applicable to a K-12 Local Educational Agency. East Valley Schools Transportation Agency is a joint powers authority and does not participate in or operate any of the programs listed in the *2023-24 Guide or Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*.

The California State Controller's Office and the California Department of Education have classified East Valley Schools Transportation Agency as a K-12 Local Educational Agency, although East Valley Schools Transportation Agency is a transportation joint powers authority. Accordingly, the California State Controller's Office requires that the provisions of the State of California's *2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* be applied. The Audit Guide requires that the Report on State Compliance specifically and separately addresses each of the state compliance requirements included in the Audit Guide that are applicable to the year audited, stating whether or not the Agency is in compliance with those requirements; states that the audit procedures included in the Audit Guide for each requirement were followed in the making of the audit, if that is the case, or, if not, what other procedures were followed; and includes an expression of positive assurance with respect to compliance with applicable laws and regulations for those items tested in accordance with those regulations, and negative assurance for untested items.

We are required to be independent of the Agency and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the Agency's compliance with the compliance requirements referred to below.

(Continued)

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Agency's state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Agency's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Agency's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Agency's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.
- Obtain an understanding of the Agency's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the Agency's compliance with the state laws and regulations applicable to the following items:

We did not perform testing of any of the programs listed on this and the previous page, as these procedures are applicable to a K-12 Local Educational Agency. East Valley Schools Transportation Agency is a transportation joint powers authority and does not participate in or operate any of the programs listed in the Audit Guide.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Governing Board
East Valley Schools Transportation Agency
San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund information of East Valley Schools Transportation Agency as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise East Valley Schools Transportation Agency's basic financial statements, and have issued our report thereon dated September 20, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered East Valley Schools Transportation Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of East Valley Schools Transportation Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of East Valley Schools Transportation Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

(Continued)

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether East Valley Schools Transportation Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
