Once you have logged in to the student portal, You are greeted with the image below:

You will need to click on the picture of the man in the upper right hand corner of the screen: We are going to setup the students “Account Security Email”, this is used in case a Student forgets their password, they can get a reset sent to the email they assign to the Security Email.

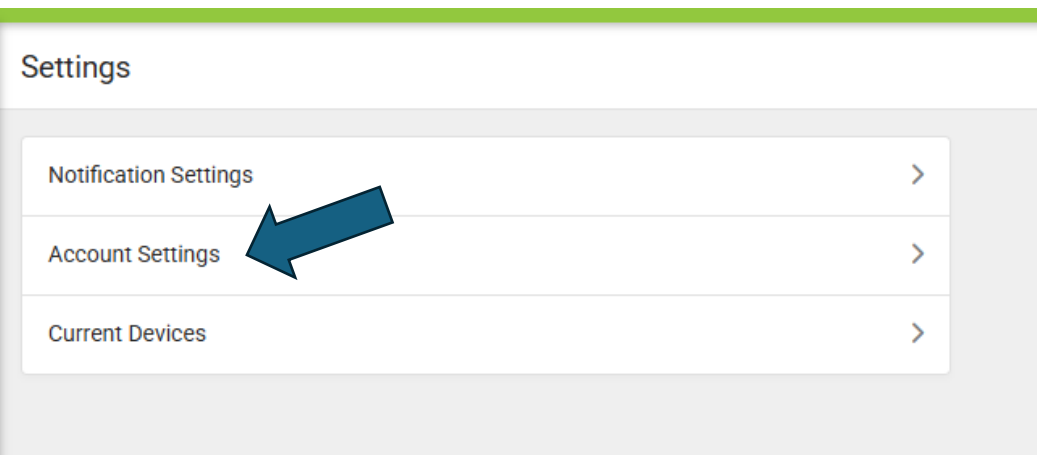

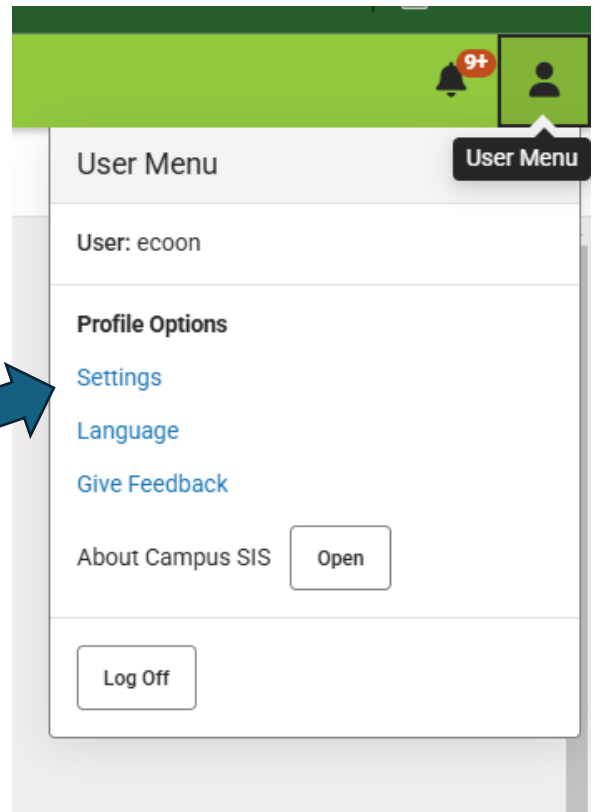

Select **Settings**,

Then **Account Settings**

Then **Add button** in the Account Security Email section.

Enter the email you want the Reset to send an email to should you forget your password.

< Back | Account Settings
