## **In Addition to TUSD’s Standard Facility Use Rules The following applies for the use of Food Trucks on school property**

Commercial food trucks may be allowed on school property for special events if you are able to provide the following documentations at least one week prior to the event:

- A map, signed by the site administrator, indicating where the food truck will be set up/operating. Typically, this will be in the drop-off lane or parking lot of the school, but the food truck must be positioned at least 20 feet from any permanent structure and not block a fire lane or exits. The county requires that this location be within 200 feet of an operating rest room. TUSD requires that there be available trashcans within 10 feet of the front and rear of the food truck.
- A copy of the food truck operator’s current and valid “Operator’s Permit”, issued by Stanislaus County Environmental Health.
- Verification of the food truck’s current propane bottle status. This can be a “self attest” by the truck operator, or it can be a picture of the propane tank’s current hydrostatic test.
- Truck must have one (1) 2A-10BC serviced fire extinguisher.
- A copy of the food truck operator’s current and valid City of Turlock “Business License”.
- A copy of the food truck operator’s current and valid “Certificate of Insurance”, separate from the organization’s insurance.

Additionally, it will remain the responsibility of the organizers of the event, not the food truck operator, to make sure that the entire campus is left as clean as before the event. If custodial hours are required to clean after the event, the event organizers agree to pay for the additional costs to clean up after the event.
