## **ALL IN:**

Melrose students have been working hard this year learning about the habits and earning blue tallies. We want to celebrate students for the good choices they are making here at school and are launching an ALL IN initiative during the second half of the school year; where students can earn a reward for their positive choices and leadership at Melrose. Each classroom has set an expectation for students to earn under a certain amount of orange tallies during the course of the tracking period. Those who meet this goal will be invited to join in on the reward. For example, students who earn 5 or fewer orange tallies may be able to receive this reward. We understand that orange tallies help to remind students of good behavior choices and that mistakes happen. The first ALL IN reward will take place on February 4th and students who have earned the reward will receive hot chocolate! We can't wait to continue to celebrate our students throughout the remainder of the year!
