 - Oct All Pro Dad = 19
 - Oct. Muffins for Muffins=43
 - Title 1 Night = 62 (including staff)
 - 1st quarter awards = 44
 - Nov. math/science night = 25
 - Student-led conferences (Feb.)
 - An idea was suggested to student-led learning session where students have stations to share new strategies with parents and 1 station could to share the student work with portfolio.
 - Evening can be self-paced including dinner to help keep rooms from being over
 - Information will be share during Dec. faculty meeting to get staff consensus.
 - 5th parent involvement night off-campus
 - Ms. Thomas wants to create an off-campus night at Claremont. Interesting way to figure out if more parents would be involved if we came to them.
 - Have Title 1 funds available to fund food
 - Ideas were a time to visit the next grade level; movie on the lawn;

- Looking to schedule this in the spring
- A4.06 Attentive to students' social & emotional states
 - Diamonds & Pearls update ~has met 2x's; 12 fifth grade girls; couple activities lined up between now and winter break
 - Men of Training- 8 young men signed up from 4th & 5th.; Steele talked from A&T social justice to come help volunteer; part of M.I.T with schedules in January;
 - Discipline referral update ~ data current through Thanksgiving in SWIS 121 office referrals w/ about 48 = 5th; 22 in 1st & 3rd; 11 in 2nd; 17th in 4th, 1 in Kindergarten
 - Decrease in Nov referrals; lowest since August.
 - Physical aggression highest referral behav. (42) with disruption (38) second highest (disrespect decrease from last year)
 - 71 ISS out of 42 students throughout 88 days of instruction
 - 3 kids OSS for 6 events throughout 6 days of instruction
 - 15 students have 3 or more referrals for 62 of our office referrals. (out of around 460 total enrollment)
- New Business
 - Math fact automaticity focus-
 - Literacy is measured in many different ways between DIBELS and TRC;
 - Research shows students who don't know math facts, don't maintain their stamina to complete the problems because so much brainpower is needed for computations
 - What do we have that can predict and track our students' scores for EOGs? What can we do to have our 5th graders by end of the year to know their multiplication and division?
 - Ideas about CBM's or timed tests to help monitor students' progress.

- Time for vertical alignment to create continuum to share across the school to help push students along
 - Vertical conversation occurs during faculty meeting.
 - Create a team to plan more concretely and will come back to share with Leadership.
- Budget updates
 - Title 1 money needs to be spent by mid/end of January; Approximately 95% has been spent from our Title 1 budget.

Motion to adjourned by Hughes, second by Batts-Elder @ 4:12

Just a reminder you will be asked to share an update about your indicator during the Dec. faculty meeting!

- Next Meeting **Thursday, December 15, 2016** at 3 pm.
