

Community Schools

February 1st, 2025

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2023-2024 educational progress for Gull Lake Virtual Partnership (GLVP). The AER addresses the complex reporting information required by Federal and State laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Drew Bordner, Assistant Superintendent of Curriculum & Instructional Technology for assistance 269.548.3422.

The AER is available for you to review electronically by visiting the following [website](#) or you may review a copy from the Gull Lake Administrative Office.

For the 2023-2024 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school had at least one underperforming student subgroup in 2023-2024. An Additional Targeted Support (ATS) school had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2023-2024. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2023-2024. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has been labeled a Comprehensive Support and Improvement (CSI) school.

State law requires that we also report additional information.
