

EXPLORE GCMC

APPLY NOW!

Smaller Classroom Sizes

Our average class size is about twelve to fifteen students per class, giving our students much more one on one time with their teacher, allowing staff to provide additional support and resources.

Academic Rigor

All courses at GCMC are either honors level or Advanced Placement, unless no qualifier for that course exists. Additionally, our students enroll in courses at Greensboro College, earning four credits per course.

Strong Relationships

At GCMC, our motto is "You Belong Here." Our small school setting allows for closer relationships between students, as well as between students and staff. We'd love for you to join our family!
