FCA

FCA stands for Fellowship of Christian Athletes. It is an international, non-denominational Christian organization that encourages the worship and fellowship of Jesus Christ. You do not have to play a sport to sign up for FCA. Parent permission is required for this club. FCA is technically a student-led organization; however, due to our age group, it has evolved into something a little different at the elementary level. Many of our meetings will be led by an outside guest speaker. The group will meet once a month in the mornings from 6:45 - 7:15.

Available for: **4th & 5th Grade Students**

Science Olympiad

Science Olympiad is an event where students compete as a school team against other schools in categories like bridge-building, investigating a crime scene, building a drop-safe egg container, rocket-launching, rock identification, exploring animal skeletons, map reading, and many more! Each year, our school has a team who trains to represent us at the Northeast Georgia Science Olympiad competition. If your child would like to be considered for the team, a MANDATORY TRYOUT will be required.
