

2025 EDUCATIONAL CAMPS

Science Wonder Lab (incoming 3rd-5th), June 2-5 or June 9-12

Get ready for a hands-on journey into the world of science where curious minds will explore, discover, and innovate. This camp offers an immersive experience designed to build your child's passion for STEAM.

Snap Circuits (incoming 3rd-6th), June 2-5

Learn how simple electricity works by building circuits — sparking fun and creativity.

Oceans Alive (incoming K-2), June 2-5

Young explorers will dive into hands-on activities, stories, and crafts to discover the wonders of marine life.

3D Printing (incoming 4th-6th), June 9-12

Create 3D objects using TinkerCAD and see your creations brought to life.

All Things Art (incoming 4th-6th), June 9-12 or June 23-26

Get ready for a hands-on journey into the world of science where curious minds will explore, discover, and innovate. This camp offers an immersive experience designed to build your child's passion for STEAM.

Living in a Virtual Reality World (incoming 4th-6th), June 23-26

Experience and experiment with the awesome technology of virtual and augmented reality.

The Art Hive (incoming 4th-6th), July 7-10

Complete multiple art projects to build your knowledge in different art forms, including painting, diamond art, illusion drawing, confetti bowls, clay, and paper relief sculpture.

\$125 PER WEEK
