Food & Clothing
Insecurity

What is Food Insecurity?

**The United States Department of
Agriculture defines food
insecurity as**

"limited or uncertain availability of
nutritionally adequate and safe
foods or limited or uncertain
ability to acquire acceptable
foods in socially acceptable
ways."

What is the Food Insecurity in Our Community?

- The Community Food Task Force in Greensboro partners with different groups to help with the need for food during this current state of the nation
- The Executive Director of A Simple Gesture, a program based in Greensboro that addresses food insecurity in Guilford County, states that North Carolina was experiencing “41% food insecurity”

What is Food and Clothing Security in Our School?

There is always a need!!

Panther Boutique

- Currently the Panther Boutique, our clothing closet in the ISS room, is not open, but the need is still there.
- Dudley is accepting donation, but students are not able to access the boutique currently.
- Donations of clear tubs are needed to organize clothes!

Food Pantry

- The food items are not plentiful, and DHS is working with BackPack Beginnings to get the leftover food bags that are brought every Friday to the DHS grab n go feeding site.
 - There are a small number of families who would like to have supplemental food, so NHS and staff may be able to help.
- 

How Does Food Insecurity Affect Learning?

- “ The American Psychological Association reveals the psychological effects of hunger on education. Hunger has been observed to cause depression, anxiety, and withdrawal, all of which are obstructions to a child trying to focus on education.”
- Even though we are amid a global pandemic, the need to address food insecurity is greater than ever. Students need the nutrients and energy to focus as they are at home learning virtually.

What Can You Do??

Spread the word to families that may need the resources!!
